What Else Works? Jo Brayford,Francis B Cowe,John Deering,2013-05-13 What Else Works has developed out of a growing awareness amongst practitioners that centralized notions of what works and one size fits all approaches to work with offenders and other groups is inevitably limited in its scope and effectiveness The book seeks to dispel the view of probation service users as offenders and socially excluded people as problems to be managed and treated and instead considers more creative alternatives to reduce both re offending and social exclusion These include working separately with women black and minority ethnic groups local community focussed projects in education and nature and conservation programmes The reader is encouraged to think about past and current policy practice and the relationship between practitioners and offenders or other socially excluded people Questions are raised as to whether and how practice could be different and contributors explore the theme of creative and change focussed practice or focus on a particular approach to a practice This book will appeal to students on criminal justice criminology and social work courses professionals operating in these fields as well as the wider audience of professionals and academics who may engage with these service users from a range of policy and practice perspectives **The SAGE Handbook of Fieldwork** Dick Hobbs,Richard Wright,2006-01-26 Fieldwork is widely practiced but little written about yet accounts of the exotic mundane complex and often dangerous are

Foundations for Offender Management Anne Robinson,2011-07-13 This title provides a comprehensive account of the contexts and challenges of working with people convicted of criminal offences *Offending and Desistance* Beth Weaver,2015-07-16 In Offending and Desistance Beth Weaver examines the role of a co offending peer group in shaping and influencing offending and desistance focusing on three phases of their criminal careers onset persistence and desistance While there is consensus across the body of desistance research that social relations have a role to play in variously constraining enabling and sustaining desistance no desistance studies have adequately analysed the dynamics or properties of social relations or their relationship to individuals and social structures This book aims to reset this balance By examining the social relations and life stories of six Scottish men in their forties Weaver reveals the central role of friendship groups intimate relationships and families of formation employment and religious communities She shows how for different individuals these relations triggered reflexive evaluation of their priorities behaviours and lifestyles but with differing results

Weaver s re examination of the relationships between structure agency identity and reflexivity in the desistance process ultimately illuminates new directions for research policy and practice This book is essential reading for academics and students engaged in the study of criminology and criminal justice delinquency probation and criminal law *Education in Prison* Emma Hughes,2016-04-29 The role of education in prisons prisoners decisions regarding education the impact of prison culture on either encouraging or discouraging such activities and the potential consequences of education for prisoners reentry into society all have important implications This extended analysis of prisoner education represents a unique contribution to an under researched field whilst also making important and original connections between research on education in prison and the literature on adult learning in the community Through offering crucial insights into the varied motivations and disincentives that inform prisoners decisions to study in prison whether it be through distance learning or prison based classes the reader is also able to consider factors that inform decisions to engage in a broader range of positive and constructive activities whilst in prison These research findings provide insight into how prison culture and prison policies may impact upon rehabilitative endeavour and suggest ways in which prisons may seek to encourage constructive and or rehabilitative activities amongst their inhabitants if desired Based on interviews and questionnaires completed by British adult prisoners studying through distance learning this qualitative study offers a valuable complement and counterpart to prison education studies that focus on measuring recidivism rates The learner centred approach used yields a nuanced and complex understanding of the varied ways in which education in prison actually operates and is experienced and considers the consequences of this for the students lives As such the findings offer further insight into important evidence resulting from recidivism studies reviewed within the book whilst contributing to the reemerging interest in studies of prison life and prison culture that are based on prisoner interviews **The Social Impact of Custody on Young People in the Criminal Justice System** Claire Paterson-Young,Richard Hazenberg,Meanu Bajwa-Patel,2019-07-10 This book explores the journey of young people through a Secure Training Centre and more generally the criminal justice system in the UK It examines the extent to which young people have been failed by the system at every stage of their lives with incarceration used as a means of removing the problem from society To explore this process the authors utilise an integrated theoretical framework to develop a new rehabilitative approach focused on developing positive outcomes for young people The book deploys a social impact measurement methodology to evaluate the experience and outcomes of youth justice interventions at a Secure Training Centre Such an approach provides a fresh perspective on the youth justice debate which has traditionally utilised outcome data to measure immediate impact relating to recidivism and is therefore not focused on the young person holistically Using a social impact framework to evaluate youth justice underpinned by an integrated theoretical framework allows for assessment to be made which place the young person at the centre of evaluation **Parole and Beyond** Ruth Armstrong,Ioan Durnescu,2017-07-21 This book provides an assessment of contemporary international knowledge about the

experiences of life after release from prison For over 100 years people leaving prison have been supervised by probation services but little has been written about how those who are supervised experience this process or how this process influences experiences post release Research suggests that the success or failure of supervision in terms of reoffending may be related to how it is experienced but little has been written about how supervision interacts with these experiences Despite this lack of grounded knowledge post prison supervision continues to grow internationally This book addresses issues relating to life after release through providing a vision of contemporary life after prison in different social and economic climates from those who are the subjects of this growing and changing form of penal power An engaging and timely study this book will be of particular interest to scholars of criminal justice and punishment **Forensic Psychology** Graham M. Carter,Catherine D. Marcum,2017-07-20 Often research concerning the female offender is scarce This book adds to the criminological literature on the topic of reentry for women focusing on the barriers women face as they return to society and adjust to life after incarceration Each chapter addresses specific issues challenges and obstacles affiliated with the hindrance of successful reentry processes

associated with female offenders as well as data driven empirical studies While corrections has often misunderstood or overlooked the needs of returning offenders the shortcomings of the institutions have a greater impact on women than on their male counterparts particularly regarding the occurrence of social and medical problems especially those related to mental health and substance abuse Female Offenders and Reentry helps criminal justice students and practitioners see the full picture when considering the challenges faced by female offenders reintegrating into society
