Limits and Languages in Contemporary Irish Women's Poetry Daniela Theinová, 2020-10-18 Limits and Languages in Contemporary Irish Women's Poetry examines the transactions between the two main languages of

Irish literature English and Irish and their formative role in contemporary poetry by Irish women Daniela Theinov explores the works of well known poets such as Eavan Boland Eil an N Chuilleán in Nuala N Dhomhnaill Biddy Jenkinson and Medbh McGuckian combining for the first time a critical analysis of the language issue with a focus on the historical marginality of women in the Irish literary tradition Acutely alert to the textures of individual poems even as she reads these against broader critical theoretical horizons Theinov engages directly with texts in both Irish and English By highlighting these writers uneasy poetic and linguistic identity and by introducing into this wider context some more recent poets including Vona Groarke Caitriona O Reilly Sinéad Morrissey Ailbhe Darcy and Aifric Mac Aodha this book proposes a fundamental critical reconsideration of major late twentieth century Irish women poets and by extension the nation's canon

Designing Kinetics for Architectural Facades Jules Moloney, 2011-06-14 Architectural facades now have the potential to be literally kinetic through automated sunscreens and a range of animated surfaces This book explores the aesthetic potential of these new types of moving facades Critique of theory and practice in architecture is combined here with ideas from kinetic art of the 1960s From this background the basic principles of kinetics are defined and are used to generate experimental computer animations By classifying the animations a theory of kinetic form called state change is developed This design research provides a unique and timely resource for those interested in the capacity of kinetics to enliven the public face of architecture Extra material including animations can be seen at www.kineticarch.net/statechange

Manuscript Poetics Francesco Marco Aresu, 2023-11-15 Manuscript Poetics explores the interrelationship between the material features of textual artifacts and the literary aspects of the medieval Italian texts they preserve This original study is both an investigation into the material foundations of literature and a reflection on notions of textuality writing and media in late medieval and early modern Italy Francesco Marco Aresu examines the book objects of manuscripts and early printed editions asking questions about the material conditions of production circulation and reception of literary works He invites scholars to reconcile reading with seeing and with touching and to challenge contemporary presumptions about technological neutrality and the modes of interfacing and reading Manuscript Poetics investigates the correspondences between textuality and materiality content and medium and visual verbal messages and their physical support through readings of Dante Alighieri's Vita nova Giovanni Boccaccio's Teseida and Francesco Petrarca's canzoniere Rerum vulgarium fragmenta Aresu shows that Dante Boccaccio and Petrarca evaluated and deployed the tools of scribal culture to shape signal or layer meanings beyond those they conveyed in their written texts Medieval texts Aresu argues are uniquely positioned to provide this perspective and they are foundational to the theoretical understanding of new forms and materials in our media saturated contemporary world

Louis Kahn Mateo Kries, Jochen Eisenbrand, Stanislaus von Moos, 2012 The American architect Louis Kahn 1901-1974 is regarded as one of the great master builders of the twentieth century With complex spatial compositions an elemental formal vocabulary and a choreographic mastery of light Kahn created buildings of archaic beauty As the first

comprehensive publication on this architect in 20 years the book *Louis Kahn The Power of Architecture* presents all of his important projects It includes essays by prominent Kahn experts and an expansive illustrated biography with many new facts and insights about Kahn s life and work In a number of interviews leading architects such as Frank Gehry Renzo Piano Peter Zumthor and Sou Fujimoto underline Kahn s significance in today s architectural discourse An extensive catalogue of works features original drawings and architectural models from the Kahn archive The compendium is further augmented by a portfolio of Kahn s travel drawings as well as photographs by Thomas Florschuetz which offer completely new views of the Salk Institute and the Indian Institute of Management

The Story of Architecture Witold Rybczynski, 2022-11-29 An inviting exploration of architecture across cultures and centuries by one of the field s eminent authors In this sweeping history from the Stone Age to the present day Witold Rybczynski shows how architectural ideals have been affected by technological economic and social changes and by changes in taste The host of examples ranges from places of worship such as Hagia Sophia and Brunelleschi s Duomo to living spaces such as the Katsura Imperial Villa and the Alhambra national icons such as the Lincoln Memorial and the Sydney Opera House and skyscrapers such as the Seagram Building and Beijing s CCTV headquarters Rybczynski s narrative emphasizes the ways that buildings across time and space are united by the human desire for order meaning and beauty This is the story of architecture s physical manifestation of the universal aspiration to celebrate honor and commemorate and an exploration of the ways that each building is a unique product of patrons architects and builders Firm in opinion even handed and rooted in scholarship this book will delight anyone interested in understanding the buildings they use visit and pass by each day

Kyra Carol Gilligan, 2008-01-15 An unforgettable novel about love and the first work of fiction by the author of the groundbreaking nonfiction bestseller *In a Different Voice* Kyra is an architect involved in a project to design a new city Andreas a theater director is staging an innovative production of the opera *Tosca* Both have come through political upheaval and personal loss Neither wants to fall in love Yet when she asks him What is the opposite of losing and he says Finding it galvanizes a powerful attraction and they risk opening themselves to love once again When their love affair leads to a shocking betrayal Kyra s fierce determination to see under the surface to know what was true and real brings her to Greta a remarkable therapist As the therapy itself repeats the themes of love and loss Kyra challenges its structure and the struggle that ensues between the two women opens the way to a larger understanding Passionate and revolutionary Kyra is an exquisitely written love story imbued with gentle humor This is an extraordinary work of fiction by one of the most brilliant writers of our time A triumph Carol Gilligan has always dazzled and moved us with her brilliant mind visionary wisdom and compassionate heart Now she gives us as well an irresistible novel about the power of history to hurt us but the power of love to heal these wounds and redeem us She is amazing Catharine R Stimpson

[Louis I. Kahn](#) Per Olaf Fjeld, Emily Randall Fjeld, 2019-10-04 *Louis I Kahn The Nordic Latitudes* is a new and personal reading of the architecture teachings and legacy of Louis I Kahn from Per Olaf Fjeld s

perspective as a former student The book explores Kahn's life and work offering a unique take on one of the twentieth century's most important architects Kahn's Nordic and European ties are emphasized in this study that also covers his early childhood in Estonia his travels and his relationships with other architects including the Norwegian architect Arne Korsmo The authors have gathered personal reflections archival material and other student work to offer insight into the wisdom that Kahn imparted to his students in his famous masterclass Louis I Kahn The Nordic Latitudes addresses Kahn's legacy both personally and in terms of the profession documents a research trip the University of Pennsylvania's Louis I Kahn Collection and confronts the affiliation of Kahn's work with postmodernism

Constructing the Architect Leonard R. Bachman, 2019-01-22 Unlike books that concentrate on the monuments and other artefacts that architects produce *Constructing the Architect* focuses on architecture as a disciplinary and professional process an institution of society and a career of learning and mastery In doing so it offers a lens into the architecture of architecture Mapping architecture as a coherent whole Leonard Bachman shows that the field must be understood as four mutually reinforcing modes of inquiry design research strategy and education Within this framework he explains how institutions and actors hold differing perspectives on the critical discourse that advances architecture and identifies the various tensions and leverage points for change within the discipline Featuring over 100 illustrations to support understanding of this highly visual subject this is an essential introduction for any student seeking to understand what it means to be an architect and to enter the professional discourse

[You Say to Brick](#) Wendy Lesser, 2017-03-14 Born in Estonia 1901 and brought to America in 1906 the architect Louis Kahn grew up in poverty in Philadelphia By the time of his mysterious death in 1974 he was widely recognized as one of the greatest architects of his era Yet this enormous reputation was based on only a handful of masterpieces all built during the last fifteen years of his life Wendy Lesser's *You Say to Brick* The Life of Louis Kahn is a major exploration of the architect's life and work Kahn perhaps more than any other twentieth century American architect was a public architect Rather than focusing on corporate commissions he devoted himself to designing research facilities government centers museums libraries and other structures that would serve the public good But this warm captivating person beloved by students and admired by colleagues was also a secretive man hiding under a series of masks Kahn himself however is not the only complex subject that comes vividly to life in these pages His signature achievements like the Salk Institute in La Jolla the National Assembly

Building of Bangladesh and the Indian Institute of Management in Ahmedabad can at first seem as enigmatic and beguiling as the man who designed them. In attempts to describe these structures we are often forced to speak in contradictions and paradoxes: structures that seem at once unmistakably modern and ancient; enormous built spaces that offer a sense of intimate containment; designs in which light itself seems tangible, as raw material as tactile as travertine or Kahn's beloved concrete. This is where Lesser's talents as one of our most original and gifted cultural critics come into play. Interspersed throughout her account of Kahn's life and career are exhilarating in situ descriptions of what it feels like to move through his built structures. Drawing on extensive original research, lengthy interviews with his children, his colleagues and his students, and travel to the far flung sites of his career defining buildings, Lesser has written a landmark biography of this elusive genius, revealing the mind behind some of the twentieth century's most celebrated architecture.

The Art Museums of Louis I. Kahn Patricia Cummings Loud, Louis I. Kahn, 1989

The art museum has become a prestige commission for contemporary architects and for several decades reference has been made to a museum building boom. Among these new museums, those of Louis Kahn are especially admired. This significant American architect who ranks in this century with Frank Lloyd Wright both as a creator and as an influence, has made a special contribution to the architecture of museums and has helped create a subtle but telling change in the concept of what a late twentieth century museum building should be. After a brief look at the development of a tradition in museum architecture, this study examines Kahn's three art museums: the Yale University Art Gallery, the Kimbell Art Museum, and the Yale Center for British Art. It traces the development of each museum through its various stages, the background of the institutions and the commissions, the programs for the buildings, their designs and evolutions, their constructions, and the evaluations of the completed buildings. Material on Kahn's plans for a museum for the De Menil collection, begun shortly before his death, is also included. Accompanying the text are illustrations of the buildings, including Kahn's personal sketches, architectural plans and sections, and presentation perspective drawings. Photographs of the finished buildings present the transformed vision of the architect in tangible form, showing that the museums, while related, are individualized accomplishments. This is the first comprehensive study of Kahn's museums.

Understanding Context Andrew Hinton, 2014-12-02

To make sense of the world we're always trying to place things in context, whether our environment is physical, cultural, or something else altogether. Now that we live among digital, always networked products, apps, and places, context is more complicated than ever, starting with where and who we are. This practical, insightful book provides a powerful toolset to help information architects, UX professionals, and web and app designers understand and solve the many challenges of contextual ambiguity in the products and services they create. You'll discover not only how to design for a given context, but also how design participates in making context. Learn how people perceive context when touching and navigating digital environments. See how labels, relationships, and rules work as building blocks for context. Find out how to make better sense of cross-channel, multi-device products or services. Discover how
