scientific designing and making activities are natural to young children and have the potential for contributing to all aspects of their learning. By identifying the scientific and design related concepts, skills and activities being developed, the book enables the reader to make more focused diagnostic observations of young children and plan for how they can help move them forward in their learning. This second edition has been thoroughly updated and features six new chapters providing practical advice and examples for enhancing scientific and technological learning through thematic approaches, a new chapter focusing on the outdoor learning environment and how this can support science and technology, new case studies of successful early years practice alongside examples of practical planning for learning and advice on documenting children's learning stories, guidance on the role of talk, narrative, documentation and planning in relation to early years science and technology. Based on the latest research and the first hand experience, this practical and accessible book is essential reading for early years and primary students on undergraduate and Masters level courses.

Not just Porridge: English Literature at Table Francesca Orestano, Michael Vickers, 2017-04-30. Concocted in Italy by scholars of English and sifted through the judgement of the English editor, this volume traces a curious history of English literature from the tasty and spicy recipes of the Middle Ages down to very recent times.
