Researching

Gender Violence Tina Skinner, Marianne Hester, Ellen Malos, 2013-01-11 In this edited collection leading authors in the field draw on their experience to address key methodological questions and challenges that have arisen from the recent proliferation of research projects and government funded initiatives on violence against women Topics include evaluation research and feminist methodology using quantitative and qualitative approaches ethics safety and access in sensitive research interviewing practitioners perpetrators policy makers and survivors including children women and young people utilising discourse analysis to interpret data undertaking cross national and comparative research practical guidelines for practitioners academics wishing to consult with women survivors gearing research to facilitate positive change in policy and practice and using the media for dissemination increased focus on gender related violence politically and academically this book addresses head on the complex methodological issues involved leading experts in the field as contributors **The**

Public Child Camilla Nelson, Denise Buiten, Jodi Death, 2025-10-10 This edited book examines the cultural construction of the public child and its impact on children's rights in Australia The public child refers to a real child or groups of children whose lives have attracted media attention either because concerns have been raised about their safety or because they have been identified as threats to others Positioned at the intersection of media politics and policymaking this collection explores how in an increasingly mediatized political landscape discursive constructions of the public child shape state responses exerting a logic of control and silencing Amid international debates on child social media bans and increasingly punitive justice systems this timely work will appeal to scholars of family and youth sociology criminology media and gender studies and education as well as journalists and legal practitioners specializing in children's rights The book includes five sections Media and Regulatory Theatre Domestic Family and Sexual Violence Justice Systems Sex and Gender and Speaking Out and Listening In The final section focuses on how children exercise agency and express their perspectives and how adults can serve as allies to them **Rights, Gender and Family Law** Julie Wallbank, Shazia Choudhry, Jonathan Herring, 2009-12-04 There has been

a widespread resurgence of rights talk in social and legal discourses pertaining to the regulation of family life as well as an increase in the use of rights in family law cases in the UK the US Canada and Australia Rights Gender and Family Law addresses the implications of these developments and in particular the impact of rights based approaches upon the idea of welfare and its practical application There are now many areas of family law in which rights and welfare based approaches have been forced together But whilst to many they are premised upon different ethics respectively of justice and of care for others they can nevertheless be reconciled In this respect a central concern is the gender blind character of rights based approaches and the ontological and practical consequences of their employment in the gendered context of the family Rights Gender and Family Law explores the tensions between rights based and welfare based approaches explaining their differences and connections considering whether if at all they are reconcilable and addressing the extent to which they can advantage or disadvantage the interests of women children and men It may be that rights based discourses will dominate

family law at least in the way that social policy and legislation respond to calls of equality of rights between mothers and fathers This collection however argues that rights cannot be given centre stage without thinking through the ramifications for gendered power relations and the welfare of children It will be of interest to researchers and scholars working in the fields of family law gender studies and social welfare

Violent Fathering and the Risks to Children Lynne Harne, 2011 This text focuses on violent fathering and discusses research in the context of domestic violence It examines fathers' perceptions of their domestic violence and its impact on children their relationships with children and their parenting practices It also recommends ways that policy and practice can be improved
