Stanley Coleman Jersey, 2008 Presents battlefield accounts and first person narratives from over 200 Allied and Japanese veterans of the battle on Guadalcanal Island between August 1942 and February 1943 **Making Mala** Clive

Moore, 2017-04-10 Malaita is one of the major islands in the Solomons Archipelago and has the largest population in the Solomon Islands nation Its people have an undeserved reputation for conservatism and aggression Making Mala argues that in essence Malaitans are no different from other Solomon Islanders and that their dominance both in numbers and their place in the modern nation can be explained through their recent history A grounding theme of the book is its argument that far from being conservative Malaitan religions and cultures have always been adaptable and have proved remarkably flexible in accommodating change This has been the secret of Malaitan success Malaitans rocked the foundations of the British protectorate during the proto-nationalist Maasina Rule movement in the 1940s and the early 1950s have heavily engaged in internal migration particularly to urban areas and were central to the Tension Years between 1998 and 2003 Making Mala reassesses Malaita's history demolishes undeserved tropes and uses historical and cultural analyses to explain Malaitans place in the Solomon Islands nation today Never Look Back William A. Renzi, Mark D. Roehrs, 2019-08-01 50 years ago

Japan attacked Pearl Harbour and brought a reluctant America into World War II Armed with fresh materials which have become available only in the last decade Renzi and Roehrs take a critical look at the decisive Japanese American episodes in The Great Pacific War Unlike standard histories of World War II Never Look Back includes the Japanese perspective bringing to light challenging facts in Operation Flying Elephant the Japanese attempted to cause forest fires in the American West by releasing hydrogen filled balloons When Americans of Japanese ancestry were interned during the conflict word reached Japan of their plight and resulted in even greater mistreatment of American POWs in Japan It is argued that Japan did not surrender because of the atomic bombing of Hiroshima and Nagasaki or because of the conventional firebombing or because of the US submarine campaign but because the USSR entered the war **Fugitives** Bob Stahl, 2001-11-11 Describes mining

engineer Jordan A Hamner's experiences during World War II after the Japanese invaded the Philippines *Sunk in Kula Gulf* John J. Domagalski, 2012 The early morning hours of July 6 1943 found the USS Helena off the Solomon Islands in what would later be known as the Battle of Kula Gulf But the ship's participation in the battle came to a swift end when three Japanese torpedoes suddenly struck One hundred and sixty eight sailors went down with the ship many never surviving the initial torpedo hits As the last of the Helena disappeared below the ocean's surface the remaining crewmen's struggle for survival had only just begun Sunk in Kula Gulf tells the epic story of the Helena's survivors Two destroyers plucked more than seven hundred from the sea in a night rescue operation as the battle continued to rage A second group of eighty eight sailors clustered into three lifeboats made it to a nearby island and was rescued the next day A third group of survivors spread over a wide area was missed entirely Clinging to life rafts or debris the weary men were pushed away from the area of the sinking by a strong current After enduring days at sea under the hot tropical sun they finally found land It was

however the Japanese held island of Vella Lavella and deep behind the front lines The survivors organized and disappeared into the island s interior jungle Living a meager existence the group evaded the Japanese for eight days until the Marines and U S Navy evacuated the shipwrecked sailors in a daring rescue operation Using a wide variety of sources including previously unpublished firsthand accounts John J Domagalski brings to life this amazing little known story from World War II

Solomon Islanders in World War II Anna Annie Kwai, 2017-12-18 The Solomon Islands Campaign of World War II has been the subject of many published historical accounts Most of these accounts present an outsider perspective with limited reference to the contribution of indigenous Solomon Islanders as coastwatchers scouts carriers and labourers under the Royal Australian Navy and other Allied military units Where islanders are mentioned they are represented as loyal helpers The nature of local contributions in the war and their impact on islander perceptions are more complex than has been represented in these outsiders perspectives Islander encounters with white American troops enabled self awareness of

racial relationships and inequality under the colonial administration which sparked struggles towards recognition and political autonomy that emerged in parts of the British Solomon Islands Protectorate in the postwar period Exploitation of postwar military infrastructure by the colonial administration laid the foundation for later sociopolitical upheaval experienced by the country In the aftermath of the 1998 crisis the supposed unity and pride that prevailed among islanders during the war has been seen as an avenue whereby different ethnic identities can be unified This national unification process entailed the construction of the Pride of our Nation monument that aims to restore the pride and identity of Solomon Islanders

Heritage and Memory of War Gilly Carr, Keir Reeves, 2015-04-17 Every large nation in the world was directly or indirectly affected by the impact of war during the course of the twentieth century and while the historical narratives of war of these nations are well known far less is understood about how small islands coped These islands often not nations in their own right but small outposts of other kingdoms countries and nations have been relegated to mere footnotes in history and heritage studies as interesting case studies or unimportant curiosities Yet for many of these small islands war had an enduring impact on their history memory intangible heritage and future cultural practices leaving a legacy that demanded some form of local response This is the first comprehensive volume dedicated to what the memories legacies and heritage of war in small islands can teach those who live outside them through closely related historical and contemporary case studies covering 20th and 21st century conflict across the globe The volume investigates a number of important questions Why and how is war memory so enduring in small islands Do factors such as population size island size isolation or geography have any impact Do close ties of kinship and group identity enable collective memories to shape identity and its resulting war related heritage This book contributes to heritage and memory studies and to conflict and historical archaeology by providing a globally wide ranging comparative assessment of small islands and their experiences of war Heritage of War in Small Island Territories is of relevance to students researchers heritage and tourism professionals local governments and NGOs

Neptune's Inferno James D. Hornfischer, 2012-03-06 A literary tour de force that is destined to become one of the definitive works about the battle for Guadalcanal James D Hornfischer deftly captures the essence of the most pivotal naval campaign of the Pacific war San Antonio Express News The Battle of Guadalcanal has long been heralded as a Marine victory Now with his powerful portrait of the Navy's sacrifice James D Hornfischer tells for the first time the full story of the men who fought in destroyers cruisers and battleships in the narrow deadly waters of Ironbottom Sound Here in stunning cinematic detail are the seven major naval actions that began in August 1942 a time when the war seemed unwinnable and America fought on a shoestring with the outcome always in doubt Working from new interviews with survivors unpublished eyewitness accounts and newly available documents Hornfischer paints a vivid picture of the officers and enlisted men who opposed the Japanese in America's hour of need The first major work on this subject in almost two decades Neptune's Inferno does what all great battle narratives do It tells the gripping human stories behind the momentous events and critical

decisions that altered the course of history and shaped so many lives Praise for Neptune s Inferno Vivid and engaging extremely readable comprehensive and thoroughly researched Ronald Spector The Wall Street Journal Superlative storytelling the masterwork on the long neglected topic of World War II s surface ship combat Richard B Frank World War II The author s two previous World War II books thrust him into the major leagues of American military history writers Neptune s Inferno is solid proof he deserves to be there The Dallas Morning News Outstanding The author s narrative gifts and excellent choice of detail give an almost Homeric quality to the men who met on the sea in steel titans Booklist starred review Brilliant a compelling narrative of naval combat simply superb The Washington Times The Allied Neutralisation of Rabaul Jon Diamond,2025-01-30 Details the 1943 1944 Allied strategy to neutralize Japan s Rabaul stronghold through fierce aerial sieges and targeted landings in the Pacific Fierce Pacific ground sea and aerial combat raged between the Allies and Imperial Japan to halt the latter s inexorable advance in 1942 1943 After the American victory at Guadalcanal in February 1943 Admiral Halsey s South Pacific Area SPA naval and amphibious forces battled through the Solomon Islands building new and acquiring extant Japanese airfields Simultaneously General Douglas MacArthur s Southwest Pacific Area SWPA Australian American ground forces supported by General George Kenney s US Fifth Air Force and other Allied air squadrons captured Japanese installations in Papua New Guinea before campaigning along Northeast New Guinea s northern coast ousting or bypassing enemy installations there Using newly built Papuan airfields the Allies gained air superiority over New Guinea and also interdicted Japanese maritime supply lines Yet the main Japanese southwest Pacific bastion at Rabaul on the northeastern tip of New Britain the largest island of the Bismarck Archipelago remained In March 1943 realizing an amphibious assault and ground campaign against Rabaul s naval and army bases would be too costly the US Joint Chiefs of Staff decided to neutralise Rabaul with a joint SPA and SWPA aerial siege rather than capture it This IOW volume recounts this strategy during 1943 and 1944 and the December 1943 amphibious landings by the US 1st Marine Division and US Sixth Army units at Cape Gloucester and Arawe respectively which successfully isolated the Japanese fortress and satellite bases

of war firsthand he also writes of the vitality and intense comradeship that he and his fellow Marines experienced Soule recounts the heat of battle as well as the intense training before and rebuilding after each campaign He saw New Zealand in the desperate days of 1942 His division was rebuilt in Australia following Guadalcanal After a stint back in Quantico training more combat photographers he went to Guam and then to the crucible of Iwo Jima At war s end he was serving as Photographic Officer Fleet Marine Force Pacific at Pearl Harbor
