Kolmar, 2015-01-28 Originally published in 1998 and covering a tradition ignored by most critics this bibliography assembles and documents a large body of supernatural fiction written by women in English from the end of the 18th century to the present These stories the work of women whose literary reputations personal histories and bodies of work vary widely challenge the narrow way in which supernatural literature has traditionally been regarded they indicate a much richer and more complex set of literary responses to the supernatural than has been hitherto acknowledged The writers included range from Ann Radcliffe and the Gothic novelists to Louisa May Alcott Charlotte Gilman and Edith Wharton to such modern writers as Elizabeth Bowen Jean Rhys Muriel Spark and A S Byatt The volume will be of interest to literary and cultural historians and of particular importance to women's studies scholars **Lost Souls of Horror and the Gothic** Elizabeth McCarthy, Bernice M. Murphy, 2016-10-24 In recent years horror and gothic themes have penetrated mainstream popular culture in a manner unseen since the horror boom of the 1970s Primetime television viewers who before might not have shown interest in such late night fare now happily settle down after dinner to watch zombie or serial killer shows This collection of 54 biographical essays examines many overlooked and underrated figures who have played a role in the ever expanding world of horror and gothic entertainment The contributors push the boundaries of how we define these terms bringing into the discussion such diverse figures as singer songwriter Tom Waits occultist Dion Fortune author Charles Beaumont historian and bishop Gregory of Tours and video game designer Shinji Mikami Lilith's Cave Howard Schwartz, 1991-12-12 Tales of terror and the supernatural hold an honored position in the Jewish folkloric tradition Howard Schwartz has superbly translated and retold fifty of the best of these folktales Gathered from countless sources ranging from the ancient Middle East to twelfth century Germany and later Eastern European oral tradition these captivating stories include Jewish variants of the Pandora and Persephone myths **The Occult Imagination in Britain, 1875-1947**

Christine Ferguson, Andrew Radford, 2017-12-15 Between 1875 and 1947 a period bookended respectively by the founding of the Theosophical Society and the death of notorious occultist celebrity Aleister Crowley Britain experienced an unparalleled efflorescence of engagement with unusual occult schema and supernatural phenomena such as astral travel ritual magic and reincarnationism Reflecting the signal array of responses by authors artists actors impresarios and popular entertainers to questions of esoteric spirituality and belief this interdisciplinary collection demonstrates the enormous interest in the occult during a time typically associated with the rise of secularization and scientific innovation The contributors describe how the occult realm functions as a turbulent conceptual and affective space shifting between poles of faith and doubt the sacrosanct and the profane the endemic and the exotic the forensic and the fetishistic Here occultism emerges as a practice and epistemology that decisively shapes the literary enterprises of writers such as Dion Fortune and Arthur Machen artists such as Pamela Colman Smith and revivalists such as Rolf Gardiner

Leaves from the Garden of Eden Howard Schwartz, 2009 In *Leaves from the Garden of Eden* Howard Schwartz a three time winner of the National Jewish Book Award has gathered together one hundred of the most astonishing and luminous stories from Jewish folk tradition Just as Schwartz's award winning book *Tree of Souls: The Mythology of Judaism* collected the essential myths of Jewish tradition *Leaves from the Garden of Eden* collects one hundred essential Jewish tales As imaginative as the *Arabian Nights* these stories invoke enchanted worlds demonic realms and mystical experiences The four most popular types of Jewish tales are gathered here fairy tales folktales supernatural tales and mystical tales taking readers on heavenly journeys lifelong quests and descents to the underworld King David is still alive in the City of Luz which the Angel of Death cannot enter and somewhere deep in the forest a mysterious cottage contains the candle of your soul In these stories a bride who is not careful may end up marrying a demon while the charm sewn into a dress may drive a pious woman to lascivious behavior There is a dybbuk lurking in a well a book that comes to life and a world where Lilith the Queen of Demons seduces the unsuspecting Here too are Jewish versions of many of the best known tales including *Cinderella* *Snow White* and *Rapunzel* Schwartz's retelling of one of these stories *The Finger* inspired Tim Burton's film *Corpse Bride* With its broad selection from written and oral sources *Leaves from the Garden of Eden* is a landmark collection representing the full range of Jewish folklore from the Talmud to the present It is a must read for everyone who loves fiction and an ideal holiday gift

Mazes of the Serpent Roger B. Salomon, 2018-07-05 In a compact readable and accessible book Roger B Salomon explores the nature of horror in literature and in life Rather than minimizing horror by narrowly associating it with psychological drives persecution or extremism he approaches horror through the medium of narrative as a significant and enduring physical and metaphysical reality Salomon focuses on fictions of horror including eighteenth century Gothic and nineteenth century ghost stories He does not however isolate literary examples from more general human issues including religious belief *Mazes of the Serpent* takes up examples of horror from historical and personal narratives including battle memoirs and Holocaust testimonies as Salomon identifies

certain common themes and qualities that cross the boundary between fiction and actual human experience *Horror Literature* Marshall B. Tymn, 1981 *Discovering Modern Horror Fiction II* Darrell Schweitzer, 1988-12-01 *Fantasy Review*, 1984 *Historical Dictionary of Horror Cinema* Peter Hutchings, 2017-11-22 Horror is one of the most enduring and controversial of all cinematic genres Horror films range from subtle and poetic to graphic and gory but what links them together is their ability to frighten disturb shock provoke delight irritate and amuse audiences Horror's capacity to take the form of our evolving fears and anxieties has ensured not only its notoriety but also its long term survival and international popularity This second edition has been comprehensively updated to capture all that is important and exciting about the horror genre as it exists today Its new entries feature the creative personalities who have developed innovative forms of horror and recent major films and cycles of films that ensure horror's continuing popularity and significance In addition many of the other entries have been expanded to include reference to the contemporary scene giving a clear picture of how horror cinema is constantly renewing and transforming itself The Historical Dictionary of Horror Cinema traces the development of the genre from its beginnings to the present This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries The entries cover all major movie villains including Frankenstein and his monsters the vampire the werewolf the mummy the zombie the ghost and the serial killer film directors producers writers actors cinematographers make up artists special effects technicians and composers who have helped shape horror history significant production companies major films that are milestones in the development of the horror genre and different national traditions in horror cinema as well as popular themes formats conventions and cycles **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson, L.W. Conolly, 2004-11-30 Post Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world Their significance derives from the richness and variety of experience which they reflect In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide *The Shape of Fear* Susan Jennifer Navarette, 2021-05-11 During the last decades of the nineteenth century Charles Darwin Thomas Henry Huxley Walter Pater and others changed the nature of thought concerning the human body and the physical environment that had shaped it In response the 1890s saw the publication of a series of remarkable literary works that had their genesis in the intense scientific and aesthetic activity of those preceding decades texts that emphasized themes of degeneration and were themselves stylistically decompositive with language both a surrogate for physical deformity and a source of anxiety Susan J Navarette examines the ways in which scientific and cultural concerns of late nineteenth century England are coded in the horror literature of the period By contextualizing the structural stylistic and

thematic systems developed by writers seeking to reenact textually the entropic forces they perceived in the natural world Navarette reconstructs the late Victorian mentalit She analyzes aesthetic responses to trends in contemporary science and explores horror writers use of scientific methodologies to support their perception that a long awaited period of cultural decline had begun In her analysis of the classics Turn of the Screw and Heart of Darkness Navarette shows how James and Conrad made artistic use of earlier scientific readings of the body She also considers works by lesser known authors Walter de la Mare Vernon Lee and Arthur Machen who produced fin de si cle stories that took the form of hybrid literary monstrosities To underscore the fascination with bodily decay and deformation that these writers explored The Shape of Fear is enhanced with prints and line drawings by Victor Hugo James Ensor and other artists of the day This elegantly written book formulates a new canon of late Victorian fiction that will intrigue scholars of literature and cultural history

Journeys into Darkness James Goho,2014-03-06 The tradition of supernatural horror fiction runs deep in Anglo American literature From the Gothic novels of the eighteenth century to such contemporary authors as Stephen King and Anne Rice writers have employed horror fiction to unearth many disquieting truths about the human condition ranging from mistreatment of women and minorities to the ever present dangers of modern city life In Journeys into Darkness Critical Essays on Gothic Horror James Goho analyzes many significant writers and trends in American and British horror fiction Beginning with Charles Brockden Brown s disturbing novels of terror and madness Goho proceeds to discuss the influence of Edgar Allan Poe s The Fall of the House of Usher on H P Lovecraft who is treated in several penetrating essays Lovecraft was a uniquely philosophical writer and Goho approaches his work through the lens of existentialist philosopher S ren Kierkegaard while also probing Lovecraft s racism as exhibited in several tales about Native Americans Goho also discusses the Welsh writer Arthur Machen s tortured tales of suffering and evil and Algernon Blackwood s numerous stories set in the wilds of the Canadian backwoods The book concludes with a centuries spanning essay on the witchcraft theme in the American Gothic tradition and a comprehensive essay on Fritz Leiber s invention of the urban Gothic In this wide ranging study James Goho examines the varied ways in which supernatural fiction can address the deepest moral social and political concerns of the human experience Journeys into Darkness will be of interest to readers and scholars of horror fiction and to students of literary history and culture in general

The Lost Soul of Higher Education Ellen Schrecker,2010-08-24 The professor and historian delivers a major critique of how political and financial attacks on the academy are undermining our system of higher education Making a provocative foray into the public debates over higher education acclaimed historian Ellen Schrecker argues that the American university is under attack from two fronts On the one hand outside pressure groups have staged massive challenges to academic freedom beginning in the 1960s with attacks on faculty who opposed the Vietnam War and resurfacing more recently with well funded campaigns against Middle Eastern Studies scholars Connecting these dots Schrecker reveals a distinct pattern of efforts to undermine the legitimacy of any scholarly study that threatens

the status quo At the same time Schrecker deftly chronicles the erosion of university budgets and the encroachment of private sector influence into academic life From the dwindling numbers of full time faculty to the collapse of library budgets The Lost Soul of Higher Education depicts a system increasingly beholden to corporate America and starved of the resources it needs to educate the new generation of citizens A sharp riposte to the conservative critics of the academy by the leading historian of the McCarthy era witch hunts The Lost Soul of Higher Education reveals a system in peril and defends the vital role of higher education in our democracy The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art **The Mistletoe Bride and Other Haunting Tales** Kate Mosse, 2013-10-24 The perfect winter ghost short story collection from the No 1 bestselling author of LABYRINTH and THE CITY OF TEARS I hear someone coming It has happened before I pause and listen but no longer hear anything I sigh As always hope is snatched away before it can take root And so then as always I am carried back to that first December so very long ago Rooted in the elemental landscapes of Sussex Brittany and the Languedoc here are tales of ghosts and spirits seeking revenge grief stricken women and haunted men coming to terms with their destiny *Cataloging for School Librarians* Marie Kelsey, 2018-02-19 Cataloging for School Librarians Second Edition presents the theory and practice of cataloging and classification to students and practitioners needing a clear sequential process to help them overcome cataloging anxiety By following the instructions in this book the new cataloger will become proficient at creating bibliographic records that meet current national standards and make library materials accessible to students and faculty This new edition fully integrates RDA while referencing its antecedent AACR2 FRBR Sears the Dewey Decimal Classification and the implications of Web Scale Discovery services are covered It presents numerous examples of how to catalog books non print and electronic library materials using the MARC format To reinforce learning each chapter concludes with a revised review quiz and critical thinking questions Cataloging for School Librarians Second Edition includes sample full MARC records a glossary and an index
