sin against God Ever since then Satan has ensnared various men across time advancing his agenda to create world wide financial dominion thus controlling the political spiritual and economic systems everywhere with himself taking full lordship over Gods creation This is why I Grace Baumgarten Cannot Be Silenced With this being an election year in the USA and its consequent Changing of the guard being informed about the secret societies or Enlightened Elites is imperative Their ideology True freedom is liberation from God and from moral constraints with no absolute faith To them All truth is relative to the individual or group With back room dealings ruinous bailouts and elimination of basic human values theyve turned the USA over to be dissected corporate style and theyre forcing this fraud on you and me Yet our founding fathers constructed a different concept one of freedom under the authority of Almighty God as the Great Ruler with His creation nations and peoples empowered from on High His Bible and His Commandments are the authoritative Word of God and the basis for law life and true liberty My first book was just the beginning and so much has happened Therefore following a one year sabbatical I started writing one sentence at a time knowing one day this book would be born I Cannot Be Silenced
