hands have encouraged me to prosecute it and to carry down the History of the Reformation of this Church till it was brought to a complete settlement in the beginning of queen Elizabeth s reign which I now offer to the world The great zeal of this ago for what was done in that about religion has made the History of it to be received and read with more than ordinary attention and care and many have expressed their satisfaction in what was formerly published by contributing several papers of great consequence to what remained And since I found no part of the first volume was more universally acceptable than that wherein I was only a transcriber I mean the Collection of Records and authentic Papers which I had set down in confirmation of the more remarkable and doubtful parts of the History I continue the same method now I shall repeat nothing here that was in my former preface but refer the reader to such things as concern this History in general and my encouragement in the undertaking and prosecution of it to what is there premised to the whole work and therefore I shall now enlarge on such things as do more particularly relate to this volume The papers that were conveyed to me from several hands are referred to as the occasion to mention them occurs in the History with such acknowledgments as I thought best became this way of writing though far short of the merits of those who furnished me with them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A History of the Reformation Elias Benjamin Sanford,1917 Ecclesia Restaurata, Vol. 1 of 2 Peter Heylyn,2015-07-05 Excerpt from Ecclesia Restaurata Vol 1 of 2 Or the History of the Reformation of the Church of England The Ecclesia Restaurata of Heylyn was notwithstanding the previous labours of Fox and Fuller the earliest attempt at a regular History of our Reformation and although it has been followed by many works on the same subject and has unquestionably been excelled by some of them in one respect or other it still retains a value and continues to be read and quoted It is hoped therefore that a republication may not be unacceptable to the members of the

Ecclesiastical History Society The first edition was published in 1661 the year before the author's death A second followed in 1670 improved by the addition of an Index but in other respects a mere reprint of the former with a somewhat increased number of errors The third edition however which appeared in 1674 differs considerably from those which had preceded it Some concluding sentences and a note are added at the end of the History the whole addition bearing tokens of the author's hand and the note evidently written while the first edition was in the press or immediately after the completion of the printing The third edition too while it has many errors of its own frequently corrects those of the first and second and in some places where words had been before misprinted it has new readings which are themselves also erroneous About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The History of the Reformation of the Church of England, Vol. 3 (Classic Reprint) Gilbert Burnet, 2015-07-02 Excerpt from The History of the Reformation of the Church of England Vol 3 This Work which is designed to finish the History of our Reformation seems reserved to be laid at your Majesty's feet who we trust is designed by God to complete the Reformation itself To rectify what may be yet amiss and to supply what is defective among us to oblige us to live and to labour more suitably to our profession to unite us more firmly among ourselves to bury and for ever to extinguish the fears of our relapsing again into popery and to establish a confidence and correspondence with the protestant and reformed churches abroad The eminent moderation of the most serene house from which your Majesty is descended gives us auspicious hopes that as God has now raised your Majesty with signal characters of an amazing Providence to be the head and the chief strength of the Reformation so your Majesty will by a wise and noble conduct form all these churches into one body so that though they cannot agree to the same opinions and rituals with us in all points yet they may join in one happy confederacy for

The Secret of Progress (Classic Reprint) W. Cunningham, 2016-10-16 Excerpt from The Secret of Progress Buckle¹ regarded it as clear that militarism and high intellectual development were not compatible till recently many people were prepared to believe that warfare was alien to the interest of civilised peoples and could only occur among half civilised or backward races But this war has shown that these hopes were vain and that the last result of civilisation was not to render war impossible but to give the means of carrying it out on a vastly extended scale The increase of knowledge and of power over nature and the sense of the benefits of intercourse and inter communication have not sufficed to give us any immunity from war About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
