Liebaers, 2012-12-06 IT ALL STARTED with the American Library Association ALA which wanted to celebrate its centenary in 1976 at its headquarters in Chicago With five American librarians and non librarians I was invited to give a centennial paper I declined the flattering offer because I had left the profession and had no time to do any research I added innocently however that I would be delighted to speak out of personal experience for instance on the importance of American librarianship in my professional life This proposal was accepted I delivered the lecture and my text was printed in *Libraries and the Life of the Mind* Before I had read my paper in Chicago I received a request from the International Federation of Library Associations IFLA to contribute with Recollections of a President to the fiftieth anniversary volume of IFLA 1927-1977 For reasons with which I agreed IFLA did not publish my paper in full such as it is given here as chapter 10 I am confident that no one will compare the two versions in order to try to find out That has been left out in the earlier printing Two other papers have appeared in German *Festschriften* one for Kurt Koster from Frankfurt aM chapter 7 and one for Gerhard Liebers from Munster chapter 5 the former being focussed to accord with the interest of the recipient on medieval Dutch manuscripts the latter for similar reasons on library buildings **In the Line of Duty** Lisa Arnoux-Brown, 2006-09 All
