Systemic Racism and Educational Measurement Michael Russell, 2023-08-18 Systemic Racism and Educational Measurement provides a theoretical and historical reckoning with racism and oppression produced through educational measurement and research methodology As scholars and professionals in the testing measurement and assessment of human learning and performance work to exorcise race sciences white supremacy and other injustices from the field s research and practice new insights are needed into their root causes This book is the first to posit that the theory of the White Racial Frame was and continues to be applied to the foundations process dissemination and use of educational measurement leading to instruments findings and decisions that perpetuate the racialized social structure of our nation Even among well meaning stakeholders who aim to improve humanity and address inequities the White Racial Frame shapes the field s research questions the methods utilized the data valued the interpretations made and the language used throughout Students and scholars of educational measurement testing and psychometrics will find invaluable clarifications of terminology concepts and theories integral to understanding systemic barriers in the field explications of educational measurement s core purposes and its influence by the White Racial Frame and a series of alternate frames theories and epistemologies intended to guide educational measurement toward anti racism and increased fairness

Theories of Race and Ethnicity Karim Murji, John Solomos, 2015-01-08 An authoritative and cutting edge collection of theoretically grounded and empirically informed essays exploring the contemporary terrain of race and racism

Black middle-class Britannia Ali Meghji, 2019-10-17 This book analyses how racism and anti racism affects Black British middle class cultural consumption In doing so it challenges the dominant understanding of British middle class identity and culture as being beyond race Paying attention to the relationship between cultural capital and cultural repertoires Meghji argues that there are three modes of black middle class identity strategic assimilation ethnoracial autonomous and class minded Individuals within each of these identity modes use specific cultural repertoires to organise their cultural consumption Those employing strategic assimilation draw on repertoires of code switching and cultural equity consuming traditional middle class culture to maintain equality with the white middle class in levels of cultural capital Ethnoracial autonomous individuals draw on repertoires of browning and Afro centrism self selecting traditional middle class cultural pursuits they decode as Eurocentric while showing a preference for cultural forms that uplift black diasporic histories and cultures Lastly class minded individuals draw on repertoires of post racialism and de racialisation polarising between Black and middle class cultural forms Black middle class Britannia examines how such individuals display an unequivocal preference for the latter lambasting other black people who avoid middle class culture as being culturally myopic or culturally uncultivated

Civil Wars, Civil Beings, and Civil Rights in Alabama's Black Belt Bertis D. English, 2020-10-06 Reconstruction politics and race relations between freed blacks and the white establishment in Perry County Alabama In his fascinating in depth study Bertis D English analyzes why Perry County situated in the heart of a

violence prone subregion of Alabama enjoyed more peaceful race relations and less bloodshed than several neighboring counties Choosing an atypical locality as central to his study English raises questions about factors affecting ethnic disturbances in the Black Belt and elsewhere in Alabama He also uses Perry County which he deems an anomalous county to caution against the tendency of some scholars to make sweeping generalizations about entire regions and subregions English contends Perry County was a relatively tranquil place with a set of extremely influential African American businessmen clergy politicians and other leaders during Reconstruction Together with egalitarian or opportunistic white citizens they headed a successful campaign for black agency and biracial cooperation that few counties in Alabama matched English also illustrates how a significant number of educational institutions a high density of African American residents and an unusually organized and informed African American population were essential factors in forming Perry County's character He likewise traces the development of religion in Perry the nineteenth century Baptist capital of Alabama and the emergence of civil rights in Perry an underemphasized center of activism during the twentieth century This well researched and comprehensive volume illuminates Perry County's history from the various perspectives of its black interracial and white inhabitants amplifying their own voices in a novel way The narrative includes rich personal details about ordinary and affluent people both free and unfree creating a distinctive resource that will be useful to scholars as well as a reference that will serve the needs of students and general readers

Rethinking Race and Ethnicity in Research Methods John H Stanfield

II,2016-06-03 This collection of original work demonstrates the new ways in which particular research methodologies are used valued and critiqued in the field of race and ethnic studies Contributing authors discuss the ways in which their personal and professional histories and experiences lead them to select and use particular methodologies over the course of their careers They then provide the intellectual histories strengths and weaknesses of these methods as applied to issues of race and ethnicity and discuss the ethical practical and epistemological issues that have influenced and challenged their methodological principles and applications Through these rigorous self examinations this text presents a dynamic example of how scholars engage both research methodologies and issues of social justice and ethics This volume is a successor to Stanfield's landmark Race and Ethnicity in Research Methods

Edward Terry Sanford

Stephanie L. Slater,2024-01-12 In Edward Terry Sanford A Tennessean on the U S Supreme Court Stephanie Slater uncovers

the life and work of Edward Terry Sanford 1865 1930 the only Supreme Court justice who obtained his undergraduate degree from the University of Tennessee Born and raised in Knoxville Sanford served as an associate justice on the United States Supreme Court from 1923 until his death in 1930 He was one of only six Tennesseans to serve on the nation's highest Court Slater's delineation of Sanford's contributions to the legal profession illuminates one of Tennessee's favorite sons whose story had until now been largely left in the dark Slater frames Sanford's personality and jurisprudence in a post Civil War and Taft era context one that helps readers better understand both the man and his contributions to the Supreme Court From Slater's important work we learn about Sanford's early upbringing the lasting impression a largely pro Union East Tennessee would leave upon Sanford his rise from a skilled lawyer to federal judge during the rapid industrialization of Knoxville and the surrounding area and his eventual appointment to the Supreme Court Within Sanford's rich legacy is the pivotal role he played in writing the majority opinion in the landmark 1925 case *Gitlow v New York* a decision which became a critical legal precedent for the expansion of civil rights and civil liberties in the 1950s and 1960s Slater provides a keen look into the life of a Knoxville native whose life and career may now be appreciated and studied by a new generation Sanford his character and his life as a Tennessean on the Supreme Court are sure to intrigue legal scholars students of Tennessee culture and history and general audiences alike Stephanie L Slater a three time graduate of the University of Tennessee has worked in the state and federal court systems in Tennessee since obtaining her J D in 1990 Her articles have appeared in the *Journal of Supreme Court History* and *Tennessee Law Review* [Essential Methods in Symbolic Interaction](#) Shing-Ling S. Chen, 2025-04-23 Volume 60 of *Studies in Symbolic Interaction* is a forum for symbolic interactionists to duke it out regarding the equally critical methodological issues to symbolic interactionist research [Racism, Policy and Politics](#) Karim Murji, 2017-12-06 This book analyses and bridges the gap between critical social research on race and politics by reviewing the academic field of race theorising and scholarship covering changes in race and racism debates in recent decades and assessing the extent scope and limits of academic engagements with and impact on policy and politics

American Philanthropic Foundations David C. Hammack, Steven Rathgeb Smith, 2018-04-16 Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic foundations now play a significant role in nearly every state Wide ranging and incisive the essays in *American Philanthropic Foundations* Regional Difference and Change examine the origins development and accomplishments of philanthropic foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and timely study of contemporary America's philanthropic foundations vividly illustrates foundations commonalities and differences as they strive to address pressing public problems

Coercion and Wage Labour Anamarija Batista, Viola Franziska Müller, Corinna Peres, 2023-12-07 Coercion and Wage Labour presents novel histories of people who experienced physical social political or cultural compulsion in the course of paid work Broad in scope the chapters examine diverse areas of work including textile production war industries civil service and domestic labour in contexts from the Middle Ages to the present day They demonstrate that wages have consistently shaped working people's experiences and failed to protect workers from coercion Instead wages emerge as versatile tools to bind control and exploit workers Remuneration mirrors the distribution of power in labour relations often separating employers physically and emotionally from their employees and disguising coercion The book makes historical narratives accessible for interdisciplinary audiences Most chapters are preceded by illustrations by artists invited to visually conceptualise the book's key messages and to emphasise the presence of the body and landscape in the realm of work In turn the chapter texts reflect back on the artworks creating an intense intermedial dialogue that offers mutually relational translations and narrations of labour coercion Other contributions written by art scholars discuss how coercion in remunerated labour is constructed and reflected in artistic practice The collection serves as an innovative and creative tool for teaching and raises awareness that narrating history is always contingent on the medium chosen and its inherent constraints and possibilities Praise for Coercion and Wage Labour Coercion and Wage Labour is a pioneering volume It makes a well founded break with the widespread misconception that wage labour is by definition free from coercion The fourteen historical case studies lead to the conclusion that wage labourers too were subject to many forms of coercion and that usually their freedom was and is only relative But something else makes this book special throughout the text there are artistic illustrations that enter into a dialogue with the individual chapters which in turn reflect on the images This creates an inspiring interaction that complements the volume's interdisciplinary nature Marcel van der Linden International Institute of Social History Amsterdam
