Love Human And Divine Love Human And Divine:

Love, Human and Divine Edward Collins Vacek, 1994-04-01 Although the two great commandments to love God and to love our neighbors as ourselves are central to Christianity few theologians or spiritual writers have undertaken an extensive account of the meaning and forms of these loves Most accounts in fact make love of God and love of self either impossible or immoral Integrating these two commandments Edward Vacek SJ develops an original account of love as the theological foundation for Christian ethics Vacek criticizes common understandings of agape eros and philia examining the arguments of Aquinas Nygren Outka Rahner Scheler and other theologians and philosophers He defines love as an emotional affirmative participation in the beloved's real and ideal goodness and he extends this definition to the love between God and self Vacek proposes that the heart of Christian moral life is loving cooperation with God in a mutually perfecting friendship *The Man-Savior's Incarnation Fulfilling the Purpose of God's Creation of Man* Witness Lee, 2025-03-26 In this booklet taken from Life study of Luke Witness Lee presents the link between Christ's incarnation and God's purpose in creating man It is a great thing to see that Christ's incarnation is linked to God's purpose in creating man God's purpose in the creation of man in His image and after His likeness was that man would receive Him as life and express Him in all His attributes The Man Savior's incarnation brought God into man to restore and to recover the damaged and lost humanity and to express God in His attributes through human virtues *Love as Common Ground* Paul S. Fiddes, 2021-09-23 This book explores the way in which the study and practice of love creates a common ground for different faiths and different traditions within the same faith For the contributors common ground in this context is not a minimal core of belief or a lowest common denominator of faith but a space or area in which to live together consider together the meaning of the love to which various faiths witness and work together to enable human flourishing Such a space the contributors believe is possible because it is the place of encounter with the divine This book is the fruit of a Project for the Study of Love in Religion which aims to create this space in which different traditions of love converge from Islam Judaism and the Christianity of both East and West Tools employed by the contributors in exploring this space of love include exegesis of ancient texts theology accounts of mystical experience philosophy and evolutionary science of the human Insights about human and divine love that emerge include its nature as a form of knowing its sacrificial and erotic dimensions its inclination towards beauty its making of community and its importance for a just political and economic life *Love Human and Divine* L. William Countryman, 2005-03-01 Questions around sexuality have been major ones for the Episcopal and other mainline churches in recent years Those questions have heated up substantially in the last couple years in most mainline denominations particularly in the Episcopal Church In this short book based on lectures that Bill Countryman has given in the US as well as abroad he explores the intersection of sexuality and spirituality and their relationship to the biblical texts to our relationship to God and to one another Christians have long tried to separate eros and agape eros being the more passionate form of love and agape being the holy one

Countryman argues that this is an over interpretation of the linguistic differences of the original Greek and that there can be no difference between the two Christians have been very uncomfortable with the idea of passion but have been unable to completely dispense with it given that The Song of Songs is part of our Bible and that God is portrayed there as passionate In this important book Countryman explores how God s passion and our passion meet in communion with one another and in community L William Countryman is Sherman E Johnson Professor in Biblical Studies at the Church Divinity School of the Pacific in Berkeley California He is a popular speaker and the author of many books including Gifted by Otherness Living on the Border of the Holy and Forgiven and Forgiving all available from Morehouse Publishing **Arcana Coelestia, Volume 6** Emanuel Swedenborg,2013-11-08 This is an exposition of the internal or spiritual sense of the books of Genesis and Exodus according to the law of correspondences It unfolds the spiritual significance of the creation of the stories of Adam and Eve and of the deluge of the lives of the patriarchs of the captivity of the chosen people in Egypt and of their deliverance therefrom and of their subsequent history of the ritual of the Jewish religion its sacrifices and observances and in general traces the foreshadowing through both books of the incarnation and glorification of the Lord Jesus Christ Many passages from other parts of the Word are also fully explained Relations of things heard and seen in the spiritual world are interspersed explaining the process of dying and of man s resuscitation and conscious entrance into the interior life the nature of the soul of heaven and heavenly joy and of hell its nature and its miseries It also treats of the Grand Man or the whole angelic heaven and the correspondence of the societies therein with the different organs and senses of the body the origin and correspondence of diseases the spirits and inhabitants of the various planets and of other earths in the starry heavens All of which are related to a true understanding of the Divine Word This is book 6 out of 12 and covers Genesis 32 38

Thinking About Love Diane Enns,Antonio Calcagno,2015-11-10 Does love command an ineffability that remains inaccessible to the philosopher Thinking About Love considers the nature and experience of love through the writing of well known Continental philosophers such as Hannah Arendt Simone de Beauvoir Jacques Derrida and Maurice Merleau Ponty Evolving forms of social organization rapid developments in the field of psychology and novel variations on relationships demand new approaches to and ways of talking about love Rather than offering prescriptive claims this volume explores how one might think about the concept philosophically without attempting to resolve or alleviate its ambiguities paradoxes and limitations The essays focus on the contradictions and limits of love manifested in such phenomena as trust abuse grief death violence politics and desire An erudite examination of the many facets of love this book fills a lacuna in the philosophy of this richly complicated topic Along with the editors the contributors are Sophie Bourgaault John Caruana Christina M Gschwandtner Marguerite La Caze Alphonso Lingis Christian Lotz Todd May Dawne McCance Dorothea Olkowski Felix Murchadha Fiona Utley and M lanie Walton *Love* Simon May,2011-07-19 Traces the history of love and how it developed from its Hebraic and Greek origins to an ideal that obsesses the modern Western world and highlights philosophers that have

challenged conventional thoughts on love and happiness *In a Carpenter's Overall* Ishmael Angelo, 2006-01-20 The foundation of religion is a true idea of God It is upon this idea of the Divine that all doctrines ultimately rest Christianity affirms the existence of three Divine persons in the one God the Father the Son and Holy Spirit This is an erroneous concept that has been uncritically embraced in the Roman Orthodox and Protestant Churches The idea of a triumvirate of Divine persons has had disastrous consequences for mankind It spawned the doctrine of the atonement that interprets the Crucifixion in terms of a human sacrifice for sin a propitiation by the Son to a wrathful Father whose sense of justice demanded punishment for sin As a direct consequence of the widespread acceptance of this preposterous doctrine Christianity inevitable acquired the status of a do nothing religion the gods having done it all for man who is justified that is declared righteous by mere faith in the atoning death of Jesus The result has been the emasculation of the Christian Faith and the erosion of genuine spirituality as no serious effort is mad towards a reformation of character through the renunciation of evil In A Carpenter s Overall affirms the existence of one God who incarnated in the person of Jesus Christ in whom resided the Father the Son and the Holy Spirit one God in one Divine person In the words of Paul In him dwelleth all the fullness of the Godhead bodily Colossians 2 9 Having established that the Jesus of the New Testament is the very I AM THAT I AM of the Old Testament the idea of the Crucifixion as a human sacrifice for sin is examined and shown to be unscriptural unnecessary and utterly blasphemous The doctrine of instant salvation justification by faith is refuted repentance and the renunciation of evil being the only means whereby salvation can be attained A true idea of the Divine is affirmed one God whose very nature is centered infinite love and compassion for the human race and who enfleshed Himself entering into the dimensions of space and time in response to the demands of this unfathomable love In A Carpenter s Overall is based on the revelations of Emanuel Swedenborg the eminent 18th century scientist turned theologian and revelator the sleeping giant in the bosom of Christianity waiting to be discovered And the most fascinating part of the book is the 138 quotations from his theological works classified under 20 subject headings in Appendix V These quotations are utterly sublime and make an excellent introduction to the Writings the name applied to Swedenborg s 30 volumes of theological exposition God s glorious gift to the human race divinely inspired as the Old Testament and the New In the Writings is the Second Coming of the Lord **Revisiting Christianity** Dr Marius C Felderhof, 2013-06-28 This book presents a view of Christianity and Christian thinking that draws on some key thinkers from Plato to Wittgenstein and represents a thoughtful common sense theology offered as an alternative to the anti intellectualism of many contemporary Christians and to the distortions of Christianity provided by some of the most vocal critics Seeking to make accessible some traditional Christian thinking and practices that are rooted in the desire to make the most of life Felderhof highlights the additional Platonic corollary that unless we have learned to live well we shall not properly understand thus presuming the mutual interdependence of theory and practice Felderhof portrays how Christian theology is to do with making sense of what

Christians do and how generally we are best advised to live This is an invaluable introduction to key themes for students and a wide range of readers Readings in Integral Yoga: Sri Aurobindo's Teaching & Method of Practice Santosh Krinsky,2022-01-01 Sri Aurobindo calls us to what he terms an adventure of consciousness Integral yoga was not intended to set forth a specific and rigid set of practices for everyone to follow rather it was developed to understand the specific needs of each individual at each stage of development and to employ those methods and practices that would best aid in the further progress for the individual seeker It also was not targeted at abandoning life The integral yoga first focuses on achieving the necessary liberation from the fixed habits of body life and mind that create a framework around each person s life and then on bringing down into the being a higher status of consciousness and aiding its transformation of the being in all its aspects The eventual objective of the integral yoga was to provide conscious support to the natural process of evolution of consciousness and thereby speed up its advent The book Integral Yoga Sri Aurobindo s Teaching and Method of Practice was compiled and organised from among the thousands of letters on yoga that Sri Aurobindo wrote to disciples and others over a number of years It outlines his philosophical outlook the background and basis of the integral yoga and delves into a vast array of details which aid the sincere seeker in understanding the inner workings of consciousness and helps the seeker to work through the difficulties obstacles and resistances of nature to truly bring about a transformation of consciousness in all parts of his being *The Oneness of the Eastern Heart and the Western Mind* Sri Chinmoy,2014-03-22 This historic collection of all of Sri Chinmoy s university lectures in eBook form has been released to commemorate the 50th anniversary of Sri Chinmoy s arrival in the West on 13 April 1964 Sri Chinmoy s very first university lecture was given at the University of the West Indies in Kingston Jamaica on 10 January 1968 It was entitled Spirituality What It Is and What It Is Not This inaugurated a whole era of talks which saw Sri Chinmoy travelling ceaselessly across the length and breadth of America and around the world to address the youth of each country He would spend countless hours travelling by car or train to reach far flung universities sometimes visiting two or even three in the course of a single day After many of these sublimely inspiring discourses he would answer questions from the audience or spend time instructing sincere seekers in the age old practices of concentration meditation and contemplation By the mid seventies Sri Chinmoy had spoken volumes and he began to include longer and longer periods of silent meditation in his lectures Then in 1984 in a significant departure from the spoken word he introduced the theme of Peace Concerts At these concerts Sri Chinmoy would play his own soulful and devotional compositions on a variety of instruments of both Eastern and Western origin meditating between each instrument and sometimes giving aphorisms on peace and related themes In 2003 yet another form of Sri Chinmoy s self offering unfolded when he travelled to a number of universities to honour distinguished professors for their significant contributions to the betterment of humanity by physically lifting them overhead This remarkable endeavour was part of his Lifting Up the World With a Oneness Heart award programme Thus through words silence music and a combination of physical and spiritual

upliftment Sri Chinmoy has shared his profound spiritual message with the aspiring Truth seekers and God lovers of the university world for four decades Sri Chinmoy's words are mantras for the modern age reverberating in our hearts with their timeless and truly life transforming wisdom In his exquisite prose which is suffused with the very breath and cadence of poetry Sri Chinmoy has revealed all the many stages of the seeker's journey towards the Golden Shores of the ever transcending Beyond For generations to come these three volumes will awaken the inner mounting cry of seekers everywhere to achieve the highest Goal of Yoga union with God in this life **Links and Clues** Lady Victoria Welby, Victoria Alexandrina M.L.
