Discovering Quacks, Utopias, and Cemeteries Cynthia Williams Resor, 2019-06-21 Discovering Quacks Utopias and Cemeteries Modern Lessons from Historical Themes explores two enduring issues our age old pursuit of better lives and how the media impacts our choices In this unique approach to social history each chapter opens with essential questions asking the reader to consider these issues in historical and modern life The histories of fake cures imaginary and real utopias cemeteries tombstones and scrapbooks are explored from ancient times through the transformations caused by the Industrial

Revolution into the twentieth century Historical images excerpts from primary source documents and activities adaptable to learners of all ages are included to illustrate the role of historical media Quacks Utopias and Cemeteries the third in the daily life series by Cynthia Resor is an ideal book for history enthusiasts especially social studies teachers education or humanities professors museum educators and anyone wanting to know about the lives of average people in the past Beyond Vanity Elizabeth L. Block,2024-09-10 From the award winning author of Dressing Up a riveting and diverse history of women's hair that reestablishes the cultural power of hairdressing in nineteenth century America In the nineteenth century the complex cultural meaning of hair was not only significant but it could also impact one's place in society After the Civil War hairdressing was also a growing profession and the hair industry a mainstay of local national and international commerce In Beyond Vanity Elizabeth Block expands the nascent field of hair studies by restoring women's hair as a cultural site of meaning in the early United States With a special focus on the places and spaces in which the hair industry operated Block argues that the importance of hair has been overlooked due to its ephemerality as well as its misguided association with frivolity and triviality As Block clarifies hairdressing was anything but frivolous Using methods of visual and material culture studies informed by concepts of cultural geography Block identifies multiple substantive categories of place and space within which hair acted These include the preparatory places of the bedroom hair salon and enslaved peoples quarters as well as the presentation places of parties fairs stages and workplaces Here are also the untold stories of business owners many of whom were women of color and the creators of trendsetting styles like the pompadour and Gibson Girl bouffant Block's ground breaking study examines how race and racism affected who participated in the presentation and business of hair and according to which standards The result of looking closely at the places and spaces of hair is a reconfiguration that allows a new understanding of the cultural power of hair in the period **World Clothing and Fashion** Mary Ellen Snodgrass,2015-03-17 Taking a global multicultural social and economic perspective this work explores the diverse and colourful history of human attire From prehistoric times to the age of globalization articles cover the evolution of clothing utility style production and commerce including accessories shoes hats gloves handbags and jewellery for men women and children Dress for different climates occupations recreational activities religious observances rites of passages and other human needs and purposes from hunting and warfare to sports and space exploration are examined in depth and detail Fashion and design trends in diverse historical periods regions and countries and social and ethnic groups constitute a major area of coverage as does the evolution of materials from animal fur to textiles to synthetic fabrics and production methods from sewing and weaving to industrial manufacturing and computer aided design Dress as a reflection of social status intellectual and artistic trends economic conditions cultural exchange and modern media marketing are recurring themes Influential figures and institutions in fashion design industry and manufacturing retail sales production technologies and related fields are also covered Artifacts from Nineteenth-Century America Elizabeth B. Greene,2022-11-07 This book

presents both nationally significant objects and ordinary items from everyday life to provide insight into 19th century American society showing readers how the production design function and use of these objects can inform our understanding of the period Artifacts from 19th Century America examines a broad array of objects representing various aspects of 19th century American society The objects have been chosen to illuminate daily life in a number of categories including cooking entertainment grooming clothing and accessories health household items religious life work and education The book s 53 entries include a brief introduction to the background of the object when and why it was made and who used it followed by a detailed description of the object itself Finally each entry provides a deep dive into the object s significance and how the object reveals clues about the social political economic and intellectual life of the society in which it was produced and utilized Students and general readers alike will not only learn about the time period but also learn to use the skills of material culture theory and method including how to draw meaningful conclusions from each object about their historical context and significance

Cultivating Community Jodey Nurse, 2022-02-22 For close to two hundred years families and individuals across Ontario have travelled down country roads and gathered to enjoy seasonal agricultural fairs Though some features of township and county fairs have endured for generations these community events have also undergone significant transformations since 1850 especially in terms of women s participation Cultivating Community tells the story of how women s involvement became critical to agricultural fairs growth and prosperity By examining women s diverse roles as agricultural society members fair exhibitors performers volunteers and fairgoers Jodey Nurse shows that women used fairs manifold nature to present different versions of rural womanhood Although traditional domestic skills and handicrafts such as baking needlework and flower arrangement remained the domain of women throughout this period women steadily enlarged their sphere of influence on the fairgrounds By the mid twentieth century they had staked out a place in venues previously closed to them including the livestock show ring the athletic field and the boardroom Through a wealth of fascinating stories and colourful detail Cultivating Communities adds a new dimension to the social and cultural history of rural women placing their activities at the centre of the agricultural fair

Gruesome Looking Objects Elijah Gaddis, 2022-11-17 The 1898 lynching of Tom Johnson and Joe Kizer is retold in this groundbreaking book Unlike other histories of lynching that rely on conventional historical records this study focuses on the objects associated with the lynching including newspaper articles fragments of the victims clothing photographs and souvenirs such as sticks from the hanging tree This material culture approach uncovers how people tried to integrate the meaning of the lynching into their everyday lives through objects These seemingly ordinary items are repositories for the comprehension interpretation and commemoration of racial violence and white supremacy Elijah Gaddis showcases an approach to objects as materials of history and memory insisting that we live in a world suffused with the material traces of racial violence past and present

Women and the Art and Science of Collecting in Eighteenth-Century Europe Arlene Leis, Kacie L. Wills, 2020-08-31 Through both longer essays and shorter case

Cultural History of Hair in the Age of Empire Sarah Heaton,2020-12-10 Hair or lack of it is one the most significant identifiers of individuals in any society In Antiquity the power of hair to send a series of social messages was no different This volume covers nearly a thousand years of history from Archaic Greece to the end of the Roman Empire concentrating on what is now Europe North Africa and the Near East Among the key issues identified by its authors is the recognition that in any given society male and female hair tend to be opposites when male hair is generally short women s is long that hair is a marker of age and stage of life children and young people have longer less confined hairstyles adult hair is far more controlled hair can be used to identify the other in terms of race and ethnicity but also those who stand outside social norms such as witches and mad women The chapters in **A Cultural History of Hair in Antiquity** cover the following topics religion and ritualized belief self and society fashion and adornment production and practice health and hygiene gender and sexuality race and ethnicity class and social status and cultural representations **Wonder in Contemporary Artistic Practice**

Christian Mieves,Irene Brown,2017-01-12 Wonder has an established link to the history and philosophy of science However there is little acknowledgement of the relationship between the visual arts and wonder This book presents a new perspective on this overlooked connection allowing a unique insight into the role of wonder in contemporary visual practice Artists curators and art theorists give accounts of their approach to wonder through the use of materials objects and ways of exhibiting These accounts not only raise issues of a particular relevance to the way in which we encounter our reality today but ask to what extent artists utilize the function of wonder purposely in their work Needle Work Jamie

Jelinski,2024-06-15 In 1891 J Murakami travelled from Japan via San Francisco to Vancouver Island and began working in and around Victoria His occupation creating permanent images on the skin of paying clients From this early example of tattooing as work Jamie Jelinski takes us from coast to coast with detours to the United States England and Japan as he traces the evolution of commercial tattooing in Canada over more than one hundred years Needle Work offers insight into how tattoo artists navigated regulation the types of spaces they worked in and the dynamic relationship between the images they tattooed on customers and other forms of visual culture and artistic enterprise Merging biographical narratives with an

examination of tattooing's place within wider society Jelinski reveals how these commercial image makers bridged conventional gaps between cultural production and practical for profit work thereby establishing tattooing as a legitimate career Richly illustrated and drawing on archives print media and objects held in institutions and private collections across Canada and beyond Needle Work provides a timely understanding of a vocation that is now familiar but whose intricate history has rarely been considered Once We Were Slaves Laura Arnold Leibman,2021-07-12 Once We Were Slaves tells the story of a brother and sister who were born enslaved Christians in Barbados yet ended up among the wealthiest white Jews in New York Tracing the siblings extraordinary journey throughout the Atlantic world Leibman examines artifacts they left behind family heirlooms and official documents to show how this transformation was possible Though their affluence was exceptional their story mirrors that of the largely forgotten population of mixed African and Jewish ancestry that constituted as much as ten percent of the Jewish communities in the New World and challenges current notions regarding Jews and race in early America Just Enough to Put Him Away Decent Kristine M. McCusker,2023-07-11 As the twentieth century began Black and white southerners alike dealt with low life expectancy and poor healthcare in a region synonymous with early death But the modernization of death care by a diverse group of actors changed not only death rituals but fundamental ideas about health and wellness Kristine McCusker charts the dramatic transformation that took place when southerners in particular and Americans in general changed their thinking about when one should die how that death could occur and what decent burial really means As she shows death care evolved from being a community act to a commercial one where purchasing a purple coffin and hearse ride to the cemetery became a political statement and the norm That evolution also required interactions between perfect strangers especially during the world wars as families searched for their missing soldiers In either case being put away decent as southerners called burial came to mean something fundamentally different in 1955 than it had just fifty years earlier **Abolitionist Cosmopolitanism: Reconfiguring Gender, Race, and Nation in American Antislavery Literature** Pia Wiegink,2022-09-19 Abolitionist Cosmopolitanism redefines the potential of American antislavery literature as a cultural and political imaginary by situating antislavery literature in specific transnational contexts and highlighting the role of women as producers subjects and audiences of antislavery literature Pia Wiegink draws attention to locales authors and webs of entanglement between texts ideas and people Perceived through the lens of gender and transnationalism American antislavery literature emerges as a body of writing that presents profoundly reconfigured literary imaginations of freedom and equality in the United States prior to the Civil War

Material Culture in America Helen Sheumaker, Shirley Wajda,2007-11-07 The first encyclopedia to look at the study of material culture objects images spaces technology production and consumption and what it reveals about historical and contemporary life in the United States Reaching back 400 years Material Life in America An Encyclopedia is the first reference showing what the study of material culture reveals about American society revelations not accessible through

traditional sources and methods In nearly 200 entries the encyclopedia traces the history of artifacts concepts and ideas industries peoples and cultures cultural productions historical forces periods and styles religious and secular rituals and traditions and much more Everyone from researchers and curators to students and general readers will find example after example of how the objects and environments created or altered by humans reveal as much about American life as diaries documents and texts

Whiskerology Sarah Gold McBride, 2025 Whiskerology traces how hair became a significant marker of identity and belonging in nineteenth century America Viewed during the colonial period as disposable to be donned or removed like clothing hair later became an external sign of internal truths about the self especially one's gender race and nationality
