Los Hijos del pueblo, 2 Eugène Sue, 1858      *Los Hijos del pueblo, 6* Eugène Sue, 1860      Los Hijos del pueblo, 1 Eugène Sue, 1860      *Un virtuoso entre los hijos del diablo* Melchor Campos García, 2022-02-25

En el escenario de la consumación de la independencia de México en septiembre de 1821 Yucatán se ha enaltecido por su transición en este proceso sin derramar ninguna gota de sangre en una poca de cambios vertiginosos que presentaron desafíos y afectaron de manera considerable a los individuos en la Nueva España. Entre los combates ideológicos por el origen de la nación y su patristica se ha encontrado en Jos Matías Quintana padre de Andrés Quintana Roo al insurgente de papel por su connotada participación como escritor religioso así como por su intervención como un prolífico escritor y orador en la Cámara de Diputados del Congreso de la Unión. La actividad política que Quintana mantuvo en el periodo de la consumación y posteriormente en los intentos de definir a México como una nación independiente. Tanto es así que este estudio parte de la necesidad de análisis de los escritos y discursos publicados que dieran cuenta de los pensamientos políticos de Quintana en sus propios contextos de actuación alejándose de anacronismos interpretaciones positivistas y política mente dirigidas. Más allá de presentar una biografía de Quintana Melchor Campos García se propone examinar y detallar la producción intelectual del sanjuanista en su propio contexto histórico en el cual el político yucateco participar a mediante comunicados reactivos o proactivos. Esta obra recoge sus inquietudes por las virtudes y bienes públicos más preciados de una comunidad política: libertad, justicia, paz, sabiduría y unión. *Regeneración social* A. Pereira Alves, 1915      **Páginas para la educación popular** Sofía Tartilán, 1877      *The Subject of Revolution* Jennifer L. Lambe, 2024-08-27

From television to travel bans geopolitics to popular dance *The Subject of Revolution* explores how knowledge about the 1959 Cuban Revolution was produced and how the Revolution in turn shaped new worldviews. Drawing on sources from over twenty archives as well as film, music, theater and material culture, this book traces the consolidation of the Revolution over two decades in the interface between political and popular culture. The subject of Revolution it proposes should be understood as the evolving synthesis of the imaginaries constructed by its many subjects including revolutionary leaders, activists, academics and ordinary people within and beyond the island's borders. The book reopens some of the questions that have long animated debates about Cuba from the relationship between populace and leadership to the archive and its limits while foregrounding the construction of popular understandings. It argues that the politicization of everyday life was an inescapable effect of the revolutionary process as well as the catalyst for new ways of knowing and being. **El Partido Democrático de Chile** Sergio Grez Toso, Este libro reconstruye minuciosamente la trayectoria de la primera organización política popular chilena, el Partido Democrático, desde su nacimiento en 1887 hasta la instauración de la dictadura de Ibáñez en 1927, periodo durante el cual alcanzó su máxima influencia antes de iniciar su largo y definitivo ocaso. Presenta una visión de conjunto a la vez que detallada de la poca más importante de la vida de este partido.

ofreciendo explicaciones tanto sobre su desarrollo y auge como sobre su integración al sistema parlamentarista su creciente corrupción y distanciamiento con los movimientos sociales emergentes en la segunda y tercera década del siglo XX e inevitable decadencia

**A Revolution Unfinished** Colby Ristow, 2018-11-01 In October 1911 the governor of Oaxaca Mexico ordered a detachment of approximately 250 soldiers to take control of the town of Juchitán from José F. Gómez and a movement defending the principle of popular sovereignty The standoff between federal soldiers and the Chegomistas continued until federal reinforcements arrived and violently repressed the movement in the name of democracy In *A Revolution Unfinished* Colby Ristow provides the first book length study of what has come to be known as the Chegomista Rebellion shedding new light on a conflict previously lost in the shadows of the concurrent Zapatista uprising The study examines the limits of democracy under Mexico's first revolutionary regime through a detailed analysis of the confrontation between Mexico's nineteenth century tradition of moderate liberalism and locally constructed popular liberalism in the politics of Juchitán Oaxaca Couched in the context of local state and national politics at the beginning of the revolution the study draws on an array of local national and international archival and newspaper sources to provide a dramatic day by day description of the Chegomista Rebellion and the events preceding it Ristow links the events in Juchitán with historical themes such as popular politics ethnicity and revolutionary state formation and strips away the romanticism of previous studies of Juchitán offering a window into the mechanics of late Porfirian state society relations and early revolutionary governance *Republica de Colombia* Pedro A. Pedraza, 1909

La ciudadanía social en España Miguel Ángel Cabrera, 2014-01-14 La ciudadanía

social es un componente esencial de las sociedades contemporáneas. Asentada sobre el principio de que los seres humanos poseen una serie de derechos sociales a la educación a la atención sanitaria y a la protección en casos de enfermedad vejez y desempleo entre otros la ciudadanía social se ha encarnado en un conjunto de presupuestos culturales preceptos legales y dispositivos institucionales que sancionan regulan garantizan y posibilitan el disfrute de tales derechos y que constituyen el fundamento del denominado Estado del Bienestar. En esta obra se estudia y analiza el proceso de gestación histórica y de implantación inicial de la ciudadanía social en España a partir de finales del siglo XIX. Para ello se presta atención a los diversos aspectos de ese proceso desde el surgimiento del reformismo social y la formulación y difusión de la propia noción de derechos sociales a la realización de las primeras reformas legales e institucionales que sentaron las bases del futuro Estado del Bienestar español.
