Productive Engagement in Later Life Nancy Morrow-Howell,Ada Mui,2014-06-11 Productive Ageing is the involvement of older adults in society through employment volunteering caregiving education and skill building In 2020 there will be 248 million people in China aged 60 and over At the same time the birth rate continues to drop and family structures are being transformed In the face of such pressing demographic challenges the productive engagement of older adults is a clear cut strategy to strengthen families and communities while simultaneously promoting the health of older adults From a human capital perspective an ageing population represents resources to address societal needs and the active engagement of older adults can enhance and maintain the physical mental and cognitive health of the older adults The challenge is to develop policies that support productive engagement and implement evidence based programs that create opportunities for older adults in active engagement in the community Contributions of older adults will be necessary for social and economic development of families communities and society Productive Engagement in Later Life covers the 2009 China conference on productive aging and discusses how to initiate and build productive aging agenda in China and around the globe This book was originally published as a special issue of China Journal of Social Work **Nursing Older People** Rhonda Nay,Sally Garratt,2009-06-30 This edition captures the underlying new approach in patient centred care and thinking from a multidisciplinary perspective It highlights the most recent ideas and experiences of policy analysts nurses doctors allied health professionals and the consumer experience from both Australia and Internationally Contemporary research compliments the vignettes of practice and in conjunction with accompanying video clips serve to capture the realities of caring for older people in our society Change in focus of health care system with the patient centered care taking precedence and this new philosophy is incorporated into the third edition Key focus on issues and innovations in aged care with evidence based examples and clinical vignettes included throughout the new edition Cases are incorporated into each chapter to re enforce and highlight many issues faced by nurses and health care workers in aged care Written by experts in the field of aged care Accompanying DVD provides video clips of interviews with health practitioners and it highlights innovations to health care demands issues such as dementia and broader aging issues These serve to re enforce the underpinning interdisciplinary and innovative approach of the third edition An Evolve ebooks will be available of this title Older People, Ageing and Social Work Karen Heycox,2020-07-23 Essential reading for practitioners educators and researchers within the general field of social work with older people From the foreword by Mark Lymbery Associate Professor of Social Work

University of Nottingham The reality of our ageing population means all social workers need to be confident in working with older people Social workers are engaged in ongoing practice with older people in a variety of contexts from hospitals aged care assessment teams and mental health services to employment services housing services and rehabilitation services Older People Ageing and Social Work draws on theoretical research policy and practice knowledge to inform contemporary practice with older people Hughes and Heycox demonstrate that high level professional skills are required in this area as well as detailed knowledge of the issues affecting older people's lives They argue that practitioners need to take into account the social and emotional needs of the older people they work with as well as the practical and administrative aspects of their roles They emphasise understanding the diversity of the older population and enabling older people to make the most of their strengths and capacities

Contesting Aging and Loss Janice Graham, Peter Stephenson, 2010-04-26 Disease and death are a part of life but so too is being well The lively voices found in this book are not shy about stating the ways in which the widely held notion that they are in decline has been a far larger problem than many other features of their lives For students scholars and policy makers the message is to attend to these voices and to design and build better programs that address the social determinants of healthy aging and social inclusion throughout the life course

Wellbeing: A Complete Reference Guide, Wellbeing in Later Life Thomas B. L. Kirkwood, Cary Cooper, 2014-03-17 Wellbeing in Later Life uses the latest research from a variety of disciplines to address and correct common myths and misconceptions about aging Covers topics ranging from biological mechanisms that affect aging to lifestyle attitudes and social factors Examines the challenges of humanity's increasing life expectancy and includes recommendations for maintaining and enhancing wellbeing in later life Makes meaningful connections between research and practice to link aspects of aging which have previously been considered separate Part of the six volume Wellbeing A Complete Reference Guide which brings together leading research from across the social sciences
