### **The Art (and Science) of Loving Your Soulmate: Men...Read This Book, Women...If He Won't, Buy It for Him!**

J. Gary Ratcliff, 2016-12-20 Love ain't what it used to be. These days great numbers of couples live in a basic partnership that is very short on love and affection. Men especially have forgotten or worse have never learned how to love a woman. Many men give a diluted form of love to get sex while women give sex to get love, affection, and attention. It's an exchange that devalues the currency of both love and sex. Yet when they both partners just give pure affectionate love, the sex will come naturally and be the best they've ever had. Men don't realize that they will get back in equal proportions, sometimes more than what they give. Love is an art and a science. Read this book several times. Take it to heart and watch your relationship grow better than it's ever been. It may take a little time before your partner begins to trust that this is a real change and not just a trial, but once trust arrives, look out! The fireworks will never stop, and the more you do it, the more satisfying it gets. **I See**

Vianna Stibal, 2016-10-11 Many of us are born into this world with the feeling and knowing of what being loved by another person should feel and be like, but we lack the feeling and knowing of how to fulfill this desire in the highest and best way. The desire for a soul mate is the ancient need to become the divine couple whose union breathes new life into the world. Seen from this context, finding your soul mate has deeper ramifications than a purely romantic desire. The union of a soul mate is about the creation of an energy that is a candle to bring illumination to the world. The content of this book is designed for spiritually romantic people who have not lost the faith that there is someone out there that has a divine understanding of us and that two people are brought together for a divine plan that will contribute towards a higher purpose. Based on Vianna Stibal's own experience of finding her soul mate, this book will reaffirm your belief in true love and will explain how using ThetaHealing you can bring your soul mate into your life.
