Buddhist Sculpture of Northern Thailand Carol Stratton,2004 **Catalogue and handbook of the archaeological collections in the Indian Museum by John Anderson** John Anderson,1883 Greek Architectural Terracottas Nancy A. Winter,1993 Ancient Greek buildings were renowned for their terracotta roofs an invention which may have first occurred in prehistoric times and been rediscovered in the seventh century BC This is the first book to look in detail at the complex variations in tile shape technical features and decorative motifs which occurs across Greece particularly during the Archaic period Inscriptions refer to Corinthian and Spartan tiles and two different types of tiles characterizing the roofs of Corinth and Sparta confirm these nomenclatures A careful analysis of the preserved elements or roofs found in each major city or district however reveals considerably more variation and shows that there were regional styles which distinguished the roofs of north western Greece Arcadia the Argolid Central Greece Attica and the Aegean islands as well The importance of this new work is not only that it brings a fresh approach to the topic revealing the regional styles of roofs as of pottery and sculpture but also that it shows exactly how ancient roofs were assembled by providing detailed drawings of several characteristic roofs for each regional system The book is illustrated with numerous photographs figures and maps It should be invaluable for excavators surveyors and architectural historians **The Treasure of the Oxus** Ormonde Maddock Dalton,1905

Murōji Sherry Dianne Fowler,2005 Muroji a magnificent temple founded in the eighth century is known both for its dramatic location and the exceptional quality of its ritual objects and art dating from the ninth and tenth centuries of the Heian period Sherry Fowler makes extensive use of primary sources to explore the circumstances surrounding the creation and function of the temple s main images and considers why major works of early Heian sculpture were housed in such a remote mountain setting Employing a multifaceted approach that looks at Muroji s art and architecture in socio political context she explores the establishment of the temple its role in the religious life and power structure of the region and the ways in which the temple reconfigured its early history to suit its later circumstances The Ladies' Home Journal ,1893

Exploring India's Sacred Art Stella Kramrisch,1994-04-30 *Catalogue of the Etruscan Gallery of the University of Pennsylvania Museum of Archaeology and Anthropology* Jean MacIntosh Turfa,2010-11-24 Combining a guide for the Museum visitor with scholarly discussions of all objects on display this catalogue provides background on the society history technology and commerce of the Etruscan and Faliscan cultures from the ninth through the first centuries B C Several groups of material illustrate social historical and technological phenomena currently at the forefront of scholarly debate and study such as the crucial period of the turnover from Iron Age hut villages to the fully urbanized princely Etruscan cities the development and extent of ancient literacy and the position of women and children in ancient societies Many special objects seldom found or generally inaccessible in the United States include Faliscan tomb groups Etruscan inscriptions helmets and

trade goods The catalogue presents and analyzes objects of warfare weaving animals religious beliefs architectural and terracotta roofing ornaments Etruscan bronze working for utensils weapons and artwork and fine generic portraiture It discusses the symbolic meaning of such objects deposited in tombs as a chariot buried with a Faliscan lady at Narce a senator s folding stool buried in a later tomb at Chiusi and a pair of horse bits with the teeth of a chariot team still adhering to them where the teeth fell when sacrificed for a funeral in the fifth century necropolis at Tarquinia much later than the horse sacrifice was previously known in Etruria   *Chinese Buddhist Sculpture Under the Liao* Marilyn Leidig Gridley,1985

   Couched in Death Elizabeth P. Baughan,2013 In Couched in Death Elizabeth P Baughan offers the first comprehensive look at the earliest funeral couches in the ancient Mediterranean world These sixth and fifth century BCE klinai from Asia Minor were inspired by specialty luxury furnishings developed in Archaic Greece for reclining at elite symposia It was in Anatolia however in the dynastic cultures of Lydia and Phrygia and their neighbors that klinai first gained prominence not as banquet furniture but as burial receptacles For tombs wooden couches were replaced by more permanent media cut from bedrock carved from marble or limestone or even cast in bronze The rich archaeological findings of funerary klinai throughout Asia Minor raise intriguing questions about the social and symbolic meanings of this burial furniture Why did Anatolian elites want to bury their dead on replicas of Greek furniture Do the klinai found in Anatolian tombs represent Persian influence after the conquest of Anatolia as previous scholarship has suggested Bringing a diverse body of understudied and unpublished material together for the first time Baughan investigates the origins and cultural significance of kline burial and charts the stylistic development and distribution of funerary klinai throughout Anatolia She contends that funeral couch burials and banqueter representations in funerary art helped construct hybridized Anatolian Persian identities in Achaemenid Anatolia and she reassesses the origins of the custom of the reclining banquet itself a defining feature of ancient Mediterranean civilizations Baughan explores the relationships of Anatolian funeral couches with similar traditions in Etruria and Macedonia as well as their afterlife in the modern era and her study also includes a comprehensive survey of evidence for ancient klinai in general based on analysis of more than three hundred klinai representations on Greek vases as well as archaeological and textual sources   *International Conf Greek Arch Terracottas (Hesperia Supplement 27)* Nancy A. Winter,1994 A collection of papers on architectural terracottas revealing aspects of ancient history and the classical world from mainland Greece Northern Greece and Albania the Black Sea Aegean Islands and Asia Minor South Italy and Sicily

   The Lady's Gazette of Fashion ,   Journal of Glass Studies ,1963   *Traditional Embroideries of India* Shailaja D. Naik,1996   **The Scottish Christian Herald** ,1836   Metalwork from the Hellenized East Michael Pfrommer,1993-05-20 This heavily illustrated catalogue is devoted to the Museum s collection of silver and gold from the Hellenized East one of the largest yet assembled Among the objects included are rhyta bowls cups jewelry and decorative gold and silver ornaments for horse bridles and clothing In an extensive introduction the author dates the various groups of

objects and places them within a wider cultural and archaeological context providing a detailed stylistic analysis of the ornamental motifs of many pieces Of particular importance is the inclusion of illustrations of some 50 little known comparative objects as well as extensive bibliographic references   **Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c** ,1848   **Popular Educator** ,1922   **Primary Education** ,1921
