Kennedy Wives Triumph And Tragedy In Americas Most Public Family:

Kennedy Wives Amber Hunt, David Batcher, 2014-12-02 The Kennedys endure as American icons because of the mix between power and vulnerability that so many of them embodied Our fascination and connection to them comes most strongly through the wives whose pain heartbreak and grief seemed immensely public and lonely and personal at the same time The Tragic Lives of the Kennedy Wives examines five of the Kennedy matriarchs Rose Jackie Ethel Joan and Vicki through the lens of their marriages their religion their families their activism and most of all their tragedies An important and fascinating exploration into the side of Camelot that was never quite kept from the public eye **Kennedys** Alexis Burling, 2015-12-15 The Kennedy family has had a tremendous impact on US government and politics in the twentieth and early twenty first centuries The Kennedysexplores how the Kennedy family got their start in politics their impact from the White House and other government positions and how the Kennedy legacy continues to impact politics Compelling narrative text and well chosen historical photographs and primary sources make this book perfect for report writing Features include a glossary a selected bibliography websites source notes and an index plus a timeline family tree and essential facts Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO **Jackie** Paul Brandus, 2020-08-25 The world was shocked when Jacqueline Kennedy married Aristotle Onassis in 1968 It would not have been so surprising had the truth of their relationship which dated back to the 1950s been known Jackie knew Ari almost as long as she had known John F Kennedy and saw qualities in him besides money that she found highly attractive The five years between her marriages to JFK and Onassis are often overlooked But it was an incredible period of growth and change for Jackie How did the world s most famous woman remain so enigmatic What was she really like This book reveals the real Jackie the one that hid behind her trademark large sunglasses In this book you ll learn about Jackie s lovers and the one man she regretted not marrying The secret second burial of JFK Her evolution from political wife Jackie into nightclubbing party girl Jackie Her own near death in 1967 Her influence on pop art fashion and design **JFK** Fredrik Logevall, 2021-09-07 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR A Pulitzer Prize winning historian takes us as close as we have ever been to the real John F Kennedy in this revelatory biography of the iconic yet still elusive thirty fifth president An utterly incandescent study of one of the most consequential figures of the twentieth century Jill Lepore author of These Truths A History of the United States WINNER OF THE ELIZABETH LONGFORD PRIZE NAMED BIOGRAPHY OF THE YEAR BY The Times London ONE OF THE BEST BOOKS OF THE YEAR The Sunday Times London New Statesman The Daily Telegraph Kirkus Reviews By the time of his assassination in 1963 John F Kennedy stood at the helm of the greatest power the world had ever seen a booming American nation that he had steered through some of the most perilous diplomatic standoffs of the Cold War Born in 1917 to a striving Irish American family that had become among Boston s wealthiest Kennedy knew political ambition from an early age and his meteoric rise to become the youngest elected president cemented

his status as one of the most mythologized figures in American history And while hagiographic portrayals of his dazzling charisma reports of his extramarital affairs and disagreements over his political legacy have come and gone in the decades since his untimely death these accounts all fail to capture the full person Beckoned by this gap in our historical knowledge Fredrik Logevall has spent much of the last decade searching for the real JFK The result of this prodigious effort is a sweeping two volume biography that properly contextualizes Kennedy amidst the roiling American Century This volume spans the first thirty nine years of JFK s life from birth through his decision to run for president to reveal his early relationships his formative experiences during World War II his ideas his writings his political aspirations In examining these pre White House years Logevall shows us a more serious independently minded Kennedy than we ve previously known whose distinct international sensibility would prepare him to enter national politics at a critical moment in modern U S history Along the way Logevall tells the parallel story of America s midcentury rise As Kennedy comes of age we see the charged debate between isolationists and interventionists in the years before Pearl Harbor the tumult of the Second World War through which the United States emerged as a global colossus the outbreak and spread of the Cold War the domestic politics of anti Communism and the attendant scourge of McCarthyism the growth of television s influence on politics and more JFK Coming of Age in the American Century 1917 1956 is a sweeping history of the United States in the middle decades of the twentieth century as well as the clearest portrait we have of this enigmatic American icon

The Origins of UNICEF, 1946-1953 Jennifer M. Morris, 2015-04-16 The Origins of UNICEF traces the history of the founding of the world's most well known and often controversial relief aid organization for children UNICEF modeled itself after several national organizations as well as some

of the early twentieth century transnational and international relief aid organizations catering to a clientele that many observers claimed would be impossible to resist or ignore In only a few years UNICEF s programs provided relief aid to millions of children in locations around the globe but the atmosphere of post war cooperation quickly supplanted by Cold War tensions caused UNICEF s efforts to be scrutinized lest they be too closely aligned with either the United States or the Soviet Bloc UNICEF remains one of the most highly regarded and effective child relief aid organizations in the world The story of its founding and its first years as an aid organization provide insight into how an international apolitical philanthropic organization must maneuver through political and cultural tensions in order to achieve its goal of mitigating human suffering
