

Maimonides' Cure of Souls

Medieval Precursor of Psychoanalysis

David Bakan, Dan Merkur & David S. Weiss

Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis

**Hava Tirosh-Samuelson, Aaron W.
Hughes**

Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis:

Maimonides' Cure of Souls David Bakan, Dan Merkur, David S. Weiss, 2010-07-02 Is Moses Maimonides an unacknowledged ancestor of the psychoanalytic movement In this book David Bakan Dan Merkur and David S Weiss look at the great medieval Jewish philosopher's prescription for the cure of souls and its psychological significance In the Guide of the Perplexed Maimonides who was also a physician describes the soul's illness when sinners rationalize evil as good they limit their capacities to reason imagine and behave well which also produces physical symptoms The cure depends on repentance in love and fear of God that is attained through philosophical knowledge the interpretation of dreams and visions and mystical contemplation The authors look at the Aristotelian background of Maimonides psychology Maimonidean mysticism his beliefs about prophecy and sexuality and what is known of Maimonides client population A final chapter discusses Maimonides and Freud noting that many distinctive features of the cure of souls are shared by Freud's original formulation of psychoanalysis Indeed the many points of convergence suggest Freud's direct or indirect contact with Maimonides legacy

The Secret Symmetry of Maimonides and Freud Nathan Szajnberg, 2023-06-13 The Secret Symmetry of Maimonides and Freud presents the parallels between The Guide of the Perplexed and The Interpretation of Dreams considering how Maimonides might be perceived as anticipating Freud's much later work The Secret Symmetry of Maimonides and Freud suggests that humankind has secrets to hide and does so by using common mechanisms and embedding revealing hints for the benefit of the true reader Using a psychoanalytic approach in tandem with literary criticism and an in depth assessment of Judaica Szajnberg demonstrates the similarities between these two towering Jewish intellectual pillars Using concepts of esoteric literature from the Torah and later texts this book analyses their ideas on concealing and revealing to gain a renewed perspective on Freud's view of dreams Throughout Szajnberg articulates the challenges of reading translated works and how we can address the pitfalls in such translations The book is a vital read for psychoanalysts in training and practice as well as those interested in Judaica the history of ideas and early medieval studies

Leo Strauss on Maimonides Leo Strauss, 2013-04-23 Leo Strauss is widely recognized as one of the foremost interpreters of Maimonides His studies of the medieval Jewish philosopher led to his rediscovery of esotericism and deepened his sense that the tension between reason and revelation was central to modern political thought His writings throughout the twentieth century were chiefly responsible for restoring Maimonides as a philosophical thinker of the first rank Yet to appreciate the extent of Strauss's contribution to the scholarship on Maimonides one has traditionally had to seek out essays he published separately spanning almost fifty years With Leo Strauss on Maimonides Kenneth Hart Green presents for the first time a comprehensive annotated collection of Strauss's writings on Maimonides comprising sixteen essays three of which appear in English for the first time Green has also provided careful translations of materials that had originally been quoted in Hebrew Arabic Latin German and French written an informative introduction highlighting the original

contributions found in each essay and brought references to out of print editions fully up to date The result will become the standard edition of Strauss s writings on Maimonides **An Examination of the Singular in Maimonides and Spinoza**

Norman L. Whitman,2020-08-14 This book presents an alternative reading of the respective works of Moses Maimonides and Baruch Spinoza It argues that both thinkers are primarily concerned with the singular perfection of the complete human being rather than with attaining only rational knowledge Complete perfection of a human being expresses the unique concord of concrete activities such as ethics politics and psychology with reason The necessity of concrete historical activities in generating perfection entails that both thinkers are not primarily concerned with an escape to a metaphysical realm of transcendent or universal truths via cognition Instead both are focused on developing and cultivating individuals concrete desires and activities to the potential benefit of all This book argues that rather than solely focusing on individual enlightenment both thinkers are primarily concerned with a political life and the improvement of fellow citizens capacities A key theme throughout the text is that both Maimonides and Spinoza realize that an apolitical life undermines individual and social flourishing

The Healing Enigma Robert Jaggs-Fowler,2018-11-20 The concept of the physician priest is an ancient one existing pre Christianity and historic references to the role can be found within the majority of religions and across all continents However despite a growing body of scientific evidence indicating the value of spirituality the 20th century medical profession within the Western world has placed religion at arm s length effectively excluding such discussion from the medical consultation Referring to both primary and secondary sources within theological medical legal historic and philosophical literature Robert puts forward an argument in support of a 21st century role for the physician priest He argues that if the physician can exercise the role of priest in addition to their medical role they can thereby truly minister to the whole person in terms of mind body and soul With consideration of modern NHS funding streams Robert suggests a radical proposal whereby the Church of England and medical educational institutions might combine to offer dual theological and medical training The result would establish a new breed of professional person ideally positioned in respect to the care of the elderly and those with terminal illness The Healing Enigma suggests that this not only assists with the provision of whole person care but also allows the Church to firmly re establish itself in the 21st century within its Christian healing tradition

The Routledge Companion to the Study of Religion John Hinnells,2009-09-10 The Routledge Companion to the Study of Religion is a major resource for courses in Religious Studies It begins by explaining the most important methodological approaches to religion including psychology philosophy anthropology and comparative study before moving on to explore a wide variety of critical issues such as gender science fundamentalism ritual and new religious movements Written by renowned international specialists this new edition includes eight new chapters including post structuralism religion and economics religion and the environment religion and popular culture and sacred space surveys the history of religious studies and the key disciplinary approaches explains why the study of religion is relevant in today s world highlights

contemporary issues such as globalization diaspora and politics includes annotated reading lists a glossary and summaries of key points to assist student learning

Maimonides Alberto Manguel, 2023-01-01 An exploration of Maimonides the medieval philosopher physician and religious thinker author of *The Guide of the Perplexed* from one of the world's foremost bibliophiles Moses ben Maimon or Maimonides 1138-1204 was born in Cordoba Spain The gifted son of a judge and mathematician Maimonides fled Cordoba with his family when he was thirteen due to Almohad persecution of all non-Islamic faiths Forced into a long exile the family spent a decade in Spain before settling in Morocco From there Maimonides traveled to Palestine and Egypt where he died at Saladin's court As a scholar of Jewish law a physician and a philosopher Maimonides was a singular figure His work in extracting all the commanding precepts of Jewish law from the Hebrew Bible and the Talmud interpreting and commenting on them and translating them into terms that would allow students to lead sound Jewish lives became the model for translating God's word into a language comprehensible by all His work in medicine which brought him such fame that he became Saladin's personal physician was driven almost entirely by reason and observation In this biography Alberto Manguel examines the question of Maimonides' universal appeal he was celebrated by Jews Arabs and Christians alike In our time when the need for rationality and recognition of the truth is more vital than ever Maimonides can help us find strategies to survive with dignity in an uncertain world

Chaucer's Comic Providence Janet Thormann, 2023 Chaucer's *Comic Providence* presents readings of five of Chaucer's *Canterbury Tales* that dramatize sexual division and the lack of rapport between the sexes These readings are founded on the psychoanalytic thinking of Jacques Lacan in his rereading of Freud and are motivated by Thormann's conviction that Chaucer understood what psychoanalysis would come to study as an unconscious operating in the subject that is independent of conscious control and desire For psychoanalysis the subject is interminably engaged with unconscious sexual difference and with what Lacan saw as the absence of sexual rapport Chaucer's *Comic Providence* analyzes Chaucer's plots of sexual adventures mishaps and surprise to show how the five tales dramatize the lack of symmetry and absence of accord between the sexes Ultimately Thormann's interest here is in the ways these five narratives represent and deal with sexual division in their means of handling what in any case cannot be avoided or mastered Consequently the resolutions of the narratives sponsor an ethics of desire they affirm sexual pleasure and acknowledge misprision and limitation but they do not compromise close down or finish with incompatibility contraction and limitation Her reading then claims that Chaucer's poetry already reveals the unconscious that Freud is credited with discovering As well Chaucer not only anticipates Lacan's pronouncement that the unconscious is structured like a language but also his emphasis on unconscious sexual difference and the absence of rapport between the sexes With few exceptions while there has been much consideration of gender in Chaucer's stories contemporary criticism of Chaucer has remained inimical or at the least largely indifferent to psychoanalysis yet because it considers both difference and continuity change and perpetuation and because it incorporates psychic processes motives functions and dynamics operating outside of

conscious awareness psychoanalysis offers a wider range for analysis of Chaucer's tales than does gender theory alone Chaucer's Comic Providence also addresses the unexpected surprising and providentially comic resolutions of Chaucer's tales the concomitant abeyance of sexual conflicts and the links between emergence and abeyance which issue in the hope of a beneficent future

Ethics of Evil Jon Mills, Ronald C. Naso, 2018-03-29 In today's world where every form of transgression enjoys a psychological motive and rational justification psychoanalysis stands alone in its ability to uncover the hidden motives that inform individual and social collective behaviour Both in theory and practice it bears witness to the impact of anonymity on the potential for perpetration especially when others are experienced as faceless disposable objects whose otherness is at bottom but a projection displacement and denial of our own interiority in short the evil within In keeping with this perspective Ethics of Evil rejects facile rationalizations of violence it also rejects the idea that evil as a concept is inscrutable or animated by demonic forces Instead it evaluates the moral framework in which evil is situated providing a descriptive understanding of it as a plurality and a depth psychological perspective on the threat it poses for our well being and ways of life In so doing it also fashions and articulates an ethical stance that recognizes the intrinsic link between human freedom and the potential for evil

Living On The Edge Jonathan Burke, 2014-01-26 This book addresses common doubts and concerns Christians have concerning God and the Bible including claims from the New Atheism disputes over Bible archaeology questions about the historical accuracy of the Bible questions about the original texts of the Old and New Testament questions about what the Bible really teaches concerning topics such as baptism heaven and hell satan and demons questions about the value and relevance of the Bible's moral and ethical teachings

Jung's Ethics Dan Merkur, 2017-05-12 This volume presents the first organized study of Jung's ethics Drawing on direct quotes from all of his collected works interviews and seminars psychoanalyst and religious scholar Dan Merkur provides a compendium of Jung's thoughts on various topics and themes that comprise his theoretical corpus from the personal unconscious repression dreams good and evil and the shadow to collective phenomena such as the archetypes synchronicity the psychoid the paranormal God and the Self as well as his contributions to clinical method and technique including active imagination inner dialogue and the process of individuation and consciousness expansion The interconnecting thread in Merkur's approach to the subject matter is to read Jung's work through an ethical lens What comes to light is how Merkur systematically portrays Jung as a moralist but also as a complex thinker who situates the human being as an instinctual animal struggling with internal conflict and naturalized sin Merkur exposes the tension and development in Jung's thinking by exploring his innovative clinical technical methods and experimentation such as through active imagination inner dialogue and expressive therapies hence underscoring unconscious creativity in dreaming symbol formation engaging the paranormal and artistic productions leading to expansions of consciousness which becomes a necessary part of individuation or the working through process in pursuit of self actualization and wholeness In the end we are offered a unique presentation of Jung's core theoretical and

clinical ideas centering on an ethical fulcrum whereby his moral psychology leads to a cure of souls Jung's Ethics will be of interest to academics scholars researchers and practitioners in the fields of Jungian studies and analytical psychology ethics moral psychology philosophy religious studies and mental health professionals focusing on the integration of humanities and psychoanalysis

Marsilius of Padua at the Intersection of Ancient and Medieval Traditions of Political Thought Vaileios Syros, 2012-12-31 This book focuses on the reception of classical political ideas in the political thought of the fourteenth century Italian writer Marsilius of Padua Vasileios Syros provides a novel cross cultural perspective on Marsilius's theory and breaks fresh ground by exploring linkages between his ideas and the medieval Muslim Jewish and Byzantine traditions Syros investigates Marsilius's application of medical metaphors in his discussion of the causes of civil strife and the desirable political organization He also demonstrates how Marsilius's demarcation between ethics and politics and his use of examples from Greek mythology foreshadow early modern political debates involving such prominent political authors as Niccol Machiavelli and Paolo Sarpi about the political dimension of religion church state relations and the emergence and decline of the state

Clinical Spinoza Ian Miller, 2022-04-21 Discovering Spinoza's early modern psychology some 35 years into his own clinical practice Ian Miller now gives shape to this connection through a close reading of Spinoza's key philosophical ideas With a rigorous and expansive analysis of Spinoza's Ethics in particular Miller explores how Spinozan thought simultaneously empowered the original conceptual direction of psychoanalytic thinking and anticipated the field's contemporary theoretical dimensions Miller offers a detailed overview of the philosopher's psychoanalytic reception from the early work of German language psychoanalytic thinkers such as Freud and Lou Andreas Salom forward into its Anglophone reception influencing both mid century humanistic American psychoanalysis as well as anticipating thinkers such as Bion and Winnicott Covering key concepts in psychoanalytic theory and clinical practice this book demonstrates how knowledge of Spinoza's philosophical work can help to both illuminate and improve modern psychoanalytic therapies

Imagination, Creativity and Spirituality in Psychotherapy Leanne Domash, 2020-09-28 The aim of this book is to awaken creative desire and expand the imagination of the psychotherapist and in turn her patient Each chapter is meant to surprise the reader and help him see the world in a new way Many varieties of imagination are explored the spiritual the relational the dreamworld the aesthetic and the adaptive The author offers space to reflect to daydream to remember space to pursue goals to make new connections space to take risks and space to be wrong The psychotherapist is encouraged to find her own voice be poetic dare to create converse with other disciplines and most especially enter the world of dreams This is all passed onto the patient as the dyad enters the intersubjective field Both scholarly and practical this volume elegantly and persuasively synthesizes for the first time research in many fields including spirituality and Kabbalah neuroscience the arts biology and artificial intelligence to give an in depth and original understanding of the current pressing problems in the rapidly changing field of psychotherapy how do we work with unconscious processes and early memories to help our patients become more

imaginative creative hopeful and resilient and in so doing heal The relationship between the body and creative imagination is fully explored as well as the disruptive effect of trauma on the imagination and how to address this The emphasis on surprise uncanny communication interdisciplinary inquiry use of dreamwork and the imagination of the body how it spontaneously meets new challenges all stimulate the creativity of the reader Through numerous case studies the author illustrates the practical implications of how this exploration allows for deeper understanding and more effective treatment With the innovative synthesis and specific techniques the author provides the clinician has tools to carry on the work of moving the field of psychotherapy forward as well as work ever more effectively with patients *Yearnings of the Soul* Jonathan Garb,2015-11-23

In *Yearnings of the Soul* Jonathan Garb uncovers a crucial thread in the story of modern Kabbalah and modern mysticism more generally psychology Returning psychology to its roots as an attempt to understand the soul he traces the manifold interactions between psychology and spirituality that have arisen over five centuries of Kabbalistic writing from sixteenth century Galilee to twenty first century New York In doing so he shows just how rich Kabbalah s psychological tradition is and how much it can offer to the corpus of modern psychological knowledge Garb follows the gradual disappearance of the soul from modern philosophy while drawing attention to its continued persistence as a topic in literature and popular culture He pays close attention to James Hillman s archetypal psychology using it to engage critically with the psychoanalytic tradition and reflect anew on the cultural and political implications of the return of the soul to contemporary psychology Comparing Kabbalistic thought to adjacent developments in Catholic Protestant and other popular expressions of mysticism Garb ultimately offers a thought provoking argument for the continued relevance of religion to the study of psychology *David R. Blumenthal: Living with God and Humanity* Hava Tirosh-Samuelson,Aaron W. Hughes,2014-07-24

David R Blumenthal is Jay and Leslie Cohen Professor of Judaic Studies at Emory University He has contributed greatly to the growth of Jewish Studies the place of Judaism in Religious Studies interreligious dialogue and the reframing of Judaism in light of the Holocaust postmodernism and poststructuralism For Blumenthal theology is an ongoing reflection about everything we believe and do in the context of the living tradition *Relating to God* , Dan Merkur,2013-11-21

In *Relating to God* Clinical Psychoanalysis Spirituality and Theism Dan Merkur conceptualizes religious discourse within psychoanalysis He proposes that God be treated as a transferential figure whose analysis leads to a reduction of the parental content that is projected onto God Merkur notes that religious conversion experiences regularly involve theological intuitions that are either rational or owing to morbid complications have undergone displacement into irrational symbolism Analysis renders the religiosity more wholesome Traditionally psychoanalytic thought has been dismissive of religion Freud is on record however as having called psychoanalysis a neutral procedure He argued that religion with its dependency on a providential God who punishes disobedience imagines spirituality on the model of human parents and fails to approach spirituality in an appropriately scientific manner He wrote little of spiritual phenomena but

mentioned both the rationality of the universe and the parapsychological occurrence of thought transference Occasionally later psychoanalysts used different language in order to contrast wholesome and morbid forms of religion Erich Fromm distinguished authoritarian and humanistic religions while D W Winnicott condemned fetishistic behavior while approving of playful illusions that require belief in These formulations constructed a middle position for clinicians neither categorically opposed to religion as classical psychoanalysis was nor do they embrace cultural relativity as spiritually oriented psychotherapists are currently advocating What sorts of spiritual practices does psychoanalysis find unobjectionable As examples of humanistic religion Fromm named Zen Buddhism Buddhist mindfulness meditation and the via negativa or way of negating that some Christian and Jewish mystics have followed Because the Bible based approaches are little known Merkur discusses their histories procedures and psychoanalytic understanding Inner Messiah, Divine Character Benjamin Yosef, 2014-07-29 Inner Messiah Divine Character encourages readers to deploy their imaginations in describing their lives as a confluence of narrative constructs to identify analyze and overcome obstacles and destructive patterns in both their personal and professional lives The book promotes a three point strategy to empower and to improve readers attitudes about their personal and professional struggles Drawing on the scholarship of Ancient Jewish mysticism and its influence on Freudian and Jungian analysis Inner Messiah Divine Character helps readers discover the Be within their Being to create new opportunities in the present motivates readers to perceive Beyond their limitations and ordinary expectations and encourages readers to strive for the superlative in their endeavors to achieve their Best Psychic Mimesis From Bible and Homer to Now Nathan M. Szajnberg, 2023-04-11 How did we develop our current views of inner life Psychic Mimesis From Bible and Homer to the Present Inner Life Over Time reaches back to Biblical and Homeric times then sweeps across over two millennia of Western literature to answer this question We discover that while there are discrete contributions from different eras cultures about inner life volition ego ideal superego development as a journey relatedness even the fact of innerness there are also at least three trends that have endured from the beginning of our literature and continue as ostinatos beneath each theme and variation of development These are emotions and our need to conceal and reveal secrets and attachment that is our ability to explore from a secure base This book takes us through the journey of discovery to arrive at our twenty first century sense of self and inner life We follow Auerbach s text Mimesis as a guide through the literature but add surprises such as Maimonides Guide to the perplexed or Rousseau s Confessions to arrive at the sense that while there are particularities to eras and cultures there is also something universal that resonates with us and endures

Entheogens and the Development of Culture John A. Rush, 2013-07-30 Entheogens and the Development of Culture makes the radical proposition that mind altering substances have played a major part not only in cultural development but also in human brain development Researchers suggest that we have purposely enhanced receptor sites in the brain especially those for dopamine and serotonin through the use of plants and fungi over a long period of time The trade off for lowered

functioning and potential drug abuse has been more creative thinking or a leap in consciousness Experiments in entheogen use led to the development of primitive medicine in which certain mind altering plants and fungi were imbibed to still fatigue pain or depression while others were taken to promote hunger and libido Our ancestors selected for our neural hardware and our propensity for seeking altered forms of consciousness as a survival strategy may be intimately bound to our decision making processes going back to the dawn of time Fourteen essays by a wide range of contributors including founding president of the American Anthropological Association s Anthropology of Religion section Michael Winkelman PhD Carl A P Ruck PhD Boston University professor of classics and an authority on the ecstatic rituals of the god Dionysus and world renowned botanist Dr Gaston Guzman member of the Colombian National Academy of Sciences and expert on hallucinogenic mushrooms demonstrate that altering consciousness continues to be an important part of human experience today Anthropologists cultural historians and anyone interested in the effects of mind altering substances on the human mind and soul will find this book deeply informative and inspiring

Getting the books **Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis** now is not type of inspiring means. You could not by yourself going with ebook deposit or library or borrowing from your associates to way in them. This is an enormously simple means to specifically acquire lead by on-line. Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis Introduction

In today's digital age, the availability of Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-

profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis books and manuals for download and embark on your journey of knowledge?

FAQs About Maimonides Cure Of Souls Medieval Precursor Of Psychoanalysis Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.
