Dahlia in Bloom: Crafting a Fresh Start With Magical Tools Volume 1 Hisaya Amagishi, 2021-09-27 After dying of overwork in Japan Dahlia is reborn into a world filled with magic Raised by a master of magical toolmaking she develops a passion for the craft and becomes engaged to her father's apprentice Before her father can see her wed however he suddenly passes away As if this weren't enough on the day before their wedding her fiancé announces that he's in love but not with her Dahlia finally realizes she needs to live for herself She vows to be her own woman from now on and devote herself to her craft even if it's not quite the quiet life she was hoping for From a chance encounter with a knight to starting her own company there are challenges aplenty on the horizon But this young craftswoman is no longer a shrinking violet she's Dahlia and she's ready to bloom [The Anthropology of Magic](#) Susan Greenwood, 2009-11-01 Magic is arguably the least

understood subject in anthropology today Exotic and fascinating it offers us a glimpse into another world but it also threatens to undermine the foundations of anthropology due to its supposed irrational and non scientific nature Magic has thus often been explained away by social or psychological reduction The Anthropology of Magic redresses the balance and brings magic as an aspect of consciousness into focus through the use of classic texts and cutting edge research Suitable for student and scholar alike The Anthropology of Magic updates a classical anthropological debate concerning the nature of human experience A key theme is that human beings everywhere have the potential for magical consciousness Taking a new approach to some perennial topics in anthropology such as shamanism mythology witchcraft and healing the book raises crucial theoretical and methodological issues to provide the reader with an engaging and critical understanding of the dynamics of magic
