The Goal Achievers Journal David Barton,2016 The Goal Achievers Journal has been designed to maximize your exposure to your goals Whatever you think about most of the time will find its way into your world Whatever you give your attention to will begin to appear in the world around you Now this would

be a good thing were it not for a small problem most of us have Usually the types of thoughts that occupy our minds are on the things we are trying to avoid or don't want in our lives Rather than thinking about what we want we spend far more time thinking about the things we don't want Consequently we get more of what we don't want while our dreams and desires go unfulfilled The Goal Achievers Journal can help you turn this situation around If you want to be more get more and do more with your life and time then you need to start thinking more about these things sow them regularly into your mind and spend more time thinking about them As you do this solutions will begin to emerge people and places will appear and you will notice you gradually start achieving more of your highest goals and richest desires You are an integrated whole Your thoughts feelings and behaviors are inextricably connected What you think will produce congruent feelings which will consequently cause you to behave in a certain way Everything will work in a consistent harmonious manner If your thoughts are on your goals and highest priorities then you will begin acting in ways which will bring these goals to fruition The Goal Achievers Journal is designed to help you process your highest goals on a consistent basis install them deep into your subconscious mind so that you begin to automatically pursue them and think about them so often they can't help but come true If you feel like you have been drifting or that your life is going nowhere then why not give the Goal Achievers Journal a try You might be surprised at what you can achieve when you put your mind to it
