My Time Among the Whites Jennine Capó Crucet, 2025-06-25 From the author of *Make Your Home Among Strangers* essays on being an accidental American an incisive look at the edges of identity for a woman of color in a society centered on whiteness In this sharp and candid collection of essays critically acclaimed writer and first generation American Jennine Cap Crucet explores the condition of finding herself a stranger in the country where she was born Raised in Miami and the daughter of Cuban refugees Crucet examines the political and personal contours of American identity and the physical places where those contours find themselves smashed be it a rodeo town in Nebraska a university campus in upstate New York or Disney World in Florida Crucet illuminates how she came to see her exclusion from aspects of the theoretical American Dream

despite her family's attempts to fit in with white American culture beginning with their ill-fated plan to name her after the winner of the Miss America pageant. In prose that is both fearless and slyly humorous, *My Time Among the Whites* examines the sometimes hopeful, sometimes deeply flawed ways in which many Americans have learned to adapt, exist, and in the face of all signals saying otherwise, perhaps even thrive in a country that never imagined them here. — *Home in Florida* Anjanette Delgado, 2021-11-16 Independent Publisher Book Awards Silver Medal for Anthology National Indie Excellence Awards Finalist in the Anthology Category International Latino Book Awards Gold Medal for Best Fiction Multi Author International Latino Book Awards Honorable Mention Best Nonfiction Multi Author A powerful collection of contemporary voices showcasing a variety of voices shaped in and by a place that has been for them a crossroads and a land of contradictions. *Home in Florida* presents a selection of the best literature of displacement and uprootedness by some of the most talented contemporary Latinx writers who have called Florida home. Featuring fiction, nonfiction, and poetry by Richard Blanco, Jaquira D'az, Patricia Engel, Jennine Cap Crucet, Reinaldo Arenas, Judith Ortiz Cofer, and many others, this collection of renowned and award-winning contributors includes several who are celebrated in their countries of origin but have not yet been discovered by readers in the United States. The writers in this volume, first, second, and third-generation immigrants to Florida from Cuba, Mexico, Honduras, Peru, Argentina, Chile, and other countries, reflect the diversity of Latinx experiences across the state. Editor Anjanette Delgado characterizes the work in this collection as literature of uprootedness, *literatura del desarraigo*, a Spanish literary tradition and a term used by Reinaldo Arenas. With the heart changing here and there, perspective of attempting life in environments not their own, these writers portray many different responses to displacement, each occupying their own unique place on what Delgado calls a spectrum of belonging. Together, these writers explore what exactly makes Florida home for those struggling between memory and presence. In these works, as it is for many people seeking to make a new life in the United States, Florida is the place where the uprooted stop to catch their breath long enough to wonder, What if I stayed? What if here could one day be my home? Buller, Robert E. Cipriano, 2021-06-01 Many colleges and universities are struggling to strike a balance between protecting free speech as a way of supporting their goal of academic freedom and promoting civility as a way of creating an environment where students can learn and faculty members can teach and conduct research There have been numerous recent incidents of audiences shouting down speakers burning books and demanding that specific students be expelled or faculty members be terminated In this highly fractious environment schools are wondering What works when seeking to attain the twin goals of permitting unrestricted speech but insisting on rules of decorum for debate and the exchange of perspectives This book explores what schools have actually attempted in some cases successfully and in some cases not successfully to address these issues It concludes that there are three primary strategies that tend to be effective treating challenges to free speech and campus civility as teachable moments exploring hypothetical scenarios with students faculty members and administrators before there is a serious incident and approaching free speech and campus civility across the curriculum The book also surveys United States case law on the topics of free speech academic freedom the right to protest and similar subjects so as to provide faculty members and administrators with a concise resource filled with practical and accurate information
