*Holy Wells of Ireland* Celeste Ray,Finbar McCormick,2023-09-19 The storied landscapes of Ireland are dotted with holy wells hallowed springs pools ponds and lakes credited with curative powers and often associated with Catholic and indigenous saints While many of these sites have been recently lost to development others are visited daily for devotions and remain the focus of annual community gatherings Encouraging both their use and protection *Holy Wells of Ireland* delves into these irreplaceable resources of spiritual archaeological and historical significance Reserves of localized spiritual practices holy wells are also ecosystems in themselves and provide habitats for rare and culturally meaningful flora and fauna The shift toward a post Catholic Ireland has prompted renewed interest in holy wells as popular domains with organic faith traditions Of the roughly 3 000 holy wells documented across Ireland some attract international pilgrims and others are stewarded by a single family Featuring 140 color images this remarkable volume shares the transdisciplinary work of contributors who study these wells through the overlapping lenses of anthropology archaeology art history biomedicine folklore geography history and hydrology Braiding community perspectives with those of scholars across academia *Holy Wells of Ireland* considers Irish holy wells as a resilient feature of ever evolving Irish Christianity as inspiration to other faith traditions as places of pilgrimage and healing and as threatened biocultural resources      **Death, Burial and**

**Ireland, Volume II** Art Cosgrove,2008-11-06 *A New History of Ireland* is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume

It opens with a character study of medieval Ireland and a panoramic view of the country c 1169 followed by nineteen chapters of narrative history with a survey of Land and People c 1300 There are further chapters on Gaelic and colonial society economy and trade literature in Irish French and English architecture and sculpture manuscripts and illuminations and coinage *Immigrants in the Valley* Mark Wyman,2016-11-09 Thousands of newcomers flocked into the Upper Mississippi country in the decades leading up to the Civil War Illinois Wisconsin Iowa Missouri and Minnesota received immigrants from most areas of Europe as well as Americans from the Upper South New England and the Middle Atlantic states They all carried with them religious beliefs experiences and expectations that differed widely attitudes and opinions which often threw them into conflict with each other Drawing extensively on family letters sent home to Europe missionary reports employment records and other diverse materials from 1830 to 1860 Wyman shows the interplay between the major groups traveling the roads and waterways of the Upper Mississippi Valley during those crucial decades The result is a lively richly illustrated account that will help Americans everywhere better understand their diverse heritage and the environment in which their family trees took root A new preface to this paperback edition helps to bring the scholarship up to date

**Social Origins of the Irish Land War** Samuel Clark,2014-07-14 Arguing that social movements can be explained and understood only in a comparative historical perspective and not in terms of immediate social or political conditions the author identifies the causes of the Land War in the evolution of social structure and collective action in the Irish countryside over the course of the nineteenth century Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Making Ireland English* Jane Ohlmeyer,2012-06-26 This groundbreaking book provides the first comprehensive study of the remaking of Ireland's aristocracy during the seventeenth century It is a study of the Irish peerage and its role in the establishment of English control over Ireland Jane Ohlmeyer's research in the archives of the era yields a major new understanding of early Irish and British elite and it offers fresh perspectives on the experiences of the Irish English and Scottish lords in wider British and continental contexts The book examines the resident peerage as an aggregate of 91 families not simply 311 individuals and demonstrates how a reconstituted peerage of mixed faith and ethnicity assimilated the established Catholic aristocracy Tracking the impact of colonization civil war and other significant factors on the fortunes of the peerage in Ireland Ohlmeyer arrives at a fresh assessment of the key accomplishment of the new Irish elite making Ireland English

Landscapes of the Learned Elizabeth FitzPatrick,2023-04-15 Gaelic literati were an elite and influential group in the social hierarchy of Irish lordships between c 1300 and 1600 From their estates they served Gaelic and Old English ruling

families in the arts of history law medicine and poetry They farmed kept guest houses conducted schools and maintained networks of learning In other capacities they were involved in political assemblies and memorializing dynastic histories in landscape This book presents a framework for identifying and interpreting the settings and built heritages of their estates in lordship borderscapes It shows that a more textured definition of what this learned class represented can be achieved through the material record of the buildings and monuments they used and where their lands were positioned in the political map Where literati lived and worked are conceived as expressions of their intellectual and political cultures Mediated by case studies of the landscapes of their estates dwellings and schools the methodology is predominantly field based using archaeological investigation and topographic and spatial analyses and drawing on historical and literary texts place names and lore in referencing named people to places More widely the study contributes a landscape perspective to the growing body of work on autochthonous intellectual culture and the exercise of power by ruling families in late medieval and early modern northern European societies      The Archaeology of Prehistoric Burnt Mounds in Ireland Alan Hawkes,2018-08-13 This book details the archaeology of burnt mounds fulachta fia in Ireland one of the most frequent and under researched prehistoric site types in the country It presents a re evaluation of the pyrolithic phenomenon in light of some 1000 excavated burnt mounds      Marriage in Ireland, 1660-1925 Maria Luddy,Mary O'Dowd,2020-06-25 Explores how marriage in Ireland was perceived negotiated and controlled by church and state as well as by individuals across three centuries      **Journal of the Cork Historical and Archaeological Society** Cork Historical and Archaeological Society,1900 Includes lists of members      *Ribbon Societies in Nineteenth-century Ireland and Its Diaspora* Kyle Hughes (Lecturer in British history),Donald M. MacRaild,2018 This is the first full length study of Irish Ribbonism tracing the development of the movement from its origins in the Defender movement of the 1790s to the latter part of the century when the remnants of the Ribbon tradition found solace in a new movement the quasi constitutional affinities of the Ancient Order of Hibernians Placing Ribbonism firmly within Ireland's long tradition of collective action and protest this book shows that owing to its diversity and adaptability it shared similarities but also stood apart from the many rural redresser groups of the period and showed remarkable longevity not matched by its contemporaries The book describes the wider context of Catholic struggles for improved standing explores traditions and networks for association and it describes external impressions Drawing on rich archives in the form of state surveillance records show trial proceedings and press reportage the book shows that Ribbonism was a sophisticated and durable underground network drawing together various strands of the rural and urban Catholic populace in Ireland and Britain *Ribbon Societies in Nineteenth Century Ireland and its Diaspora* is a fascinating study that demonstrates Ribbonism operated more widely than previous studies have revealed      Ascendancy Women and Elementary Education in Ireland Eilís O'Sullivan,2017-06-30 This book outlines the lives of six female members of the Irish Ascendancy and describes their involvement with educational provision for poor children in Ireland at the end of the long eighteenth

century It argues that these women were moved by empathy and by a sense of duty and that they were motivated by political considerations pragmatism and especially religious belief The book highlights the women s agency and locates their contribution in international and literary contexts and by exploring sources and evidence not previously considered it generates an enhanced understanding of Ascendancy women s involvement with the provision of elementary education for poor Irish children This book will appeal to scholars and researchers in the fields of Education and History of Education It will also have broad appeal for those interested in Gender and Women s Studies in Georgian Ireland and in the history of Ascendancy families and estates

Byrne,2009-03-12 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day The third volume opens with a character study of early modern Ireland and a panoramic survey of Ireland in 1534 followed by twelve chapters of narrative history There are further chapters on the economy the coinage languages and literature and the Irish abroad Two surveys Land and People c 1600 and c 1685 are included

*Pilgrimage in Ireland* Peter Harbison,1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses tomb shrines Romanesque churches round towers sundials beehive huts Ogham stones and other monuments many of them dating from before the 12th century The purpose and function of these artifacts have often been the subject of much debate Peter Harbison proposes in this book a radical hypothesis that a great many of these relics can be explained in terms of ecclesiastical pilgrimage He has constructed a fascination theory about the palace of pilgrimage in the early Christian period placing it right at the center of communal life The monuments themselves make much better sense if it looked at in this light as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims He begins by searching the historical sources in detail for evidence of early pilgrimage sites By examining their monuments he projects the findings to other locations where pilgrimage has not been documented He goes on to describe monument types of every kind and to identify pilgrims in sculpture surviving from before AD 1200 The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments enabling the author to

reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland Indeed the famous medieval traveler s tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland reaching Iceland Greenland and even North America
