The Oxford History of Classical Reception in English Literature Patrick Cheney, Philip Hardie, 2015-10-29 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in

close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This second volume and third to appear in the series covers the years 1558 1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

A Cultural History of Civil Examinations in Late Imperial China Benjamin A. Elman,2000-03-22 In this multidimensional analysis Benjamin A Elman uses over a thousand newly available examination records from the Yuan Ming and Ch ing dynasties 1315 1904 to explore the social political and cultural dimensions of the civil examination system one of the most important institutions in Chinese history For over five hundred years the most important positions within the dynastic government were usually filled through these difficult examinations and every other year some one to two million people from all levels of society attempted them Covering the late imperial system from its inception to its demise Elman revises our previous understanding of how the system actually worked including its political and cultural machinery the unforeseen consequences when it was unceremoniously scrapped by modernist reformers and its long term historical legacy He argues that the Ming Ch ing civil examinations from 1370 to 1904 represented a substantial break with T ang Sung dynasty literary examinations from 650 to 1250 Late imperial examinations also made Tao Learning Neo Confucian learning the dynastic orthodoxy in official life and in literati culture The intersections between elite social life popular culture and religion that are also considered reveal the full scope of the examination process throughout the late empire
