Gnosis On The Silk Road Gnostic Parables Hymns Prayers From Central Asia:

Gnosis on the Silk Road Hans-Joachim Klimkeit,1993 This first ever English translation of the major Gnostic texts from Asia is a vital discovery that reveals a new expression of Christianity as it blended with the mystical religions of Turkey Persia Central Asia and even China

Manichaeism in Central Asia and China Samuel Lieu,2020-10-26 The discovery of genuine Manichaean texts from sites like Turfan and Tun huang since the beginning of the century has greatly increased our knowledge of the teaching of Manichaeism and of its amazing geographical spread in pre Islamic times This volume brings together the contributions by a leading authority on the subject including a long survey article on the history of the discovery of the texts from Central Asia as well as articles focusing on some of these texts and on the incredible history of adaptation and survival of the sect in China proper The studies include many Chinese texts on Manichaeism made available for the first time in their original scripts and in translation The volume also contains the first ever working catalogue of all Manichaean texts in western as well as oriental languages published up to 1997

Gnostic Contagion Peter O'Leary,2002-06-24 Brings together the study of literature with the psychology and history of religions

The Gnostic New Age April D. DeConick,2016-09-27 Gnosticism is a countercultural spirituality that forever changed the practice of Christianity Before it emerged in the second century passage to the afterlife required obedience to God and king Gnosticism proposed that human beings were manifestations of the divine unsettling the hierarchical foundations of the ancient world Subversive and revolutionary Gnostics taught that prayer and mediation could bring human beings into an ecstatic spiritual union with a transcendent deity This mystical strain affected not just Christianity but many other religions and it characterizes our understanding of the purpose and meaning of religion today In The Gnostic New Age April D DeConick recovers this vibrant underground history to prove that Gnosticism was not suppressed or defeated by the Catholic Church long ago nor was the movement a fabrication to justify the violent repression of alternative forms of Christianity Gnosticism alleviated human suffering soothing feelings of existential brokenness and alienation through the promise of renewal as God DeConick begins in ancient Egypt and follows with the rise of Gnosticism in the Middle Ages the advent of theosophy and other occult movements in the nineteenth and early twentieth centuries and contemporary New Age spiritual philosophies As these theories find expression in science fiction and fantasy films DeConick sees evidence of Gnosticism s next incarnation Her work emphasizes the universal countercultural appeal of a movement that embodies much more than a simple challenge to religious authority

The Silk Road and Cultural Exchanges between East and West Xinjiang Rong,2022-10-31 This first and only English translation of Rong Xinjiang s The Silk Road and Cultural Exchanges Between East and West is a collection of 28 papers on the history of the Silk Road and the interactions among the peoples and cultures of East and Central Asia including the so called Western Regions in modern day Xinjiang Each paper is a masterly study that combines information obtained from historical records with excavated materials such as manuscripts inscriptions and artefacts The

new materials primarily come from north western China including sites in the regions of Dunhuang Turfan Kucha and Khotan The book contains a wealth of original insights into nearly every aspect of the complex history of this region *Gnosis of the Silk Road* ,1993 Biblical Argument in Manichaeian Missionary Practice Jacob Albert van den Berg,2009-12-07 The use and appreciation of Scripture by the Manichaeians is a field of research with many unanswered questions This study offers an investigation into the role of the Bible in the writings of the important Manichaeian missionary Addas Adimantus flor ca 250 CE one of Mani s first disciples A major part of the book is dedicated to the reconstruction of the contents of his Disputationes in which writing Adimantus attempted to demonstrate that the Old and New Testaments are absolutely irreconcilable The most important source in this connection is Augustine who refuted a Latin translation of Adimantus work A thorough analysis of the contents of the Disputationes brings to the fore that Adimantus was a Marcionite prior to his going over to Mani s church What is Gnosticism? Karen L. King,2003 A study of gnosticism examines the various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional ideas of heresy and orthodoxy that have previously influenced historians *Agricultural and Pastoral Societies in Ancient and Classical History* Michael Adas,2001 Introduces readers to the cross cultural study of ancient and classical civilizations The book is divided into two sections the first examining the ongoing interaction between ancient agrarian and nomadic societies and the second focusing on regional patterns in the dissemination of ideas **Gnosis** Christoph Marksches,2003-07-01 This introduction to Gnosis by Christoph Marksches combines great clarity with immense learning In his Introduction Marksches defines the term Gnosis and its relationship to Gnosticism indicating why Gnosis is preferable and sketches out the main problems He then treats the sources both those in the church fathers and heresiologists and the more recent Nag Hammadi finds He goes on to discuss early forms of Gnosis in antiquity Jewish and Christian New Testament and the early Gnostics the main representatives of Gnosis especially Valentinus and Marcion Manichaeism as the culmination and end point of Gnosis ancient communities of Gnostics and finally Gnosis in antiquity and the present There is a useful chronological table and an excellent select bibliography **A Companion to Religion in Late Antiquity** Josef Lössl,Nicholas J. Baker-Brian,2018-05-04 A comprehensive review of the development geographic spread and cultural influence of religion in Late Antiquity A Companion to Religion in Late Antiquity offers an authoritative and comprehensive survey of religion in Late Antiquity This historical era spanned from the second century to the eighth century of the Common Era With contributions from leading scholars in the field the Companion explores the evolution and development of religion and the role various religions played in the cultural political and social transformations of the late antique period The authors examine the theories and methods used in the study of religion during this period consider the most notable historical developments and reveal how religions spread geographically The authors also review the major religious traditions that emerged in Late Antiquity and include reflections on the interaction of these religions within their particular societies and cultures This important Companion

Brings together in one volume the work of a notable team of international scholars Explores the principal geographical divisions of the late antique world Offers a deep examination of the predominant religions of Late Antiquity Examines established views in the scholarly assessment of the religions of Late Antiquity Includes information on the current trends in late antique scholarship on religion Written for scholars and students of religion A Companion to Religion in Late Antiquity offers a comprehensive survey of religion and the influence religion played in the culture politics and social change during the late antique period

The World's Greatest Religious Leaders Scott E. Hendrix, Uchenna Okeja, 2018-03-01 This book provides reliable information about important world religious leaders correcting the misinformation that can be on the internet Religious leaders have shaped the course of history and deeply affected the lives of many individuals This book offers alphabetically arranged profiles of roughly 160 religious leaders from around the world and across time carefully chosen for their impact and importance and to maximize inclusiveness of faiths from around the world Scholars from around the world each one an expert in his or her field and all holding advanced degrees came together to create an essential resource for students and for those with an interest in religion and its history Every entry has been carefully edited in a two stage review process guaranteeing accuracy and readability throughout the work Not strictly a biographical reference that recounts the facts of religious figures lives the book helps users understand how the selected figures changed history The entries are accompanied by excerpts of primary source documents and suggestions for further reading while the book closes with a bibliography of essential print and electronic resources for further research

Gnosticism and the History of Religions David G. Robertson, 2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

The Wiley Blackwell Companion to Zoroastrianism Michael Stausberg, Yuhan Sohrab-Dinshaw Vevaina, 2022-12-12 This is the first ever comprehensive English language survey of Zoroastrianism one of the oldest living religions Evenly divided into five thematic sections beginning with an introduction to Zoroaster Zarathustra and concluding with the

intersections of Zoroastrianism and other religions Reflects the global nature of Zoroastrian studies with contributions from 34 international authorities from 10 countries Presents Zoroastrianism as a cluster of dynamic historical and contextualized phenomena reflecting the current trend to move away from textual essentialism in the study of religion *The Medinet Madi Library of Manichaean Codices at 90*, 2023-06-26 The Medinet Madi Library comes of age in this landmark volume as one of the 20th century's major finds of religious manuscripts Discovered in Egypt's Fayum region in 1929 these Coptic codices contain a cross section of the sacred literature of the Manichaean religion Early work on the collection in the 1930s was cut short by the ravages of the second world war Recent decades have brought multiple new editorial projects on which this volume offers a comprehensive set of status reports as well as individual studies on aspects of the Manichaean religion informed by the library's contents *Practicing Gnosis* April DeConick, Gregory Shaw, John D. Turner, 2013-08-22 Ritual magic liturgy and theurgy were central features of Gnosticism and yet Gnostic practices remain understudied This anthology is meant to fill in this gap and address more fully what the ancient Gnostics were doing While previously we have studied the Gnostics as intellectuals in pursuit of metaphysical knowledge the essays in this book attempt to understand the Gnostics as ecstasies striving after religious experience as prophets seeking revelation as mystics questing after the ultimate God as healers attempting to care for the sick and diseased These essays demonstrate that the Gnostics were not necessarily trendy intellectuals seeking epistemological certainties They were after religious experiences that relied on practices The book is organized comparatively in a history of religions approach with sections devoted to Initiatory Recurrent Therapeutic Ecstatic and Philosophic Practices This book celebrates the brilliant career of Birger A Pearson **Religious Stories in Transformation: Conflict, Revision and Reception** Alberdina Houtman, Tamar Kadari, Marcel Poorthuis, Vered Tohar, 2016-10-18 In *Religious Stories in Transformation Conflict Revision and Reception* the editors present a collection of essays that reveal both the many similarities and the poignant differences between ancient myths in Judaism Christianity Islam and modern secular culture and how these stories were incorporated and adapted over time This rich multidisciplinary research demonstrates not only how stories in different religions and cultures are interesting in their own right but also that the process of transformation in particular deserves scholarly interest It is through the changes in the stories that the particular identity of each religion comes to the fore most strikingly **Theological Anthropology**, 2023-06-13 *Theological Anthropology* gathers and translates seminal texts from early Christianity that explore the diversity of theological approaches to the nature and ends of humanity Readers will gain a sense of how early Christians conceived of and reflected upon humanity and human nature in different theological movements including Platonism Gnosticism asceticism Pelagianism Augustinianism and their legacies in late antiquity and the dawn of the Middle Ages *Theological Anthropology* is part of *Ad Fontes Early Christian Sources* a series designed to present ancient Christian texts essential to an understanding of Christian theology ecclesiology and practice The books in the series will make the wealth of early Christian thought available to new

generations of students of theology and provide a valuable resource for the Church Developed in light of recent Patristic scholarship the volumes will provide a representative sampling of theological contributions from both East and West The series aims to provide volumes that are relevant for a variety of courses from introduction to theology to classes on doctrine and the development of Christian thought The goal of each volume is not to be exhaustive but rather representative enough to denote for a non specialist audience the multivalent character of early Christian thought allowing readers to see how and why early Christian doctrine and practice developed the way it did Encyclopedia of Early Christianity Everett Ferguson, 2013-10-08 First published in 1997 What's new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated throughout More focus on biblical books and philosophical schools their influence on early Christianity and their use by patristic writers More information about the Jewish and pagan environment of early Christianity Greatly enlarged coverage of the eastern expansion of the faith throughout Asia including persons and literature More extensive treatment of saints monasticism worship practices and modern scholars Greater emphasis on social history and more theme articles More illustrations maps and plans Additional articles on geographical regions Expanded chronological table Also includes maps

Commodity and Exchange in the Mongol Empire Thomas T. Allsen, 1997-07-13 In the thirteenth century the Mongols created a vast transcontinental empire that intensified commercial and cultural contact throughout Eurasia From the outset of their expansion the Mongols identified and mobilized artisans of diverse backgrounds frequently transporting them from one cultural zone to another Prominent among those transported were Muslim textile workers resettled in China where they made clothes for the imperial court In a meticulous and fascinating account the author investigates the significance of cloth and colour in the political and cultural life of the Mongols Situated within the broader context of the history of the Silk Road the primary line in East West cultural communication during the pre Muslim era the study promises to be of interest not only to historians of the Middle East and Asia but also to art historians and textile specialists
