History of International Relations Erik Ringmar, 2019-08-02
Existing textbooks on international relations treat history in a cursory fashion and perpetuate a Eurocentric perspective. This textbook pioneers a new approach by historicizing the material traditionally taught in International Relations courses and by explicitly focusing on non-European cases, debates, and issues. The volume is divided into three parts. The first part focuses on the international systems that traditionally existed in Europe, East Asia, pre-Columbian Central and South America, Africa, and Polynesia. The second part discusses the ways in which these international systems were brought into contact with each other through the agency of Mongols in Central Asia, Arabs in the Mediterranean, and the Indian Ocean, Indic and Sinitic societies in South East Asia, and the Europeans through their travels and colonial expansion. The concluding section concerns

contemporary issues the processes of decolonization neo colonialism and globalization and their consequences on contemporary society History of International Relations provides a unique textbook for undergraduate and graduate students of international relations and anybody interested in international relations theory history and contemporary politics

Warrior Women Robert Edgerton, 2000-06-22 When looking for historical examples of women who have fought as soldiers one can refer with disappointment to the words of John Keegan one of the world's most well known military historians Women look to men to protect them from danger and bitterly reproach them when they fail as defenders Women do not fight In this book anthropologist and historian Robert Edgerton disagrees taking as his centerpiece the women warriors of Dahomey a West African kingdom that reached its heyday during the height of the African slave trade In this land now the Republic of Benin women eventually became the elite force of the kingdom's standing army the prime fighting force faced by the French when they defeated and colonized the region in the 1890s This book is both a narrative history of these women and their role in Dahomian society as well as a more far ranging refutation of the argument that warfare has always been a club for men only

The Messages of Tourist Art Bennetta Jules-Rosette, 2013-04-17 Tourist art may be a billion dollar business Nevertheless such art is despised What is worse the bad culture is seen as driving out the good Commercialization is assumed to destroy traditional arts and crafts replacing them with junk The process is seen as demeaning to artists in the traditional societies who are seduced into a type of whoredom unfeeling production of false beauty for money The arts remain problematic for the social sciences Sociology textbooks treat the arts as subordinate reflections of social forces norms or groups Anthropology textbooks conventionally isolate the arts in a separate chapter failing to integrate them with analyses of kinship economics politics language or biology Textbooks reflect the guiding theories which emphasize such factors as modes of production patterns of thought or biological and normative constraints but their authors have not adequately formulated the aesthetic dimension One may compare the theoretical status of the arts to that of religion After the contributions by Emile Durkheim and Max Weber the sociology of religion is

well established but where is a Durkheim or Weber for the sociology of art What is true of the social sciences in general holds for understanding of modernization in the Third World These processes and those places are analyzed economically politically and socially but the aesthetic dimension is treated in isolation if at all and is poorly grasped in relation to the other forces **Reader's Digest Almanac and Yearbook** ,1985 **West Africa** ,2006 **Amazons of Black Sparta, 2nd**

Edition Stanley B. Alpern,2011-04-11 The only thoroughly documented Amazons in world history are the women warriors of Dahomey an eighteenth and nineteenth century Western African kingdom Once dubbed a small black Sparta residents of Dahomey shared with the Spartans an intense militarism and sense of collectivism Updated with a new preface by the author Amazons of Black Sparta is the product of meticulous archival research and Alpern s gift for narrative It will stand as the most comprehensive and accessible account of the woman warriors of Dahomey Written in the Waters Tara

Roberts,2025-03-04 This searing memoir by a National Geographic explorer recounts one woman s epic journey to trace the global slave trade across the Atlantic Ocean and find her place in the world For fans of adventurous women s memoirs like Elizabeth Gilbert s Eat Pray Love Cheryl Strayed s Wild and Jesmyn Ward s Men We Reaped When Tara Roberts first caught sight of a photograph at the Smithsonian s National Museum of African American History depicting the underwater archaeology group Diving With a Purpose it called out to her Here were Black women and men strapping on masks fins and tanks to explore Atlantic Ocean waters along the coastlines of Africa North America and Central America seeking the wrecks of slave ships long lost in time Inspired Roberts joined them and started on a path of discovery more challenging and personal than she could ever have imagined In this lush and lyrical memoir she tells a story of exploration and reckoning that takes her from her home in Washington D C to an exotic array of locales Thailand and Sri Lanka Mozambique South Africa Senegal Benin Costa Rica and St Croix The journey connects her with other divers scholars and archaeologists offering a unique way of understanding the 12 5 million souls carried away from their African homeland to enslavement on other continents But for Roberts the journey is also intensely personal Inspired by the descendants of those who lost their lives during the Middle Passage she decides to plumb her own family history and life as a Black woman to help make sense of her own identity Complex and unflinchingly authentic this deeply moving narrative heralds an important new voice in literature that will open minds and hearts everywhere **Politics in The Gambia and Guinea-Bissau** Mariama Khan,2021-11-18

This book explores how precolonial political traditions and practices shape modern day politics in The Gambia and Guinea Bissau The precolonial Kaabu empire dominated the region for over 300 years leaving a rich oral and ritual culture that emphasized the importance of a ruler s legitimacy among the general population This book traces how postcolonial political administrations and Justice Integrity and Truth JIT movements have mobilized to reclaim reinvent and subvert traditional Kabunka norms of statecraft to prove their political legitimacy It shows how cultural memory oral arts and musical forms can be used to express ideals of leadership and followership and in the process create various conversations and debates about

politics and society social attitudes and morality In doing so the book captures how the latent but influential social and political practices from Kaabu are reclaimed reproduced or subverted to contribute to the evolving nature of political rhetoric in these two countries Whereas many studies of the state in Africa take Western democratic principles as a starting point this book provides important evidence on the continuity of precolonial political culture along African s west coast It will be of interest to researchers studying politics history and anthropology both within the region and elsewhere in Africa
