Rahul Mookerjee,2020-03-20 Dear friend and FELLOW pull up ENTHUSIAST If there EVER was an exercise that lends itself to unending awe speculation and AMAZEMENT at being performed RIGHT it is the mighty PULL UP If there EVER was an exercise that builds strength in your upper body to near LEGENDARY King Kong like levels it is the ALMIGHTY pull up If there EVER EVER was ONE exercise that you would want to MASTER in all it s forms shapes and guises it is this the PULL UP If you want gorilla like traps and FOREARMS and a mighty rugged MUSCULAR chest and lat spread that looks like you d need to turn around sideways to get into the average door you need to get good VERY good indeed at ONE exercise the PULL UP If there EVER was an exercise that built outrageous abdominal STRENGTH insane twelve pack like definition and got rid of fat SUPER QUICK all over your upper body it is well I think you ve guessed it If there ever was ah but while I could write

several tomes on the pull up and still NOT be done I think you get the drift Pull ups my friend are not only the most complete ADVANCED upper body exercise there is but they are also one of the misunderstood badly performed kipping ugh and awe inspiring exercises out there Every man wants to be able to bang out at least 10 pull ups EFFORTLESSLY in letter perfect form but lets face it Most modern day men I use quotes for a damned good reason would do well to hang on to the chinning bar for any length of time let alone with the right GRIP and as for performing a pull up or half pull up or quarter Well my friend the VAST majority of modern day men again I use quotes for a reason would be unable to even muster up the strength to pull their saggy bloated asses up even an inch or two without straining a tricep or two or more And most modern day men that TRY to do pull ups as opposed to actually DO even half a REAL pull up remain sore for DAYS after their first attempt Sounds familiar doesn't it Yeah I thought so Wouldn't YOU want to be lean and mean a fighting MACHINE like the soliders in the Marines and elite forces are around the world Would you NOT want the ability to take punches to your midsection from PROFESSIONAL hitters and have them bounce off ya like they were nothing As a friend of mine once told me I'd be wasting my time by hitting there Would you not want the twelve pack and corrugated CORE and extreme upper body ape like strength and definition that most men can only DREAM of Of course you would WHAT THIS TUTORIAL CONTAINS The path breaking Pull ups from DUD to STUD within a matter of WEEKS a course that truly HAS brought folks from zero to hero level at pull ups in RECORD TIME The torch bearing ADVANCED COURSE ON pull ups Pull ups from STUD to SUPER STUD that has turned previous fit folks into FREAKS of nature my friend with ape like upper body strength and black smith like IRONMONGER stylegrip that the average man can only dream of and MARVEL at And as if that wasn't enough there is also a FAQ section on pull ups which addresses ALL the most commonly asked questions that folks have on pull ups I guarantee you you ain't gonna find a more complete compilation on FAQ's in terms of pull ups ANYWHERE ELSE In fact this alone probably justifies more than at least half the price of the course if I were to be very frank and brutally honest with ya Grab it now my friend it truly IS a one of kind tutorial out there and combined with the FAQ section it truly IS the BEST I repeat VERY BEST course out there on pull ups I challenge you to prove me otherwise To your success Rahul Mookerjee Pull-ups: from DUD to STUD within a matter of WEEKS! Rahul Mookerjee,2017-11-15 If you're reading this chances are good you know what it feels like not to be able to do ONE single pull up at this point in time In fact chances are that even hanging on to the pull up bar for any length of time is an exercise in futility for you and I can understand this predicament The average Joe today can barely hold on to a chinning bar for more than a few seconds before having to let go let alone pound out rep after perfect rep on the much feared admired PULL UP or chin up If you're the guy that could barely pump out one pull up in high school where the rest of the kids pumped em out AD INFINITUM well not to worry THIS course will get you cranking em out IN NO TIME FLAT But why just the average person my friend Most gym goers these days are unable to pump out pull ups in proper form and the right cadence That guy with the bulging lats might be able to crank out heavy poundage's on the lat pull down

machine but position him at the pull up station and he ll likely not even be able to do a single one See that guy with the huge biceps repping out endless sets of dumbbell curls Bring him over to the pull up station and chances are he won t be able to hang onto the bar for any length of time let alone pump out high reps And that s not good Not good at all because pull ups are one of the best if not THE best upper body exercises you can do period Along with the dip another super exercise the pull up has often being referred to either as the king of upper body exercises or the upper body equivalent of the squat which is an expression I prefer to reserve for the dip but it can be used for pull ups as well Pull ups are also a natural form of exercise in fact our bodies were MEANT to perform such exercises Think about it for a minute which is the animal in the wild that humans most resemble in terms of body structure Apes and what do apes and monkeys do all day long Peform various types of pulling movements with their bodyweight and just how STRONG is an ape Well the average gorilla is reputed to have the strength of EIGHT strong men perhaps more when aroused It has been said that a chimpanzee is strong enough to kill a 1000 kg crocodile with it s bare hands And that s just off the top of my head now thats some SERIOUS strength there doncha think Could the average bloated bodybuilder with bulging muscles even come close Follow the way of the APE order NOW and get cracking on dem pullups I look forward to hearing back about your pull up MASTERY Best Rahul Mookerjee **The Fall**

CLASSIC you don't want to miss Best Rahul Mookerjee **PS - It's All About Love** Kim Weiler, 2017-01-17 Kim Weiler knows how hard it is to live with psoriasis. Since the age of nineteen she's navigated the frustration, depression, anger, and feelings of shame it can cause. She knows what it's like to worry that people will discover your secret. She understands the fear of judgement that comes with a painful, visible autoimmune disorder. Through her path to healing, she has knowledge that she passionately shares with you about replacing all that doubt, fear, and self-criticism with the greatest medicine of all: Love. If you've picked up this book, you've already tried just about everything your doctor or dermatologist has to offer, and chances are those treatments don't work reliably or they have undesirable side effects. Kim helps you find patience and gratitude while teaching that your illness is your body communicating with you. She shows you what loving yourself really means in the context of healing your skin. It means changing the way you think about caring for yourself physically, emotionally, and mentally. It means making a daily commitment to positive changes that might seem impossible at first, including proper nutrition and other techniques that heal you from the inside out. Her goal in writing this book and in her practice is to prevent you from trying everything out of desperation like she did and to help you find the self-love needed to get you through each and every day. As she says: Today is the day to take control of your health, to eat right, think right, love right, and in return, your skin will love you for this.

Slow Horses Mick Herron, 2010-06-01 A New York Times bestselling series. THE BOOK BEHIND THE FIRST SEASON OF SLOW HORSES, THE APPLE ORIGINAL SERIES STARRING GARY OLDMAN IN HIS EMMY-NOMINATED ROLE AS JACKSON LAMB. Welcome to the thrilling and unnervingly prescient world of the slow horses. This team of MI5 agents is united by one common bond: They've screwed up royally and will do anything to redeem themselves. This deluxe edition of a modern classic includes a foreword by the author, discussion questions for book clubs, and an exclusive short story featuring the slow horses. London, England. Slough House is where washed-up MI5 spies go to while away what's left of their failed careers. The slow horses, as they're called, have all disgraced themselves in some way to get relegated there. Maybe they botched an Op so badly they can't be trusted anymore. Maybe they got in the way of an ambitious colleague and had the rug yanked out from under them. Maybe they just got too dependent on the bottle, not unusual in this line of work. One thing they have in common, though, is they want to be back in the action. And most of them would do anything to get there, even if it means having to collaborate with one another. When a young man is abducted and his kidnappers threaten to broadcast his beheading live on the Internet, the slow horses see an opportunity to redeem themselves. But is the victim really who he appears to be?
