Lodge Leadership A Five Step Guide To Masonic Reform:

Lodge Leadership Matt R. Nelson, 2012-12-01 As it is with many things in life when we have achieved the end goal the diploma the last degree there arises the question Now what For the young Master Mason who is looking to make his mark in the Fraternity this book is intended to answer the question Now what Lodge Leadership starts Masons young and old on the quest of becoming a better leader Detailed in the book is a five step program to help members prepare and execute the skills of an excellent leader The five step program starts with the investigation Brother Nelson explains some of the best methods used to execute a productive investigation Then Nelson presents the importance of being a mentor and clarifies ways to do it He challenges readers to learn the ritual with exactness and to study the code Each of these four chapters ends with three challenges to the reader to help implement what they have read thereby refining their skills as a leader The fifth step to Nelson s Masonic Reform is leadership Nelson details preparations growth and maturity of leadership and how the reader can best serve and grow as a leader of their Lodge Again Nelson sets forth challenges to the reader to help prepare them for leadership within as well as without their own Lodge Finally Nelson concludes with sobering challenges and encourages the reader to question their motives and desires to lead Speaking plainly Nelson shows how we often allow for personal treason in our lives and how narcissism has crept into the order of the Freemasons Nelson has accomplished a raw guide to Masonic reform Re affirming the importance of learning and study in Freemasonry Nelson makes the very important point that it is ultimately the responsibility of the individual Mason to transform the leadership of the fraternity and propel the Freemasons into the new era

Mind the Gap Matt NELSON, 2018-09-29 From the author of Lodge Leadership A Five Step Guide to Masonic Reform Worshipful Brother Matt Nelson presents Mind the Gap Navigating the Space From Here to There The book explores the culture found within Masonry that is due to the gaps we find between the generations The gap of age and time created a gap in understanding and empathy The older generations for good reason refuse to let go of the reign and allow the younger generations to guide The younger generations again for good reason become frustrated with the lack of momentum and often find something else to fill their limited precious time Each generation has its unique characteristics and qualities All are flawed all have untapped potential Very few of the generations understand each other and even fewer are bridging these gaps Nelson makes clear arguments and guidelines He states it will take a great understanding a magnificent awareness to begin to bridge the gaps Gaps created by generational differences and social concepts It takes an astute leader to know the various types of management when to implement them and gain growth in the levels of leadership The older generational leader has an obligation to the younger leaders They must see how vital it is that they give up the reigns and guide the future leaders as a mentor The younger generational leader needs to understand the various motivational elements that make up the complex senior members Leaders generally must be directed to help each generation see how the others may be positioned in their thinking and how to get the crew to all play on the same team Get the right people in and get them

in the right spot then keep them in and working It is not enough to gain numbers we need to gain Masons **Masonic Standard** ,1917 **The Kaiser Index to Black Resources, 1948-1986: D-H** ,1992 **The World Guide** ,2005
