Make Matter Surprising Leading Transformation:

Leading Transformation Nathan Furr, Kyle Nel, Thomas Zoega Ramsøy, 2018-10-16 New Tools to Overcome the Human Barriers to Change Leaders know that their job is to transform their organizations to keep pace with technology and an ever changing business environment They also know that they are bound to fail in doing so But this discouraging prospect is not because they won't be able to solve a technological or strategic problem Leaders will fail because of intractable human responses associated with change responses such as fear ingrained habits politics incrementalism and lack of imagination These stumbling blocks always arise when we humans are faced with change but what if we had a way to transcend them This book reveals a radical new method for doing just that Written by the executive who designed and implemented it the neuroscientist who helped make it work and the academic who explains why it works and how to do it *Leading Transformation* introduces an innovative yet proven process for creating breakthrough change Divided into three steps envisioning the possible breaking down resistance and prototyping the future this process uses cutting edge tools such as science fiction cartoons rap music artifact trails and neuroprototypes to overcome people's inability to imagine or react to what doesn't yet exist override powerful habits and routines that prevent them from changing and create compelling narratives about the organization's future and how to get there Showing how these tools have been used successfully by companies such as Lowe's Walmart Pepsi IKEA Google Microsoft and others the process revealed in this book gives leaders the means to transcend the human barriers that block change and lead their organizations confidently into the future

Leading Transformations Gitte Jakobsen, 2023-12-11 The world and its business environments are in a state of constant change The reality today is that organizations and their leaders are faced with increasingly daunting demands for change and unless they build organizations that can keep pace with these fast changing environments it will be a challenge simply to survive while at the same time continuing to thrive and embrace uncertainty and disorder One effective example of a world renowned company that survived an existential crisis to become one of the most iconic companies in the world The LEGO Group In *Building a Global Learning Organization* CRC Press 2014 the authors showed how to develop and implement a global structure for learning based on the TWI Training Within Industry methods In that book you learned how the LEGO Group worked on business transformation through changes in organizational learning systems including new ways of working and other Lean transformational initiatives Great organizations have used that book as a benchmark for global and national rollouts of TWI programs and standard work initiatives In this book you get inspiration on how the LEGO Group met these challenges by developing and implementing a framework for transformations to create a common approach to designing leading and anchoring change in an effective and impactful way You get insights into the journey which began by designing the LEGO Way of Change the process of testing the approach in a bigger transformation which based on pilot learnings was implemented in transformational initiatives This book outlines some of the approaches that the LEGO Group

implemented in order to ensure change would be both successfully implemented and sustained including in depth guides on impactful interventions with both leaders and people in the organization The author discusses personalizing and navigating change as well as designing change in the organization and measuring its impact You will continue learning more from specific real life case studies from business leaders focused on different kinds of transformation from reshaping functional teams to optimizing lead time through improved ways of working When it comes down to it change is about the people side of the equation It is easy to change strategy process or technology but it is harder to change individuals people and their behaviors This book will provide inspiration and guidance on how to bring the people side of change into play in an effective and impactful way

The Leadership Contract Vince Molinaro, 2017-11-20 Step up get tough and commit to your decision to lead The Leadership Contract provides the manual that leaders around the world need With only seven percent of employees feeling confident in senior leadership the problem is evident disappointing and often disgraceful leaders Employees deserve better than that organizations need better than that and this book provides a robust framework for stepping up and making the decision to lead This new third edition has been updated featuring a new foreword by Adecco CEO Alain Dehaze new findings from the Global Leadership Accountability Study and more insights to help you chart your own path to build strong leadership accountability at a personal and organizational level Great leadership doesn't happen by accident It's more than just being in charge it's a decision an obligation and potentially your legacy Mediocre is no longer good enough in today's business climate organizations need stellar leadership If you're not exceptional step up or step aside this book helps you toughen up and put your commitment to great leadership in writing for yourself as much as everyone else Learn how a leadership contract is vital for truly accountable leadership Discover the mindset and practices needed to be a deliberate and decisive leader Communicate to inspire motivate and drive high performance Become the leader your organization needs today and into the future Leadership is not a birthright not an accident and not for everyone It is the only differentiator between an organization's success and failure and it has been entrusted to you Can you step up to the challenge Can you execute strategy while inspiring peak performance nurturing top talent managing complexity creating value conquering uncertainty and yes developing new leaders Put your name on the line literally by drawing up a contract for leadership accountability The Leadership Contract provides a proven and practical framework used by companies and leaders around the world Join them and take your leadership to next level
