A history of Cambodia-Thailand Diplomatic Relations 1950-2020. Sok Udom Deth, 2020-07-01 This book aims to provide an analysis of Cambodia Thailand diplomatic relations over the past seven decades specifically from 1950 to 2020 While other academic publications have focused on particular aspects of Cambodian Thai relations e.g border conflicts or cultural ties this book is the first to cover a comprehensive history of diplomatic relations between the two countries starting from the establishment of official diplomatic ties in 1950 to the present In addition to empirical discussion it seeks to explain why Cambodian Thai relationships have fluctuated and what primary factors caused the shifts during the period discussed In doing so it employs the social conflict analysis which views states not as unitary actors but within which are comprised of different societal forces competing with one another and pursues foreign policies in accordance with their own ideology interest and strategy As such it is postulated that Cambodia Thailand diplomatic relations should not be seen simply as relations between two unitary states cooperating with or securitizing against one another but rather as a matrix of intertwining relationships between various social and political groups in both states harboring competing ideologies and or interests to advance their power positions at home

China's Belt And Road Initiative And Building The Community Of Common Destiny Linggui Wang, Jianglin Zhao, 2019-05-09

China's Belt and Road Initiative BRI has attracted growing attention from around the world since it was first announced It is along with the Asian Infrastructure Investment Bank AIIB a critical instrument for realizing what the Chinese government calls the Community of Common Destiny CCD The core idea presented in this volume is that the CCD represents a new paradigm for promoting regional collaboration in socio economic development and plays a crucial role in reshaping the international geopolitical landscape Contributors show that the belief in common development and common security transcends differences in cultural tradition and pre-existing level of development This belief underlies the commitments among countries and regions participating in the BRI to working closely together in pursuit of shared and sustained prosperity The chapters are based on papers presented at Building the Community of Common Destiny between China and Its Neighbors Challenges and the Future an international forum co-organized by the National Institute for Global Strategy of the Chinese Academy of Social Sciences and the University of International Relations China Thirty experts from more than twenty countries have contributed to this volume **New Dynamics Between China and Japan in Asia** Guy

Faure, 2010 This book is a study of ties between China and Japan and their Asian counterparts It does not therefore directly treat bilateral relations between these powers as these already constitute the subject of many other studies A lengthy perspective has been taken into account in order to recall past legacies some of which are still painfully contentious and to record evolutions in attitudes and strategies vis vis Asian countries *State and Uncivil Society in Thailand at the Temple of Preah Vihear* Puangthong R. Pawakapan, 2013-08-19 Since it began in 2008 the dispute over the temple of Preah Vihear and its adjacent area has envenomed Thai Cambodian relations Puangthong R. Pawakapan argues that initially Thai Cambodian cooperation on the temple had begun within the framework of Thailand's strategy to become a regional economic centre and leader It was the first time in Southeast Asia that two formerly antagonistic states were employing cultural methods to settle a territorial dispute and turned it into a symbol of friendship and cooperation between the two countries But the ultra

nationalist movement derailed this essay in cooperation Instead the temple became a symbol of hatred between the two countries The ultra nationalists success has to be attributed to the support it enjoyed from various civic groups and institutions **Economic history pamphlets** ,1920 **Foreign Aid Construction Projects** United States. Congress. House. Committee on Government Operations,1958 **Foreign Aid Construction Projects** United States. Congress. House. Committee on Government Operations. International Operations Subcommittee,1958 *Thailand's Secret War* E. Bruce Reynolds,2005-01-06 This book is an absorbing account of secret operations and political intrigue in wartime Thailand During World War II Free Thai organisations co operated with Allied intelligence agencies in an effort to rescue their nation from the consequences of its 1941 alliance with Japan They largely succeeded despite internal differences and the conflicting interests and policies of their would be allies China Great Britain and the United States London s determination to punish Thailand placed the British Special Operations Executive SOE at a serious disadvantage in its rivalry with the American Office of Strategic Services OSS The US State Department in contrast strongly supported OSS operations in Thailand viewing them as a vehicle for promoting American political and economic influence in mainland Southeast Asia Declassification of the records of the OSS and the SOE permits full revelation of this complex story of heroic action and political intrigue
