Maurice Thorez John Bulaitis,2018-04-30 Maurice Thorez 1900 1964 was a major figure in the history of twentieth century France and European Communism for over three decades Under his leadership the French

Communist Party PCF became France's largest political party and one of the most important communist parties in the West. Born in a mining village, Thorez left school at the age of 12 and would go on to helm the PCF in a rapid rise that paralleled Stalin's consolidation of power in the Soviet Union. After World War II, he became a minister and briefly deputy prime minister before the Cold War excluded communists from political power. The PCF became known as the party of Maurice Thorez, as a leader cult around Thorez was created that mirrored the cult of personality around Stalin. This book is based on a wealth of original source material, including Thorez's diaries and notebooks. John Bulaitis outlines how Thorez's political life intersected with and was shaped by key historical events. At its heart, the book explores the paradox of the mass communist movement in France: its ability to fuse attachment to the French nation with fervent loyalty to the Soviet Union and Stalinist practices.

Socialism and the Experience of Time Julian Wright, 2017-06-30. How do we make social democracy? Should we seize the unknown possibilities offered by the future, or does real change develop when we focus our attention on the immediate present? The modern tradition of social revolution suggested that the present is precisely the time that needs to be surpassed, but can society change without an intimate focus on today's experience of social injustice? In *Socialism and the Experience of Time*, Julian Wright asks how socialists in France from the mid-nineteenth to the mid-twentieth century tried to follow a democratic commitment to the present. The debate about time that emerged in French socialism lay beneath the surface of political arguments within the left. But how did this focus on the present relate to the tradition of revolution in France? What did socialism have to say about social experience in the present, and how did this discussion shape socialism as a movement? Wright examines French socialism's fascination with modern history through a new reading of Jean Jaurès's multi-authored project to write a socialist history of France since 1789. Then, in four interlocking biographical essays, he analyses the reformist and idealist socialism of the Third Republic, long sidelined in the historical literature. With a sometimes emotional focus on the present times of Benoît Malon, Georges Renard, Marcel Sembat, and Léon Blum, a personal history unfolds that allows us to revisit the traditional narrative of French socialism. This is not so much a story of the future hope for revolution as an intimate account of socialism, intellectual engagement, and the human present.

Antisemitism and the left Robert Fine, Philip Spencer, 2017-02-27. This electronic version has been made available under a Creative Commons BY-NC open access license. Universalism shows two faces to the world: an emancipatory face that looks to the inclusion of the other, and a repressive face that sees in the other a failure to pass some fundamental test of humanity. Universalism can be used to demand that we treat all persons as human beings, regardless of their differences, but it can also be used to represent whole categories of people as inhuman, not yet human, or even enemies of humanity. The Jewish experience offers an equivocal test case. Universalism has stimulated the struggle for Jewish emancipation, but it has also helped to develop the idea that there is something peculiarly harmful to humanity about Jews, that there is a Jewish question that needs to be solved. This original and stimulating book traces struggles within the Enlightenment, Marxism, critical theory, and the contemporary left.

seeking to rescue universalism from its repressive antisemitic undertones **The Sultan's Communists** Alma Rachel Heckman, 2020-11-24 *The Sultan's Communists* uncovers the history of Jewish radical involvement in Morocco's national liberation project and examines how Moroccan Jews envisioned themselves participating as citizens in a newly independent Morocco. Closely following the lives of five prominent Moroccan Jewish Communists: Leon Ren Sultan, Edmond Amran El Maleh, Abraham Serfaty, Simon Levy, and Sion Assidon, Alma Rachel Heckman describes how Moroccan Communist Jews fit within the story of mass Jewish exodus from Morocco in the 1950s and 60s and how they survived oppressive post-independence authoritarian rule under the Moroccan monarchy to ultimately become heroic emblems of state-sponsored Muslim-Jewish tolerance. The figures at the center of Heckman's narrative stood at the intersection of colonialism, Arab nationalism, and Zionism. Their stories unfolded in a country that, upon independence from France and Spain in 1956, allied itself with the United States and more quietly Israel during the Cold War while attempting to claim a place for itself within the fraught politics of the post-independence Arab world. *The Sultan's Communists* contributes to the growing literature on Jews in the modern Middle East and provides a new history of twentieth-century Jewish Morocco.

Yiddish Paris Nick Underwood, 2022-03 *Yiddish Paris* explores how Yiddish-speaking emigrants from Eastern Europe in Paris in the 1920s and 1930s created a Yiddish diaspora nation in Western Europe and how they presented that nation to themselves and to others in France. In this meticulously researched and first full-length study of interwar Yiddish culture in France, author Nicholas Underwood argues that the emergence of a Yiddish Paris was dependent on culture makers, mostly left-wing Jews from Socialist and Communist backgrounds, who created cultural and scholarly organizations and institutions, including the French branch of YIVO, a research institution focused on East European Jews, theater troupes, choruses, and a pavilion at the Paris World's Fair of 1937. *Yiddish Paris* examines how these left-wing Yiddish-speaking Jews insisted that even in France, a country known for demanding the assimilation of immigrant and minority groups, they could remain a distinct group, part of a transnational Yiddish-speaking Jewish nation. Yet in the process, they in fact created a French-inflected version of Jewish diaspora nationalism, finding allies among French intellectuals, largely on the left.

Mussolini and the Eclipse of Italian Fascism R. J. B. Bosworth, 2021-03-02 An incisive account of how Mussolini pioneered populism in reaction to Hitler's rise and thereby reinforced his role as a model for later authoritarian leaders. On the tenth anniversary of his rise to power in 1932, Benito Mussolini (1883-1945) seemed to many the good dictator. He was the first totalitarian and the first fascist in modern Europe. But a year later, Hitler's entrance onto the political stage signaled a German takeover of the fascist ideology. In this definitive account, eminent historian R. J. B. Bosworth charts Mussolini's leadership in reaction to Hitler. Bosworth shows how Italy's decline in ideological pre-eminence, as well as in military and diplomatic power, led Mussolini to pursue a more populist approach, angry and bellicose words at home, violent aggression abroad, and a more extreme emphasis on charisma. In his embittered efforts to bolster an increasingly hollow and ruthless regime, it was Mussolini rather than Hitler who offered

the model for all subsequent authoritarians **Transatlantic Antifascisms** Michael Seidman, 2017-11-16 Antifascism has received little attention compared to its enemy No historian or social scientist has previously attempted to define its nature and history yet antifascism became perhaps the most powerful ideology of the twentieth century Michael Seidman fills this gap by providing the first comprehensive study of antifascisms in Spain France the UK and USA with new interpretations of the Spanish Civil War French Popular Front and Second World War He shows how two types of antifascism revolutionary and counterrevolutionary developed from 1936 to 1945 Revolutionary antifascism dominated the Spanish Republic during its civil war and re emerged in Eastern Europe at the end of World War II By contrast counterrevolutionary antifascists were hegemonic in France Britain and the USA In Western Europe they restored conservative republics or constitutional monarchies based on Enlightenment principles This innovative examination of antifascism will interest a wide range of scholars and students of twentieth century history **Heroines of Vichy France** Paul R. Bartrop, Samantha J.

the Syrian National Block the official Syrian leadership at the time and the Shahbandari opposition and leaders of Jabal al Druze Based mainly on primary sources from Israeli archives including documentation of discussions reports and decisions taken by the JA leadership the book tells a new story of a critical period of history the Arab Revolt of 1936 1939 in Palestine Mahmoud Muhareb argues that the main historic objective of the JA was to reach agreements with Arab leaders and Arab states behind the back of the Palestinians and at their expense and to normalize its relations with the Arab states while it continued to deny the national rights of the Palestinians The book challenges Israeli and Syrian official narratives and substantiates the Palestinian narrative as well as some Israeli new historians who asserted Israel refusal to recognize the national rights of the Palestinians and affirmed its attempts to reach a comprehensive settlement with the Arab states at the expense of the Palestinians The book includes Arabic and Hebrew sources translated into English for readers
