This easy to use classroom resource is packed with routines lessons centers charts resources and teaching tips. Break key literacy concepts and skills into manageable teachable pieces     **Academic Language Mastery: Conversational Discourse in Context** Jeff Zwiers,Ivannia Soto,2016-07-22 By now it's a given if we're to help our ELLs and SELs access the rigorous demands of today's content standards we must cultivate the code that drives school success academic language. Look no further for assistance than this much anticipated series from Ivannia Soto in which she invites field authorities Jeff Zwiers David and Yvonne Freeman Margarita Calderon and Noma LeMoine to share every teacher's need to know strategies on the four essential components of academic language. The subject of this volume is conversational discourse. Here Jeff Zwiers reveals the power of academic conversation in helping students develop language clarify concepts comprehend complex texts and fortify thinking and relational skills. With this book as your roadmap you'll learn how to foster the skills and language students must develop for productive interactions Implement strategies for scaffolding paired conversations Assess student's oral language development as you go It's imperative that our ELLs and SELs practice academic language in rich conversations with others in school especially when our classrooms may be their only opportunities to receive modeling scaffolding and feedback focused on effective discourse. This book in concert with the other three volumes in the series can provide both a foundation and a framework for accelerating the learning of diverse students across grade levels and disciplines     **Nurturing Your Child's Math and Literacy in Pre-K-Fifth Grade** Mary Mueller,Alisa Hindin,2016-11-23 With recent changes in the curriculum and standards in language arts and mathematics

parents often are challenged to find ways to help their children be successful in their learning endeavors. While parents want to be involved in their children's education they are often unsure of their role in their children's learning and the best ways to help their children to succeed academically. Moreover with the changes in how math and literacy are being taught parents often struggle with helping even first grade children with their homework. In this book we set out to alleviate this struggle by offering parents a resource they can use to navigate their child's education communicate with teachers and support their children in learning mathematics and literacy. After providing an overview of the current educational climate and tips for communication with teachers we share strategies and suggestions parents can use to assist their children in language arts and mathematics. We provide detailed descriptions of activities games books and conversations that connect with what children will be learning at each grade level.

*Creating Writers* Vicki Spandel, 2005 Creating Writers Fourth Edition is the most comprehensive exploration of the 6 trait approach to writing yet. Written by the pioneer of 6 trait writing this Fourth Edition brings everything up to date offering a comprehensive overview of the best education strategies and philosophies from the worlds of writing assessment and instruction. It provides clear guidelines on helping students draft assess and revise their writing as well as explicit criteria to show students precisely what they must do to succeed as writers in virtually any situation. Widely used at the state level school districts are incorporating the 6 traits into their state standards or assessments. This is the only book on the market that effectively helps teachers of writing prepare their students for success on state tests. New format and organization is designed to make the content clear and simple. New and revised checklists for genre specific writing instruction to separate key elements in narrative writing literary analysis and persuasive writing. New and creative ways to use 6 trait writing in classrooms are explored including adaptations for kinesthetic learners and second language learners. Ringing Endorsements for CREATING WRITERS Not only is Creating Writers the most comprehensive book ever on 6 trait writing instruction and assessment it's also a practical inspirational guide for any writing classroom. It's one of those rare professional books that both teachers and administrators read cover to cover and you'll find the well worn copies on their desks to prove it. This extensively revised edition with voluminous examples from students and literature draws the strongest link yet between writing assessment and instruction. No writing classroom should be without it. Barry Lane Author of After THE END Teaching and Learning Creative Revision The Reviser's Toolbox and The Portfolio Sourcebook Spandel has done it again. In Creating Writers Fourth Edition she shares her current thought and unparalleled skill framed around the traits of writing. The originator once again inspires us with practical enriched instruction and assessment applications promising practices for teaching and learning at its zenith. On behalf of classroom teachers everywhere Thank you Vicki Dr Donna Flood Director of Staff Development and Instructional Improvement Millard Public Schools Omaha NE If you're only going to read one book about teaching writing this year make it Creating Writers.
