The Sociology Student's Guide to Writing

Angelique Harris, Alia R. Tyner-Mullings, 2016-12-20 The Sociology Student's Guide to Writing by Angelique Harris and Alia R. Tyner-Mullings is a brief economical reference work that gives practical advice about the writing tasks and issues that undergraduate students face in their first sociology courses Along with more traditional topics it incorporates valuable information about composing emails writing for online forums and using technology for information gathering and note taking Used by itself or in combination with other texts this book will increase the quality of student writing and enhance their knowledge of how sociologists communicate in writing

Beginning Postsecondary Students Longitudinal Study

Second Follow-up Field Test Report (BPS:90/94) Daniel Johnson Pratt, 1994 This document is a summary and evaluation of methodological procedures and results for the field test of the Beginning Postsecondary Student Longitudinal Study Second Followup 1990-94 BPS 90-94 The BPS study is a departure from previous studies in that it starts with a cohort of individuals as they enter their postsecondary studies regardless of when they completed high school As a result information is becoming available about nontraditional students who have delayed the completion of their education All types of postsecondary students academic vocational occupational and technical are included and can be represented in known proportions An introduction considers the background purposes and scheduled products of the BPS study Chapter 2 describes study design and method Operating control systems implemented for the study are described in chapter 3 Details

and descriptions of data locating and collection activities and outcomes are given in chapter 4 and data quality is examined in chapter 5 Supporting documentation is presented in four appendixes Eight figures and 42 tables contain information about conducting the study SLD

Assessing Communication Education William G. Christ, 2013-11-05 Designed as a handbook this text provides media speech public speaking interpersonal small group and organizational communication and theatre educators with both the theoretical and practical ammunition to fight the assessment battles on their campuses The philosophical implications of accountability are balanced with concrete specific and usable assessment strategies Stressing student faculty course program department and institutional assessment this book's aim is to provide in one place information that will help diverse and complex communication programs face the growing challenges in assessment The book is divided into three sections background and foundational information for assessment broad assessment strategies that apply to a variety of media speech and theatre courses and programs and context specific assessment strategies While covering a host of topics it provides an overview of assessment and suggests how it might impact communication education discusses the elements of program assessment and how linkage of mission statements with outcomes can lead to strong innovative programs compares and contrasts regional association requirements and presents a specific how to strategy for writing outcome statements discusses teaching evaluation and argues that we need to identify the what of teaching before we try to measure the how looks at creative ways for formative and summative course evaluation that starts with the creation of an explicit syllabus discusses the use of capstone courses as a way of evaluating not only their major but also how students have integrated their total educational experience suggests the variety of ways that interpersonal communication can be assessed and calls for future research that stresses the knowledge component of learning reports on a strategy for developing small group communication assessment measures and provides media speech and theatre faculty and administrators with the background understanding and tools to build stronger programs and develop better courses and educational experiences for their students

The National Assessment of College Student Learning Sal Corrallo, 1996 This report summarizes proceedings and conclusions of a two day national planning workshop to further the assessment of national postsecondary outcomes as suggested by Goal 6 5 of the National Education Goals and to determine how the National Center for Education Statistics NCES and the states might work more effectively to develop mutually supportive postsecondary assessment activities and policies Conclusions of the workshop indicate that there is no immediate possibility of aggregating state level data on postsecondary outcomes to create a usable national indicator But they do suggest other ways in which the states and the federal government might work together to improve the quality of the data Section 1 provides background information and an overview of the workshop Section 2 presents results of an inventory of state activities Section 3 describes the workshop's major discussion themes and conclusions concerning 1 the current political context for postsecondary assessment 2 the corresponding methodological context and 3 results of working sessions Section

4 provides conclusions policy implications and possible next steps Appendices include in addition to the workshop agenda and participants list a paper describing current activities of the NCES and individual background papers on each state s activities in postsecondary assessment Also appended are the texts of the following prepared papers What Political Leaders Expect from Postsecondary Assessment Charles S Lenth Perspective from the National Education Goals Panel Ken Nelson The State Perspective Mark D Musick The Virginia Experience Margaret A Miller Making Assessment Essential without Legislative Mandates The Missouri Experience Ava L Fajen et al and Methodological Concerns An ETS Perspective John Mazzeo MAH

Convergent Teaching Aaron M. Pallas, Anna Neumann, 2019-12-10 How what we know about K 12 education can revolutionize learning in college Honorable Mention in the Foreword INDIES Award for Education by FOREWORD Reviews Winner of the 2021 Bronze IPPY Award for Education II Amid the wide ranging public debate about the future of higher education is a tension about the role of the faculty as instructors versus researchers and the role of teaching in the mission of a university What is absent from that discourse is any clear understanding of what constitutes good teaching in college In *Convergent Teaching* masterful professors of education Aaron M Pallas and Anna Neumann make the case that American higher education must hold fast to its core mission of fostering learning and growth for all people Arguing that colleges and universities do this best through their teaching function the book portrays teaching as a professional practice that teachers should actively hone Drawing on rich research on K 12 classroom teaching the authors develop the novel idea of convergent teaching an approach that attends simultaneously to what students are learning and the personal social and cultural contexts shaping this process Convergent teaching they write spurs teachers to join students cognitions with the students emotions and identities as they learn Offering new ways to think about how college teachers can support and

advance their students learning of core disciplinary ideas Pallas and Neumann outline targeted actions that campus administrators public policy makers and foundation leaders can take to propel such efforts Vivid examples of instructors enacting three key principles targeting surfacing and navigating help bring the idea of convergent teaching to life Full of research based practical ideas for better teaching and learning Convergent Teaching presents numerous instances of successful campus based initiatives It also sets a bold agenda for disciplinary organizations philanthropies and the federal government to support teaching improvement This book will challenge higher education students while motivating college administrators and faculty to enact change on their campuses **TOEFL Practice Exercises** Pamela J. Sharpe,2020-10-06

Publisher s Note Products purchased from Third Party sellers are not guaranteed by the publisher for quality authenticity or access to any online entitlements included with the product Barron s TOEFL Practice Exercises provides students with more than 1 000 practice questions for both the ITP Institutional TOEFL Program and the iBT Internet Based TOEFL This book has the tips strategies and practice you need to succeed on the TOEFL Explanatory answers for all questions The exercises break down each question and show you how to answer it smartly and quickly Example essays and speaking responses One full length ITP practice test with instructions for evaluating answers and determining a test score One full length iBT practice test with instructions for evaluating answers and determining a test score The top 100 academic vocabulary words on the TOEFL along with ten exercises to test proficiency *The Quality of Life in Youth Services Scale (QOLYSS)* Chris Swerts,2022-12-14 Individual quality of life has been widely used as a frame of reference guiding service provision in social and health services as well as a critical objective or outcome of these services Yet the topic of quality of life in the context of child and youth care remains a relatively uncharted territory This dissertation is based on a practice oriented project that focuses on bridging the gap between research and practice on the topic of quality of life of adolescents in youth care This work concentrates on the development validation and application of a new self report tool grounded in youngsters experiences and perceptions to methodically and systematically assess the quality of life of adolescents in youth care from their own perspectives the Quality of Life in Youth Services Scale QOLYSS The QOLYSS aims to help understand how youngsters perceive evaluate and make sense of varying discrete aspects and circumstances of their lives This line of work offers valuable insights to develop person centered planning and implement individualized support tailored to youngsters characteristics perceptions of life wishes and expectations It further helps unveil critical opportunities and barriers regarding a life of quality on the different layers of everyday life of youngsters The work presented here provides a concrete tool and a number of cross cutting implications for research practice and policy when aiming to build quality of life enhancing environments for youngsters in youth care that help them re claim ownership of their lives and care pathways

Assessment for Excellence Alexander W. Astin,Anthony Lising Antonio,2012-07-13 Assessment for Excellence introduces a philosophy of assessment based upon the talent development concept Colleges and universities prioritize developing the

talents of students and faculty rather than gathering the most resources and status for their institutions
