thought including oral texts and possibly written ones such as philosophical debates and stories This book explores the notion of non violence in the epic Mah bh rata In examining gleaning as an ecological and spiritual philosophy nurtured as much by hospitality codes as by eating practices the author analyses the merits and limitations of the 9th century Kashmiri aesthetician Anandavardhana that the dominant aesthetic sentiment or rasa of the Mah bh rata is shanta peace Mahatma Gandhi s non violent reading of the Mahabharata via the Bhagavad Gita are also studied This book by one of the leaders in Mah bh rata studies is of interest to scholars of South Asian Literary Studies Religious Studies as well as Peace Studies South Asian Anthropology and History **The Stories of the Ramayana and the Mahabharata** John Campbell

VARSHA DAS,2001 A Story Book *Gender and Narrative in the Mahabharata* Simon Brodbeck,Brian Black,2007-08-09 The Sanskrit Mahabharata is one of the most important texts to emerge from the Indian cultural tradition At almost 75 000 verses it is the longest poem in the world and throughout Indian history it has been hugely influential in shaping gender and social norms In the context of ancient India it is the definitive cultural narrative in the construction of masculine feminine and alternative gender roles This book brings together many of the most respected scholars in the field of Mahabharata studies as well as some of its most promising young scholars By focusing specifically on gender constructions some of the most innovative aspects of the Mahabharata are highlighted Whilst taking account of feminist scholarship the contributors see the Mahabharata as providing an opportunity to frame discussion of gender in literature not just in terms of the socio historical roles of men and women Instead they analyze the text in terms of the wider poetic and philosophical possibilities thrown up by the semiotics of gendering Consequently the book bridges a gap in text critical methodology between the traditional philological approach and more recent trends in gender and literary theory *Gender and Narrative in the Mahabharata* will be appreciated by readers interested in South Asian studies Hinduism religious studies and gender studies

role dharma has played across political religious legal literary ethical and philosophical domains and discourses about what holds life together Through dharma these traditions have articulated their distinct visions of the good and well rewarded life This insightful study explores the diverse and changing significance of dharma in classical India in nine major dharma texts as well some shorter ones Dharma proves to be a term by which to make a fresh cut through these texts and to reconsider their own chronology their import and their relation to each other *The Triad of Truth: Exploring the Intersections of Religion, Philosophy, and Science* Haribhai Naranbhai Jadav, 2025-08-07 Man has lived divided for too long science in onehand religion in the other and philosophy wandering in between trying to make sense of both But truth is not fragmented existence is not divided into departments Science philosophy and religion are not enemies they are three dimensions of the same quest Science is the language of the measurable It asks How does this universe function It seeks precision clarity the mechanisms of existence Philosophy is the longing to know the deeper meaning It asks Why is there something rather than nothing It questions it wonders it seeks the hidden poetry of the cosmos Religion is the heartbeat of devotion It does not ask it trusts It feels the presence of something beyond logic beyond intellect It is not about proving it is about experiencing To see them as separate is to remain blind The truth is one but the seekers are many **Encyclopedia of Mythological Objects** Theresa Bane, 2020-06-22 Curious about the chains that bound Fenriswulf in Norse mythology Or the hut of Baba Yaga the infamous witch of Russian folklore Containing more than one thousand detailed entries on the magical and mythical items from the different folklore legends and religions the world over this encyclopedia is the first of its kind From Abadi the named stone in Roman mythology to Zul Hajam one of the four swords said to belong to the prophet Mohammed each item is described in as much detail as the original source material provided including information on its origin who was its wielder and the extent of its magical abilities The text also includes a comprehensive cross reference system and an extensive bibliography to aid researchers *The National Union Catalog, 1952-1955 Imprints*, 1961
