Plain-English Study Guide for the FCC Amateur Radio General Class License, Richard P. Clem, 2012-04-18. This is a study guide to help you pass the FCC test for the General Class Amateur Ham Radio license. Even if you have very little background in radio or electronics, you will be able to pass the test by using this guide. This book assumes that you have already passed the test for the entry level Technician license. If you haven't, there is a separate Plain English guide for that exam. All of the concepts are explained in the most basic terms, and each section of the book is followed by the actual questions you will see on the test. When you are finished with this book, you will be able to pass the test. **Ham Radio Exam Prep**, Ham Radio Team, 2019-12-06. Are you looking for enough practice and theory to pass the test with a great score? Have you tried shorter books and found them lacking? Look no further; this guide was designed to help students pass their

exams the first time How is this guide different from others This is a complete guide It describes every topic in detail and also includes 100 test questions and answers

The Fast Track to Mastering Technician Class Ham Radio Math

Michael Burnette, 2019-04-19 Covers FCC Technician Class Exam Questions in use from July 1 2018 until June 30 2022 From the award winning author of the best selling Fast Track Ham License Series Don't let a few math problems stop you from enjoying the great hobby of amateur radio The questions in the question pool for the FCC Technician Class Amateur Radio license include questions about conversions of electronic units in the metric system numerous Ohm's Law and Joule's Law problems frequency to wavelength conversions and wavelength to frequency conversions The math is quite straightforward but if all the language and concepts of electronics are new to you it can all be a bit baffling If that's you this is the workbook for you Each problem that can be on the exam is completely solved with step by step instructions We've color coded every value to help you follow it through the solutions We even tell you precisely which buttons to push on which calculator to make the answer appear While all the math problems in the question pool are covered in the full license program *The Fast Track to Your Technician Class Ham Radio License* this workbook provides extra practice and explanation for those of us like the author who needed a boost in our math skills to get our licenses The program was co designed by Michael Burnette AF7KB the author of the popular Fast Track ham radio license programs and his wife Kerry Burnette KC7YL a math and science teacher with years of experience in making math come alive for students Beyond learning how to hammer the exam you'll have a solid grounding in the fundamentals of math for electronics knowledge that will serve you well in the hobby and when you decide to take the step up to your General Class license If you're a person who struggled with math in the past if you suspect you don't have the math gene even if you don't know Ohm's Law from Home on the Range if you can push the buttons on a calculator this course will have you confidently solving those equations like a pro in just a few hours This course doesn't just teach you the math it teaches you how to learn the math Note This workbook is an adjunct to *The Fast Track to Your Technician Class Ham Radio License* book and audio it provides additional training on the required math and does not cover the entire question bank of 400 questions While the exercises can be completed on any calculator it provides specific key by key instructions for the affordable and widely available Texas Instruments TI 30XS calculator
