Lost in the Arctic Lawrence Millman, 2002 A fresh collection of true life adventure stories by the acclaimed author of *An Evening Among Headhunters* from across the globe takes readers to remote Pacific Islands the Arctic and Alaska among other wild places Original **American Book Publishing Record**, 2003 *Worldwide Brochures*, 1996 **The Advocate**, 2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Backpacker**, 2004-03 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured *Subject Guide to Books in Print*, 1971 Ice Clint Willis, 1999 Presents recollections by polar explorers including Robert Scott Ernest Shackleton and Xavier Mertz each recalling a harrowing experience of surviving in the hostile environment The Adventure of Wrangel Island (Classic Reprint) Vilhjalmur Stefansson, 2017-11-21 Excerpt from *The Adventure of Wrangel Island* Besides agreeing with my colleagues as just outlined I had reasons of my own for not going I had already served in arctic exploration longer than any well known explorer I had spent ten arctic winters as against nine for Peary who had previously held the record for polar service and as against seven polar winters arctic or antarctic the highest record SO far as I know for any living commander Of polar expeditions In a way my length of arctic service was a reason for staying at home and still not a good one for he who loves his work and the field of his work should not retire till he has become useless But there were good reasons If I succeeded in getting Government Or in influential private backing I wanted to be south to organize a comprehensive arctic expedition or series of expeditions But whether I succeeded or failed in that I wanted to remain south to continue my campaign of education with regard to the arctic regions I wanted especially to try to reform the arctic sections of the geography textbooks and in general to improve school and university teaching This seemed to me not only a duty to science but also particularly my duty toward my native land Canada whose future depends so much on what the arctic portions of her territory are worth and on how soon their real nature can be understood and taken advantage of If I were to write here all my reasons for not going North in 1921 this introduction would turn into a prospectus Of my hopes and plans for the rest of my life That would not interest the reader What I have said when coupled with the narrative of the book will surely make it clear enough why I stayed when my associates sailed away About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an

**Icebound** Andrea Pitzer, 2021 The human story has always been one of perseverance often against remarkable odds The most astonishing survival tale of all might be that of 16th century Dutch explorer William Barents and his crew of sixteen who ventured farther north than any Europeans before and on their third polar exploration lost their ship off the frozen coast of Nova Zembla to unforgiving ice The men would spend the next year fighting off ravenous polar bears gnawing hunger and endless winter In *Icebound* Andrea Pitzer masterfully combines a gripping tale of survival with a sweeping history of the great Age of Exploration a time of hope adventure and seemingly unlimited geographic frontiers At the story's center is William Barents one of the 16th century's greatest navigators whose larger than life ambitions and obsessive quest to chart a path through the deepest most remote regions of the Arctic ended in both tragedy and glory Journalist Pitzer did extensive research learning how to use four hundred year old navigation equipment setting out on three Arctic expeditions to retrace Barents's steps and visiting replicas of Barents's ship and cabin A visceral thrilling account full of tantalizing surprises Andrea Barrett author of *The Voyage of the Narwhal* Pitzer's reenactment of Barents's ill fated journey shows us how the human body can function at twenty degrees below the history of mutiny the art of celestial navigation and the intricacies of building shelters But above all it gives us a first hand glimpse into the true nature of human courage
