Mainline Or Methodist Rediscovering Our Evangelistic Mission:

Mainline Or Methodist? Scott Thomas Kisker, 2008 Where do we go from here The dynamic history and identity of the United Methodist Church is lost among the pluralistic landscape in America today As a living organism the church can expect to evolve with the culture that surrounds it The problem according to lifelong member and author Scott Kisker is that the United Methodist Church seems to have lost its missional foundation as it climbed to mainline American Protestant church status Trying to be both mainline and Methodist is a deadly combination In fact it s a leading cause for the denomination s spiritual and numerical decline Kisker asserts Real Methodism declined because we replaced those peculiarities that made us Methodist with a bland acceptable almost civil religion barely distinguishable from other traditions writes Kisker Like the Israelites under the judges we wanted to be like other nations We no longer wanted to be an odd somewhat disreputable people And we have begun to reap the consequences So where do we go from here In his passionate yet critical review Kisker says we must reclaim the rich roots of salvation disciple making and witness that made the tradition so strong In Mainline or Methodist he reveals what s not working and unveils a vision for renewal that embodies the distinctive Wesleyan tradition of the apostolic and universal Christian faith Exploring Christian Mission Beyond Christendom: United

Methodist Perspectives Michael G. Cartwright, 2010 **Remembering Our Baptism** Philip R. Meadows, 2018-01-01

Drawing on the roots of early Methodists Philip Meadows urges readers to use the act of remembering their baptism to connect themselves to their own discipleship and mission This will result in the daily shaping of their Christian lives by personal and corporate spiritual discipline which is itself decidedly baptismal in character When church communities of every size remember their baptism they hold one another accountable for the life of disciplined discipleship and everyday witness A great resource for small group study and clergy Making Disciples in a World Parish Paul W.

Chilcote, 2011-04-01 In this collection of inspirational and challenging essays Methodists from around the globe reflect on the practice of disciple making in their own contexts From their own perspectives they address questions like What are the challenges you face What biblical images shape your missional practice What examples of Christian authenticity inspire your communities What gifts related to mission and evangelism do you offer the global community of faith Churches on every continent have their own stories of struggle and faithfulness Indeed each distinct community within any given region has a voice of its own that deserves to be heard The voices included in this volume belong to women and men alike Likewise they resound with the accents of Africa and Asia Latin and North America Europe and Oceania Each voice is distinct but all articulate a vision of faith made effective through love In a world characterized variously by poverty and violence as well as prosperity and peace the church must reclaim its central mission to make disciples of Jesus Christ In their effort to articulate a vision of mission and evangelism the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another To be the ambassadors of the gospel we need each other and we need to pay attention to the

voices that sound different from our own This volume takes a large step in that vital direction *Guidelines for Leading Your Congregation 2013-2016 - Lay Leader/Lay Member* General Board Of Discipleship,2012-11-01 The Lay Leader and Lay Member to Annual Conference are key roles in linking the vision and plan of the congregation with the ministry of the Annual conference and in nurturing cooperation and coordination of the pastor and congregation in leadership These two roles are complementary yet there are responsibilities unique to each role The greatest distinction is the connections they forge with and on behalf of the congregation The lay leader has a primary focus in linking the local church and community The lay member of annual conference has a primary focus in linking the local church to the connectional United Methodist Church and God s worldwide church This is one of the twenty six Guidelines that cover church leadership areas including Church Council and Small Membership Church the administrative areas of Finance and Trustees and ministry areas focused on nurture outreach and witness including Worship Evangelism Stewardship Christian Education age level ministries Communications and more To see a full list of Guidelines search by typing keywords Guidelines for Leading Your Congregation 2013 2016 and click search **Religious Leadership** Sharon Henderson Callahan,2013-05-20 This 2 volume set within The SAGE Reference Series on Leadership tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths Features Benefits By focusing on key topics with 100 brief chapters we provide students with more depth than typically found in encyclopedia entries but with less jargon or density than the typical journal article or research handbook chapter Signed chapters are written in language and style that is broadly accessible Each chapter is followed by a brief bibliography and further readings to guide students to sources for more in depth exploration in their research journeys A detailed index cross references between chapters and an online version enhance accessibility for today s student audience **The Great CoMission** Brooks St. Clair Morton,2012-11-02 This book presupposes that pastors and seminarians deeply desire to answer the question of all questions how do I make disciples of Jesus Christ The Great CoMission Making Sense of Making Disciples is a helpful guide for pastors in the field yet meaty enough for seminarians in the classroom In The Great CoMission readers will encounter useful principles for discipleship and solid biblical theology for ministry This unique book approaches the Great Commission from a rite of passage framework therefore allowing for serious consideration of the internal mechanisms of Matthew 28 16 20 by focusing on the relationship between initiation instruction and Jesus promise to be with the church to the end of the age Morton writes from a Wesleyan cross cultural and missiological perspective avoiding the popular method of using the Great Commission merely as a holy launching pad for retelling the story of a mega church *Guidelines for Leading Your Congregation 2013-2016 (Set of 26)* General Board Of Discipleship,2012-11-01 The Guidelines booklets one for each ministry

Christian Mission Paul Everett Pierson,2009 In this text Paul E Pierson Dean Emeritus of the School of Intercultural Studies at Fuller Theological Seminary guides the reader through a missiological view of history from Christ to the present Pierson particularly highlights the contexts by which the biblical faith moved into new and different cultures Today the Christian faith is the most geographically and culturally diverse worldwide movement that exists Paul E Pierson s book illuminates how this amazing fact has come about and how the trend will continue Sign up for the WCIU Press newsletter to be notified about new books from this author and more <http://eepurl.com/rB15L> *The Study of Evangelism* Paul W.

Chilcote,Lacey C. Warner,2008-02-13 Christians and communities of faith today are rediscovering evangelism as an essential aspect of the church s mission Many of the resulting books in the marketplace however have a hands on orientation often lacking serious theological engagement and reflection Bucking that how to trend The Study of Evangelism offers thirty groundbreaking essays that plumb the depths of the biblical and theological heritage of the church with reference to evangelistic practice Helpfully organized into six categories these broad diverse writings lay a solid scholarly foundation for meaningful dialogue about the church s practice of evangelism **Renovate Or Die** Bob Farr,Kay Kotan,2011 Bob Farr

asserts that to change the world we must first change the Church Rearranging the pews painting the fellowship hall or paving the parking lot are just not enough With clear language and practical tips this book will inspire and help you organize your church for new life Learn how to grow your church and discover the commitments that leaders must make to guarantee the fruitfulness of local congregations Book Jacket **Back to Zero** Gil Rendle,2012-02-01 The lifeblood of the United

Methodist is passion rather than organizational neatness entrepreneurial freedom rather than denominational restraint and agility rather than staid institutional dependence But if United Methodists want to change and be the church we say we want to be what must we risk and how can we challenge current practices At the heart of becoming a spiritual movement once again is the requirement that we develop a new understanding of connection as Christians and as United Methodists We are

currently at a time in which United Methodists are reinventing denominational connectionalism One way of framing the issue is to distinguish between members and disciples or consumers those who wait for the institution to care for their needs and citizens those who are willing to commit themselves to and be held accountable for the whole of the community United Methodism has nurtured generations of leaders and congregations that see themselves as consumers of the resources and attention of the denomination The impulse toward movement is challenging spiritually purposeful leaders and congregations to risk becoming citizens who fully expect to make a difference in the lives of individuals and also in the world through an encounter with Christ

Rediscovering the Holy Spirit Michael Horton, 2017-04-25 For the Spirit being somewhat forgotten is an occupational hazard The Holy Spirit is so actively involved in our lives that we can take his presence for granted As they say familiarity breeds contempt Just as we take breathing for granted we can take the Holy Spirit for granted simply because we constantly depend on him Like the cane that soon feels like an extension of the blind man's own body we too easily begin to think of the Holy Spirit as an extension of ourselves Yet the Spirit is at the center of the action in the divine drama from Genesis 1:2 all the way to Revelation 22:17 The Spirit's work is as essential as the Father's and the Son's yet the Spirit's work is always directed to the person and work of Christ In fact the efficacy of the Holy Spirit's mission is measured by the extent to which we are focused on Christ The Holy Spirit is the person of the Trinity who brings the work of the Father in the Son to completion In everything that the Triune God performs this perfecting work is characteristic of the Spirit In *Rediscovering the Holy Spirit* author pastor and theologian Mike Horton introduces readers to the neglected person of the Holy Spirit showing that the work of God's Spirit is far more ordinary and common than we realize Horton argues that we need to take a step back every now and again to focus on the Spirit himself his person and work in order to recognize him as someone other than Jesus or ourselves much less something in creation Through this contemplation we can gain a fresh dependence on the Holy Spirit in every area of our lives

Missiology, 1982 An international review

Quietly Courageous Gil Rendle, 2018-11-21 The changing dynamics of contemporary church life are well known but what's less well known is how leaders can work most effectively in this new context In *Quietly Courageous* esteemed minister and congregational consultant Gil Rendle offers practical guidance to leaders both lay and ordained on leading churches today Rendle encourages leaders to stop focusing on the past and instead focus relentlessly on their mission and purpose what is ultimately motivating their work He also urges a shift in perspectives on resources discusses models of change and offers suggestions for avoiding common pitfalls and
