History Of The Royal Scots Fusiliers 1678 1918:

The History of the Royal Scots Fusiliers (1678-1918) John Buchan, 1925 **Royal Scots Fusiliers** John Buchan, 2005-04

For the first ten years of its existence the regiment was on the Scottish establishment but with the abdication of James II and the arrival of William and Mary the RSF came over to the English establishment as a Fusilier regiment it had been equipped with fusils instead of matchlocks first known as The Scots Fusiliers Regiment of Foot changed around 1713 to The Royal North British Fusiliers and when in 1751 the regiments of the line were numbered it became the 21st Royal North British Fusiliers Regiment of Foot This was its title till 1877 when it became the 21st Royal Scots Fusiliers Regiment of Foot and finally in 1881 The Royal Scots Fusiliers Most regimental histories cover the 1914 18 War in one or more separate volumes but here that conflict takes up the final third or so of the book in which Buchan devotes one chapter to each year of the war and at the end of the chapter lists in alphabetical order the names of the officers who died in that year with date but not place theatre of death As there were nine battalions 1 2 1 4 1 5 6 7 8 11 and 12 which between them served on the Western Front in Gallipoli Egypt Palestine and Macedonia this doesn't leave too much room for detail But this lack is redressed by some fine descriptive writing which provides the reader with a clear picture of the regiment's part in that war Four VCs were won and the dead numbered 5 600 It is the same with the pre 1914 history which makes for easy and absorbing reading In its early days the regiment fought against the Jacobite uprisings of 1715 and 1745 and was in the centre of Cumberland's first line at Culloden which put an end to the Highland rebellion In the American War of Independence the regiment was part of Burgoyne's force compelled to surrender at Saratoga In 1814 the regiment led the way in the capture of Washington It fought at the Alma and Inkerman in the Crimea at Ulundi in the Zulu War and in the S African War won its first VC at Colenso In an appendix all the Colonels of the regiment are listed and the COs of all the battalions *The History of the Royal Scots Fusiliers (1678-1918)* John Buchan, 2005 **The History of the Royal Scots Fusiliers, 1678-1918, Etc. The Royal Highland Fusiliers Trevor Royle, 2011-07-15 The Royal Highland Fusiliers came into being in 1959 as a result of the amalgamation of two regiments both of which had strong connections with Glasgow and the west of Scotland The Royal Scots Fusiliers founded in 1678 by Charles Erskine fifth Earl of Mar and The Highland Light Infantry or HLI created in 1881 as a result of the amalgamation of the 71st Highlanders and the 74th Highlanders Two distinctive infantry traditions can be found in the names of these regiments which have helped to form the line infantry regiments of the British Army

Fusiliers were armed with the flintlock fusil instead of the more common matchlock musket and light infantry came into being during the Napoleonic Wars to provide the army with a corps of skirmishing sharpshooters similar to Austrian and German Jäger troops. Amongst those who have served as fusiliers or light infantrymen are Hugh Trenchard who became Air Chief Marshal of the Royal Air Force, Winston Churchill and David Niven who joined the HLI from Sandhurst in the inter-war years. All these traditions and personalities went into the making of a regiment whose name lives on in the 2nd battalion of The Royal Regiment of Scotland which was formed in 2006 as a result of the restructuring of the infantry regiments of the British Army.

The Territorial Force at War, 1914-16 W. Mitchinson, 2014-10-02 William Mitchinson analyses the role and performance of the Territorial Force during the first two years of World War I. Anglo-Zulu War, 1879 Harold E. Raugh Jr., 2011-06-01 The Anglo Zulu War was one of many colonial campaigns in which the British Army served as the instrument of British imperialism. The conflict fought against a native adversary, the British initially underestimated, is remarkable for battles that included perhaps the most humiliating defeat in British military history, the Battle of Isandlwana, January 22, 1879, and one of its most heroic feats of arms, the defense of Rorke's Drift, January 22-23, 1879. While lasting only six months, it is one of the most examined, studied, and debated conflicts in Victorian military history.

Montauban Graham Maddocks, 1998-01-12 Montauban was the southernmost of the Somme villages attacked by the British Army on July 1, 1916, and it was where there was the greatest success. The Killing Season Robert Cowley, 2025-09-02 An in-depth, authoritative account of the fall of 1914 on the Western Front and the First Battle of Ypres, a true turning point in World War I and in modern warfare, by the founding editor of MHQ: The Quarterly Journal of Military History. A masterful and heartbreaking book. If you want to know how

modern warfare began The Killing Season is for you Geoffrey C Ward co author of The Civil War The War and The Vietnam War The Marne may have saved Paris and prevented a devastating setback for the Allies but it did not spell eventual defeat for Germany Ypres did The final months of 1914 were the bloodiest interval in a famously bloody war a killing season They ended with the First Battle of Ypres a struggle in West Flanders Belgium whose importance has been too long overlooked until now Robert Cowley s fresh novelistic account of this crucial period describes how German armies in France were poised to sweep north to capture the Channel ports and knock England out of the war and were only held back by a brilliant improvisation from a cobbled together handful of desperate British French and Belgian troops In a re examination of events that have too long seemed set in stone Cowley combines a wide array of source materials with sharp portrayals both of military leaders and of the men they led We follow Albert of Belgium the world s last warrior king French General Ferdinand Foch a former professor of military science and Hendrik Geeraert an alcoholic barge keeper who pulled off Albert s literal last ditch effort Many other memorable characters emerge including Sir John French a British commander who displayed his greatest talent for maneuver in the bedroom along with both a young Adolf Hitler and Winston Churchill The vast brawl of four armies in Flanders was a turning point that irrevocably changed the nature of modern warfare In this visceral account based on thirty years of research and picking up where Barbara Tuchman s The Guns of August left off Cowley details the crucial decisions that determined the outcome of the Great War which may have been decided by a single extraordinary afternoon
