Nickson,2015-06-17 Land locked Paraguay is one of the smaller nations of Latin America whose global image is now changing very rapidly In the process the tired stereotype of a forgotten country comprising only military dictators Nazis and steam trains is being rapidly discarded Indeed Paraguay is now no longer off the map and its unique history is attracting growing interest This third edition of Historical Dictionary of Paraguay covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Paraguay *The Colonial History of Paraguay* Adalberto Lopez,2017-07-12 The Paraguayan revolt of 1721 1735 was the first of several events that presaged the Hispanic American Independence movements of the early nineteenth century Existing works on the revolt though are either too short superficial or inaccurate The Colonial History of Paraguay is an original contribution to the scholarship on this crucial period in Paraguay's history More than a detailed account of the revolt the work provides an overview of Paraguay in the sixteenth and seventeenth centuries combining politics economics and social analysis into an integrated whole It is the first modern study of a little known yet significant portion of Hispanic American history **Catálogo de la Biblioteca, por orden**
