Daniel Barnes found that their decisions were deeply rooted in an awareness of black women's historical struggles Departing from the possessive individualistic discourse of having it all the women profiled here think beyond their own situation considering ways their decisions might help the entire black community Giving a voice to women whose perspectives have been underrepresented in debates about work family balance Barnes's profiles enable us to perceive these women as fully fledged individuals each with her own concerns and priorities Yet Barnes is also able to locate many common themes from these black women's experiences and uses them to propose policy initiatives that would improve the work and family lives of all Americans
