Maatschappij-Belangen, 1914 *Napoleonic Governance in the Netherlands and Northwest Germany* Martijn van der Burg, 2021-03-29 Van der Burg presents an innovative transregional study of Napoleonic governance in the often overlooked northern periphery of the Empire This book carefully examines the Empire's administrative structure in the north focusing on the heterogeneous community of prefects and subprefects as tools of incorporation binding the regions to the central state His rich comparative analysis highlights the incomplete integration of the north and makes important contributions to our understanding of the Empire and its legacy of state building Katherine Aaslestad West Virginia University Morgantown USA Martijn van der Burg makes a vital contribution to the burgeoning scholarly literature on Napoleonic Europe in this well researched carefully constructed volume His analysis of this somewhat neglected but important part of Napoleon's hegemony will become essential reading for all students and specialists of Napoleonic Europe Van der Burg brings the riches of recent Dutch and German scholarship on the Napoleonic period hitherto denied to an Anglophone readership to say nothing of his own insight into Napoleonic rule in these complex regions He delineates the course of Napoleonic rule here with clarity and acute attention to detail This is a worthy addition to the Napoleonic renaissance in historiography Michael Broers University of Oxford UK A thorough transparent and important comparative study into the content dynamics limits and results of Napoleonic governance and the role of the sub prefects here within in the Netherlands and Northwest Germany Original well written and a very welcome contribution to the historiography of these still understudied areas in the Napoleonic years as well as to Napoleonic historiography in general Johan Joor International Institute of Social History Amsterdam the Netherlands This open access Palgrave Pivot explores the ways in which French Emperor Napoleon tried to integrate the present day Netherlands and Northwest Germany into his Empire by replacing traditional institutions and governing practices with French ones Napoleonic governance The northern periphery of the Napoleonic Empire continues to be overlooked by the bulk of historians this study shows that a transregional approach can yield important findings In a broader sense the study does not deal with these regions alone but also with the difficulties that are inherent to European integration

Historisch gedenkboek der herstelling van Neerlands onafhankelijkheid in 1813, 1912 From the Napoleonic Empire to the Age of Empire Thomas Dodman, Aurélien Lignereux, 2023-03-28 This book explores imperial entanglements to reassess the Napoleonic Empire as a missing link or at least an important chain in the global and longue durée history of Empires In

recent years Napoleonic studies have belatedly but resolutely embraced the transnational historiographical turn vastly expanding the field's geographical scope. Its canonical chronological boundaries on the other hand appear increasingly narrow against this wider backdrop giving the impression of a parenthetical almost anachronistic aside from 1799 to 1815. What connects and what doesn't connect the Napoleonic Empire to the Age of Empire remains by and large an open question. Put another way this book attempts to locate the Napoleonic empire in World History.

Op 30 november 1813 zette de toekomstige koning Willem I voet aan land op het strand van Scheveningen. Hiermee brak een nieuwe periode aan van een Nederlandse eenheidsstaat rond de troon van Oranje. Maar op diezelfde dag vielen in een helse bestorming van Arnhem tweeduizend slachtoffers, zowel onder de Pruisische aanvallers als de Franse verdedigers. Die eeuwig gedenkwaardige dag van Arnheemsch moordtoneel is uit het collectieve geheugen verdwenen. Reden genoeg om er in dit boek aandacht aan te besteden. Arnhem 1813 beschrijft het effect van de Franse bezetting en de Pruisische bestorming op het alledaagse leven van bestuurders, bedienden, katholieken en soldaten in Arnhem. De bestorming van 1813 wordt tevens in een internationaal perspectief geplaatst.
