King,2015-06-30 Excerpt from A History of Babylon From the Foundation of the Monarchy to the Persian Conquest In the first volume of this work an account was given of the early races of Babylonia from prehistoric times to the foundation of the monarchy It closed at the point when the city of Babylon was about to secure the permanent leadership under her dynasty of West Semitic kings The present volume describes the fortunes of Babylonia during the whole of the dynastic period and it completes the history of the southern kingdom Last autumn in consequence of the war it was decided to postpone its publication but at the request of the publishers I have now finished it and seen it through the press At a time when British troops are in occupation of Southern Mesopotamia the appearance of a work upon its earlier history may

perhaps not be considered altogether inopportune Thanks to recent excavation Babylon has ceased to be an abstraction and we are now able to reconstitute the main features of one of the most famous cities of the ancient world Unlike Ashur and Nineveh the great capitals of Assyria Babylon survived with but little change under the Achaemenian kings of Persia and from the time of Herodotus onward we possess accounts of her magnificence which recent research has in great part substantiated It is true that we must modify the description Herodotus has left us of her size but on all other points the accuracy of his information is confirmed The Lion Frieze of the Citadel and the enamelled beasts of the Ishtar Gate enable us to understand something of the spell she cast About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
