God's Favorites Michael Coogan, 2019-04-02 A noted biblical scholar explores how the claim of divine choice has been used from ancient times to the present to justify territorial expansion and prejudice The Bible describes many individuals and groups as specially chosen by God But does God choose at all Michael Coogan explains the temporally layered and allusive storytelling of biblical texts and describes the world of the ancient Near East from which it emerged laying bare the power struggles the acts of vengeance and persecutions made sacred by claims of chosenness Jumping forward to more modern contexts Coogan reminds us how the self designation of the Puritan colonizers of New England as God s new Israel eventually morphed in the United States into the self justifying doctrines of manifest destiny and American exceptionalism In contemporary Israel both fundamentalist Zionists and their evangelical American partners cite the Jews status as God s chosen people as justification for taking land for very different ends Appropriated uncritically the Bible has thus been used to reinforce exclusivity and superiority with new myths based on old myths Finally in place of the pernicious idea of chosenness Coogan suggests we might instead focus on another key biblical concept taking care of the immigrant and the refugee reminding the reader of the unusual focus on the vulnerable in both the Hebrew Bible and New Testament

ReGrace Frank Viola, 2019-03-05 The church is tired of seeing Christians act ungraciously toward one another when they disagree Social media has added to the carnage Christians routinely block each other on Facebook because of doctrinal disagreements The world watches the blood letting and the Christian witness is tarnished But what if every Christian discovered that their favorite teacher in church history had blind spots and held to some false and even shocking views Bestselling author Frank Viola argues that this simple awareness will soften Christians when they interact with each

other in the face of theological disagreements In ReGrace he uncovers some of the shocking beliefs held by faith giants like C S Lewis Luther Calvin Moody Spurgeon Wesley Graham and Augustine not to downgrade or dismiss them but to show that even the greats in church history didn't get everything right Knowing that the heroes of our faith sometimes got it wrong will empower us to treat our fellow Christians with grace rather than disdain whenever we disagree over theology
