Los Mitos Del Apostol Santiago Bretema:

Los mitos del Apóstol Santiago Ofelia Rey Castelao, 2006-01-01 Los mitos del Apóstol Santiago no pretende provocar sino sugerir la creación de un laberinto mítico en torno al apóstol Santiago el discípulo de Jesucristo al que la historia no dejó descansar en la Palestina que presenci su martirio La ausencia de información firme sobre su trayectoria vital permitió que se convirtiese en el epicentro de una construcción mítica antes ya de la invención de su cuerpo en un recordado paraje de la diócesis de Iria Lejos de haber llegado a su final histórico el conjunto de los mitos de Santiago se renueva periódicamente gracias a la beneficiosa cadencia de los años santos y constantemente merced a los intereses creados a su alrededor hasta el punto de ocultar un fenómeno religioso y cultural de gran trascendencia El complejo entramado de leyendas y creencias sostenido tanto por la religiosidad popular como por creyentes cultos pero denunciado por unos y tolerado por muchos constituye un tema apasionante y difícil del que en este libro se ofrece una perspectiva desde la mirada de una historiadora especializada en la Edad Moderna En esta época convulsa los mitos jacobeos vivieron su apogeo pero también fueron objeto de todas las críticas e iniciaron su declive

Relics, Shrines and Pilgrimages Antón M. Pazos, 2020-03-04 Since Late Antiquity relics have provided a privileged spiritual bond between life and death between human beings and divinity Royalty nobility and clergy all tried to obtain the most prestigious remains of sacred bodies since they granted influence and fame and allowed the cult around them to be used as a means of sacralization power and propaganda This volume traces the development of the veneration of relics in Europe and how these objects were often catalysts for the establishment of major pilgrimage sites that are still in use today The book features an international panel of contributors taking a wide ranging look at relic worship across Europe from Late Antiquity until the present day They begin with a focus on the role of relics in Jacobean pilgrimage before looking at the link between relics and their shrines more generally The book then focuses in on two major issues in the study of relics the stealing of relics Furta Sacra and their modern day scientific examination and authentication These topics demonstrate not only symbolic importance of relics but also their role as physical historical objects in material religious expression This is a fascinating collection featuring the latest scholarship on relics and pilgrimage across Europe It will therefore be of great interest to academics working in Pilgrimage Religious History Material Religion and Religious Studies as well as Anthropology Archaeology Art and Cultural Studies
