Magical Parent Magical Child The Art Of Joyful Parenting:

Magical Parent Magical Child Michael Mendizza, Joseph Chilton Pearce, 2004-05-10 This parenting guide presents seven principles for guiding and teaching children in today's turbulent learning environment. It replaces traditional adult child formulas, rewards and punishments with playful interaction, creative intelligence and insight. With the goal of raising happy, healthy, intelligent young people, the book adopts proven strategies that allow top athletes and others to perform at high levels, called variously zone flow and play. Using these concepts, parents and other caregivers will learn how to create and maintain Optimum Learning Relationships with children of any age. The Art of Conscious Parenting Jeffrey L.

Fine, 2009-09-28 A new approach to creating, rediscovering and renewing the intimate bonds between parents and children. Explains the importance of bonding with your child in utero and the physical and mental preparation needed even before conception. Shows how green parenting, breast feeding, contact with nature and low tech creativity can enhance your child's life. *The Art of Conscious Parenting* won the 2010 Gold Nautilus Award for the best Parenting/Childcare book. The Nautilus Awards recognize books that promote spiritual growth, conscious living and positive social change while at the same time stimulating the imagination and offer the reader new possibilities for a better life and a better world. Our first days and months of life are critical in forming the attitudes we bring into adulthood and in structuring the very roots of our personality. Simple bonding techniques, long forgotten in our modern world but stemming from the age-old customs of indigenous peoples, are at the core of a new model of conscious parenting that can produce happy and well-adjusted children. These practices also help parents experience an increased joy and intimacy both with their child and with each other. Based on obstetric and psychological evidence, Jeffrey and Dalit Fine reveal how bonding begins in utero and that the physical and mental preparation of both the father and mother even before conception sets the tone for the future well-being of the child. They show how sustained physical contact and simple ways of consciously interacting with your infant, eye contact with the newborn baby, wearing instead of stroller use and co-sleeping have an observable positive effect. They also show that the green parenting practices of breast feeding, contact with nature and simple low tech creative play not only provide a more hands-on and intimate approach to parenting but also are more economical and environmentally sustainable. From in utero bonding through the challenges and joys of consciously interacting with your growing child, this book will help parents rediscover and apply the natural art of conscious parenting.

Respectful Parents, Respectful Kids Sura Hart, Victoria Kindle Hodson, 2006-10-28 More than a tool to correct bad behavior, this handbook urges parents to move beyond typical discipline techniques by creating an environment based on mutual respect, emotional safety and positive open communication. The seven outlined principles redefine the parent-dominated family by teaching parents how to achieve mutual parent-child respect without being submissive, set firm limits without using demands or coercion and empower children to open up, cooperate and realize their own innate potential. Based on Marshall Rosenberg's Nonviolent Communication process, the

framework helps parents break down the barriers to outstanding relationships with their kids by avoiding destructive language and habits that keep parents and children from understanding one another Activities stories and resources help parents immediately apply the seven keys to any parenting situation *The Power of Yes* Starr Cline,2007-07 You have within you the power to create Creativity allows you to reach your potential regardless your field of endeavor Creativity embraces the way you think and feel The question becomes What has to occur so that your creative juices can flow This book discusses the nature of the creative process and how establishing a positive environment is instrumental in revealing identifying and nurturing the talents and abilities you possess Starr Cline s book provides a very comprehensive update of the most important concepts in the study of creativity Educators and others interested in creativity and innovation today will find this book a valuable resource Sidney J Parnes Professor Emeritus State University of Buffalo Founder of the Creative Studies Program In *The Power of Yes* Starr Cline has provided the fields of creativity and human development with a poignant contribution Her work combines solid grounding in research in creativity and psychology with her years of significant professional experience The book is rich with information about the role of creativity in striving for and reaching human potential I am impressed with how the author addresses issues of human intelligence and makes them very palatable to the reader It is a must read and an important guide for educators concerned parents as well as any other adults who realize that continued growth is an option we all have Doris J Shallcross Ed D Professor Emerita University of Massachusetts Amherst Past President Creative Education Foundation Starr Cline s book *The Power of Yes* is for those who believe in the power of creativity and those who want to believe in it The book has the power to amaze and inspire with an incredible array of information about creativity and its importance in the full development of human potential Dorothy Sisk Director of the Center for Creativity Innovation and Leadership Lamar University Beaumont Texas [Conscious Parenting Workbook](#) Bhadra Mitchell,2014-11-12 By choosing to parent children or to serve as a friend educator or informal mentor you have taken up an admirable and challenging task Committing yourself to the care and education of children sets you on a journey that is ripe with enormous opportunities for personal growth expanded love joy self understanding and compassion It also introduces you to areas of your own life that may have been unexamined confronting you with limiting beliefs and issues of your own self esteem This Workbook is the companion volume to *Conscious Parenting* by Lee Lozowick Hohm Press 2010 and is designed be a useful map and travel guide for you on this adventure The *Conscious Parenting Workbook* like *Conscious Parenting* itself aims to assist you in aligning with a big view of the subject an overall context from which to parent and educate Years of personal experience combined with solid foundations shared with many great educators have made Lee Lozowick s *Conscious Parenting* a pragmatic handbook much appreciated by his peers and by thousands of parents worldwide But especially and perhaps uniquely his work relies on life affirming principles culled from his own spiritual understanding along with those from other longstanding spiritual traditions His work then speaks to the ways and means for
