Nietzsche Leah Batstone, 2023 Examines how Nietzschean ideas influenced the composition of Mahler's first four so-called Wunderhorn symphonies. Gustav Mahler and Friedrich Nietzsche both exercised a tremendous influence over the twentieth century. All the more fascinating then is Mahler's intellectual engagement with the writings of Nietzsche. Given the limited and frequently cryptic nature of the composer's own comments on Nietzsche, Mahler's specific understanding of the elusive thinker is achieved through the examination of Nietzsche's reception amongst the people who introduced composer to philosopher members of the Pernerstorfer Circle at the University of Vienna. Mahler's Nietzsche draws on a variety of primary sources to answer two key questions. The first is hermeneutic: what do Mahler's allusions to Nietzsche mean? The second is creative: how can Mahler's own characterization of Nietzsche as an epoch-making influence be identified in his compositional techniques? By answering these two questions, the book paints a more accurate picture of the intersections of the arts, philosophy, and politics in fin de siècle Vienna. Mahler's Nietzsche will be required reading for scholars and students of nineteenth and early twentieth-century German music and philosophy. **Actex Study Manual for the SOA/CAS**
