Cheney, 2015-07-13 Excerpt from Louisa May Alcott: Her Life, Letters and Journals. Louisa May Alcott is universally recognized as the greatest and most popular story teller for children in her generation. She has known the way to the hearts of young people not only in her own class or even country but in every condition of life and in many foreign lands. Plato says Beware of those who teach fables to children and it is impossible to estimate the influence which the popular writer of fiction has over the audience he wins to listen to his tales. The preacher the teacher the didactic writer find their audience in hours of strength with critical faculties all alive to question their propositions and refute their arguments. The novelist comes to us in the intervals of recreation and relaxation and by his seductive powers of imagination and sentiment takes possession of the fancy and the heart before judgment and reason are aroused to defend the citadel.
