The Censorship Files Alejandro Herrero-Olaizola, 2012-02-01 Drawing on extensive research in the Spanish National Archive Alejandro Herrero Olaizola examines the role played by the censorship apparatus of Franco's Spain in bringing about the Latin American literary Boom of the 1960s and 1970s He reveals the negotiations and behind the scenes maneuvering among those involved in the Spanish publishing industry Converging interests made strange bedfellows of the often left wing authors and the staid officials appointed to stand guard over Francoist morality and to defend the supposed purity of Castilian Spanish Between these two uneasily allied groups circulated larger than life real world characters like the Barcelona publisher Carlos Barral and the all powerful literary agent Carmen Balcells The author details the fascinating story of how novels by Mario Vargas Llosa Guillermo Cabrera Infante Gabriel García Márquez and Manuel Puig achieved publication in Spain and in doing so reached a worldwide market This colorful account underpins a compelling claim that even the most innovative and aesthetically challenging literature has its roots in the economics of the book trade as well as the institutions of government and the exigencies of everyday politics and ideology

Marcel Proust and Spanish America Herbert E. Craig, 2002 Craig begins by attributing the early introduction of the Recherche to the intimate friendship between Proust and the pianist composer Reynaldo Hahn who was born in Caracas He then shows in chapter 1 how literary critics of the principal newspapers and literary magazines of such countries as Venezuela Argentina and Chile examined this French text which we know today as one of the fundamental works of modernism Shortly thereafter interest in the Recherche spread to Cuba Mexico Uruguay and Colombia Eventually it would be read in all parts of the New World Over the years Spanish Americans have continued to write about the Recherche and have published several noteworthy books on it which are included in the comprehensive bibliography which serves as an appendix

BOOK JACKET

Mario Vargas Llosa Raymond Leslie Williams, 2014-12-01 Awarded the Nobel Prize in 2010 at the age of seventy four Peruvian writer Mario Vargas Llosa has held pivotal roles in the evolution and revolutions of modern Latin American literature Perhaps surprisingly no complete history of Vargas Llosa's works placed in biographical and historical context has been published until now A masterwork from one of America's most revered scholars of Latin American fiction Mario Vargas Llosa A Life of Writing provides a critical

overview of Vargas Llosa's numerous novels while reinvigorating debates regarding conventional interpretations of the work. Weaving analysis with discussions of the writer's political commentary, Raymond Leslie Williams traces the author's youthful identity as a leftist student of the 1960s to a repudiation of some of his earlier ideas beginning in the 1980s. Providing a unique perspective on the complexity, nuance, and scope of Vargas Llosa's lauded early novels and on his passionate support of indigenous populations in his homeland, Williams then turns his eye to the recent works which serve as a bridge between the legacies of the Boom and the diverse array of contemporary Latin American fiction writers at work today. In addition, Williams provides a detailed description of Vargas Llosa's traumatic childhood and its impact on him, seen particularly in his lifelong disdain for authority figures as well as of the authors who influenced his approach, from Faulkner to Flaubert. Culminating in reflections drawn from Williams's formal interviews and casual conversations with the author at key phases of both men's careers, this is a landmark publication that will spark new lines of inquiry into an intricate body of work.

Handbook of Latin American Literature (Routledge Revivals) David William Foster, 2015-06-11. First published in 1987, this second edition in 1992, the *Handbook of Latin American Literature* offers readers the opportunity to explore this literary history in the English language and constitutes an ideological approach to Latin American literature. It provides both concise information concerning particular authors' works and literary traditions of Latin America as well as comprehensive material about the various national literatures of the area. This book will therefore be of interest to Hispanic scholars as well as more general readers and non-Hispanists.

Decolonizing Modernism Jose Luis Venegas, 2017-07-05. James Joyce's *Ulysses* (1922) has been recognized as a central model for the Spanish American New Narrative. Joyce's linguistic and technical influence became the unequivocal sign that literature in Spanish America had definitively abandoned narrow regionalist concerns and entered a global literary canon. In this bold and wide-ranging study, Jose Luis Venegas rethinks this evolutionary conception of literary history by focusing on the connection between cultural specificity and literary innovation. He argues that the intertextual dialogue between James Joyce and prominent authors such as Argentines Jorge Luis Borges and Julio Cortázar, Cuban Guillermo Cabrera Infante, and Mexican Fernando del Paso reveals the anti-colonial value of modernist form. Venegas explores the historical similarities between Joyce's Ireland during the 1920s and Spanish America between the 1940s and 70s to challenge depoliticized interpretations of modernist aesthetics and propose unsuspected connections between formal experimentation and the cultural transformations demanded by decolonizing societies. Jose Luis Venegas is Visiting Assistant Professor of Spanish at the University of North Carolina at Greensboro.

The Evolution of Literature in the Americas Earl E. Fitz, 2025-03-31. This book offers a systematic and comparative history of the evolution of literature in the Americas from the beginning to the present day. It begins with an introduction that assesses the development of the field and then proceeds to a chapter on the literature of Pre-Columbian and indigenous America. It then moves forward chronologically from the arrival of the Europeans beginning in 1492 to the year 2026. Including indigenous

literature the other American literatures represented in the book are those of Canada both Francophone and Anglophone the United States the Caribbean Francophone and Anglophone Spanish America and Brazil Not every book ever written in the Americas is included of course only those that in the author's estimation offer some valid point of comparison with other American literary cultures These points of comparison include issues of theme genre literary periods literature and other disciplines such as history art music or politics cases of influence and reception and translation The book's emphasis is on viewing American literature from a hemispheric and comparative lens

A Comparative History of Literatures in the Iberian Peninsula Fernando Cabo Aseguinolaza, Anxo Abuín González, César Domínguez, 2010 A Comparative History of Literatures in the Iberian Peninsula is the second comparative history of a new subseries with a regional focus published by the Coordinating Committee of the International Comparative Literature Association As its predecessor for East Central Europe this two volume history distances itself from traditional histories built around periods and movements and explores from a comparative viewpoint a space considered to be a powerful symbol of inter literary relations Both the geographical pertinence and its symbolic condition are obviously discussed when not even contested Written by an international team of researchers who are specialists in the field this history is the first attempt at applying a comparative approach to the plurilingual and multicultural literatures in the Iberian Peninsula The aim of comprehensiveness is abandoned in favor of a diverse and extensive array of key issues for a comparative agenda A Comparative History of Literatures in the Iberian Peninsula undermines the primacy claimed for national and linguistic boundaries and provides a geo cultural account of literary inter systems which cannot otherwise be explained

Style and Ideology in Translation Jeremy Munday, 2013-05-24 Adopting an interdisciplinary approach this book investigates the style or voice of English language translations of twentieth century Latin American writing including fiction political speeches and film Existing models of stylistic analysis supported at times by computer assisted analysis are developed to examine a range of works and writers selected for their literary cultural and ideological importance The style of the different translators is subjected to a close linguistic investigation within their cultural and ideological framework

Spanish American Literature in the Age of Machines and Other Essays Ángel Rama, 2023-09-01 Ángel Rama was among the most prominent Latin American literary and cultural critics of the twentieth century This volume brings together and makes available in English for the first time some of his most influential writings from the 1960s up until his death in 1983 Meticulously curated and translated by Jos Eduardo González and Timothy R Robbins Spanish American Literature in the Age of Machines and Other Essays will give readers a new deeper appreciation of how Rama's views on Latin American literary history reflect the dynamic between the region and the rest of the world His rich meditations on the relation between narrative technique social class and group behavior from the point of view of the periphery of capitalism make this volume an important contribution to the study of world literature

Cuban Currency Esther Kathryn Whitfield,2008-01-01 With the collapse of the Soviet Union in the 1990s during an economic crisis termed its special period in times of peace Cuba began to court the capitalist world for the first time since its 1959 revolution With the U S dollar instated as domestic currency the island seemed suddenly accessible to foreign consumers and their interest in its culture boomed Cuban Currency is the first book to address the effects on Cuban literature of the country s spectacular opening to foreign markets that marked the end of the twentieth century Based on interviews and archival research in Havana Esther Whitfield argues that writers have both challenged and profited from new transnational markets for their work with far reaching literary and ideological implications Whitfield examines money and cross cultural economic relations as they are inscribed in Cuban fiction Exploring the work of Zo Valds Pedro Juan Gutierrez Antonio Jos Ponte and others she draws out writers engagements with the troublesome commodification of Cuban identity Confronting the tourist and publishing industries roles in the transformation of the Cuban revolution into commercial capital Whitfield identifies a body of fiction peculiarly attuned to the material and political challenges of the special period Esther Whitfield is assistant professor of comparative literature at Brown University **A History of Ecology and**

Environmentalism in Spanish American Literature Scott M. DeVries,2013-09-05 A History of Ecology and Environmentalism in Spanish American Literature undertakes a comprehensive ecocritical examination of the region s literature from the foundational texts of the nineteenth century to the most recent fiction The book begins with a consideration of the way in which Argentine Domingo Faustino Sarmiento s views of nature through the lens of the categories of civilization and barbarity from Facundo 1845 are systematically challenged and revised in the rest of the century Subsequently this book develops the argument that a vital part of the cultural critique and aesthetic innovations of Spanish American modernismo involve an ecological challenge to deepening discourses of untamed development from Europe and the United States In other chapters many of the well established titles of regional and indigenista literature are contrasted to counter traditions within those genres that express aspects of environmental justice deep ecology the relational role of emotion in nature protectionism and conservationism even the rights of non human nature Finally the concluding chapters find that the articulation of ecological advocacy in recent fiction is both more explicit than what came before but also impacts the formal elements of literature in unique ways Textual conventions such as language imagery focalization narrative sequence metafiction satire and parody represent innovations of form that proceed directly from the ethical

advocacy of environmentalism The book concludes with comments about what must follow as a result of the analysis including the revision of canon the development of literary criticism from novel approaches such as critical animal studies and the advent of a critical dialogue within the bounds of Spanish American environmentalist literature A History of Ecology and Environmentalism in Spanish American Literature attempts to develop a sense of the way in which ecological ideas have developed over time in the literature particularly the way in which many Spanish American texts anticipate several of the ecological discourses that have recently become so central to global culture current environmentalist thought and the future of humankind

Gabriel García Márquez: One Hundred Years of Solitude Michael Wood,1990-05-31 The author places the landmark novel into the context of modern Colombia's violent history exploring the complex vision of Gabriel García Márquez

The Generation of '72 Brantley Nicholson,Sophia A. McClennen,2014-03-21 Caught between the well worn grooves the Boom and the Gen X have left on the Latin American literary canon the writing intellectuals that comprise what the Generation of 72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them In sociopolitical terms they neither fed into the Cold War inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write This book seeks to approach the Generation of 72 from the perspective of cosmopolitanism and global citizenship a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization's first wave

The Twentieth-Century Spanish American Novel Raymond Leslie Williams,2009-07-21 A Choice Magazine Outstanding Academic Book Spanish American novels of the Boom period 1962-1967 attracted a world readership to Latin American literature but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century Indeed the desire to be modern is a constant preoccupation in twentieth century Spanish American literature and thus a very useful lens through which to view the century's novels In this pathfinding study Raymond L Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century Using the desire to be modern as his organizing principle he divides the century's novels into five periods and discusses the differing forms that the modern took in each era For each period Williams begins with a broad overview of many novels literary contexts and some cultural debates followed by new readings of both canonical and significant non canonical novels A special feature of this book is its emphasis on women writers and other previously ignored and or marginalized authors including experimental and gay writers Williams also clarifies the legacy of the Boom the Postboom and the Postmodern as he introduces new writers and new novelistic trends of the 1990s

Philosophy and Literature in Latin America Jorge J. E. Gracia,1989-06-01 Philosophy and Literature in Latin America presents a unique and original view of the current state of development in Latin America of two disciplines that are at the core of the humanities Divided into two parts each section
