God In The Classroom God In The Classroom:

God in the Classroom R. Murray Thomas, 2008-07 Focuses on the seven major types of conflicts over the proper role of religion in schools that have become particularly confrontational during the first decade of the twenty first century The cases on which the chapters focus concern issues that currently are being hotly debated in America Controversies are described in relation to their historical origins and the author shows how the history affects current understanding of the issues Thomas does not take sides in the arguments rather he lays out the arguments their historical and cultural contexts and the groups that debate them and their goals From publisher description

The Book of Job: God's Faithfulness in Troubled Times Dr. Jim Halla,2022-04-05 Job the book and the man is well known even in the public arena However the main character of the book is the Triune God Moreover some have suggested that the book of Job focuses on the larger problem of evil in a good God s world By definition that would include the concept of victimhood However Dr Jim Halla thinks that approach misses major issues in the book The Book of Job God s Faithfulness in Troubled Times presents Dr Halla s understanding of the book under four major headings God s sovereignty suffering suspicion and success Job began well but faltered He considered himself alone deafening silence from God and his relationship with God in shambles God took him to the zoo and the sea and Job learned well he repented and God placed him in the position of intercessor for his friends He functioned as a type of Christ but he was not Christ He came to embrace those two truths The book of Job is for all believers in all seasons no matter their spiritual maturity As you read The Book of Job God s Faithfulness in Troubled Times see if you catch a glimpse of Job s radical reversal

Divine Accommodation in John Calvin's Theology Arnold Huijgen,2011-04-20 Arnold Huijgen analyses und assesses the idea of divine accommodation in John Calvin s theology He proves that Calvin s idea of accommodation was terminologically influenced by Erasmus while its content originated in patristic theology Though Calvin s idea of accommodation is multifaceted Huijgen subsumes and analyzes it in the light of the two main perspectives of pedagogy and revelation The pedagogical aspect relates to Calvin s understanding of salvation history and the relation between the Old and the New Testament In this perspective Christ as the mediator holds a central position The aspect of revelation focuses on Calvin s comprehension of God s nature which for him is behind God s revelation Calvin s understanding of accommodation implies a distinct dynamic to revelation which is disrupted by its static hierarchical ontology Huijgen points out the weaknesses of Calvin s idea of accommodation on the basis of modern critiques by Karl Barth Isaak August Dorner and Harry M Kuitert he also explores the viable points for present day
