Interpreting Italians Jeffrey Bailey, 2018-12-05 Interpreting Italians is a socio cultural travel guide designed for people whose interest in Italy goes beyond the readymade impression or the hackneyed cliché A History of the Church in the Middle Ages F. Donald Logan, 2013 Conceptually well organized stylistically clear intellectually thoughtful and pedagogically useful Thomas Head Speculum For its humane and learned approach to its enormous canvas as well as for the cogency with which it penetrates at speed to the essentials of a vanished historical epoch this History of the Church in the Middle Ages deserves a very wide audience indeed Barrie Dobson English Historical Review To have written a scholarly and very readable history of the Western Church over a millennium is a remarkable tour de force for which Donald Logan is to be warmly congratulated C H Lawrence The Tablet A feat of historical synthesis most confident in its telling of the coming of Christianity Books like Logan's are needed more than ever before Miri Rubin TLS In this fascinating survey F Donald Logan introduces the reader to the Christian church from the conversion of the Celtic and Germanic peoples to the discovery of the New World He reveals how the church unified the people of Western Europe as they worshipped with the same ceremonies and used Latin as the language of civilized communication From remote rural parish to magnificent urban cathedral A History of the Church in the Middle Ages explores the role of the church as a central element in determining a thousand years of history This new edition brings the book right up to date with recent scholarship and includes an expanded introduction exploring the interaction of other faiths particularly Judaism and Islam with the Christian church The Lombard Laws Katherine Fischer Drew, 1973 Here presented for the first time in English are the law codes of the Lombard kings who ruled Italy from the sixth to the eighth centuries The documents afford unparalleled insight into the structure and values of Germanic society *Trafficking with Demons* Martha Rampton, 2022-01-15 Trafficking with Demons explores how magic was perceived practiced and prohibited in western Europe during the first millennium CE Through the overlapping frameworks of religion ritual and gender Martha Rampton connects early Christian reckonings with pagan magic to later doctrines and dogmas Challenging established views on the role of women in ritual magic during this period Rampton provides a new narrative of the ways in which magic was embedded within the foundational assumptions of western European society informing how people understood the cosmos divinity and their own Christian faith As Rampton shows throughout the first Christian millennium magic was thought to play a natural role within the functioning of the universe and existed within a rational cosmos hierarchically arranged according to a great chain of being Trafficking with the demons of the lower air was the essence of magic Interactions with those demons occurred both in highly formalistic ritual settings and on a routine and casual basis Rampton tracks the competition between pagan magic and Christian belief from the first century CE when it was fiercest through the early Middle Ages as atavistic forms of magic mutated and found sanctuary in the daily habits of the converted peoples and new paganisms entered Europe with their own forms of magic By the year 1000

she concludes many forms of magic had been tamed and were by the reckoning of the elite essentially ineffective as were the women who practiced it and the rituals that attended it
