Abraham Father of Atheism Mohammed Musa, 2015-07-30 Dear non believer I like that when the infuriating alarm clock yells Wake up theres a challenge waiting for you today rousing you from a pleasant dream you do not smash it You simply slap the off button and head to work Lets establish this Your boss doesnt care how you view your alarm clock He or she only cares that you show up at work on time with a smile on your face Saying Scientists have figured it out There is no god and there is no need for one is common nowadays to counter Christians Muslims and Jews who turn up saying Wake up atheist Theres a challenge waiting for you in the afterlife Unfortunately that response can be illogical Ask any scientist Is the scientific community sure there is no creator and the likely answer will be No we are only about 99% sure Anyone could be wrong as Richard Dawkins said The common response makes you a 1% gambler and frames you as defending personal conclusions instead of facts It makes sense to defend statements such as that DNA decides biological characteristics such as eye and skin color and that chimps are our biological cousins because these are facts However defending the statement There is no creator after reading Adams story has nothing to do with defending facts The only fact in the Adam story is that if we have a creator he paid no attention to science while introducing himself to our ancestors Instead he preferred to focus on teaching them how to overcome the challenges of life There are atheists who believe in science but do not use it as the base of their arguments they say We dont care when there is no evidence Be careful using this kind of reasoning It is true that sometimes the problem is that there is no evidence But sometimes the problem is that there is no desire to see the evidence There is a story about a police officer who released a murderer despite having video of him committing the crime What was the officers rationale for dismissing the evidence you might ask It was

made by the victim Maybe the difference is little between the police officer and atheists who label the books in which the Abraham story and the Mary story are written as man made rather than possible evidence or product of divine intervention The troubling situation if youll allow me to call it so is easy to solve Do you remember what we established about your boss Think about it The creator if he does exist should not be less understanding or less open minded than your boss So what if you view todays Christians Muslims and Jews as infuriating alarm clocks What you should care about is leaving this world with a wide confident smile similar to the smile of a confident employee when he or she says Good morning to their colleagues and boss I am aware that you dont deem books worth reading unless their titles are such as God Is Not Great or God Is So Bad but I kindly ask you to make an exception I want to draw that confident smile on your face Considering the ignorance of contemporary Christians Muslims and Jews nothing should be easier than drawing that smile Always remember that there is 1% probability that a creator does exist It is not good form for you to look disoriented if the Creator says to you Okay numb skull I appreciate your refusal to be a Christian a Muslim or a Jew but tell me Why did you think I was less understanding and open minded than your boss Have I not made from an atheist a role model for you What more did you want from me Also tell me why you have released me although I left in your hands books in which I admitted committing crimes against your kind

Bloomsbury Handbook of Religious Ecstasy Alison Marshall, Rubina Ramji, Michael Wilkinson, 2025-03-20 Why do people seek a connection to something beyond the social dimensions of the world Ecstatic experiences are often labelled religious spiritual mystical or even sacred However ecstasy is not just extraordinary for many people throughout the world it is an ordinary part of daily life The Handbook highlights the diverse individuals who have experienced ecstasy in the past and present from ordinary people to mystics pastors healers spirit mediums and urban neo therapeutic shamans Chapters show that ecstasy may be experienced during trance possession prayer and even through the use of drugs such as soma peyote ayahuasca ibogaine mushrooms LSD and other substances While institutional expressions of religion may be on the decline experiences of religious ecstasy and interactions among living people and gods saints angels and demons individually and collectively are happening everywhere occurring at home online in the community and through prayer dance song possession and the ingestion of drugs Ecstatic religious experience as this handbook shows provides meaning belonging and for some profit in the late capitalist marketplace

Human Perfection, Transfiguration and Christian Ethics Robin Gill, 2024-05-16 Most people would agree that human perfection is unattainable Indeed theologians have typically expressed ambivalence about the possibility of human perfection Yet paradoxically depictions of human perfection are widespread In this volume Robin Gill offers an interdisciplinary study of human perfection in contemporary secular culture He demonstrates that the language of perfection is present in church memorials popular depictions of sport food music and art liturgy and philosophy He contrasts these examples with the socio psychological concept of maladaptive perfectionism using commercial cosmetic surgery as an example as well as the adaptive

perfectionism suggested in the lives of Henry Holland Paul Farmer and more ambivalently Ludwig Wittgenstein Gill then provides an in depth analysis of New Testament and Septuagint usage of teleios and theological debates about the human perfection of Jesus He argues that the Synoptic accounts of the Transfiguration offer a template for a Christian understanding of perfection that has important ecumenical implications within social ethics Educating the Muslims of America Yvonne Y Haddad, Farid Senzai, Jane I Smith, 2009-02-26 Especially since the events of 9 11 many have become concerned about what kind of teaching is going on behind the walls of Muslim schools in America and whether such teaching might serve to foster the seditious purposes of Islamist extremism The essays collected in this volume look behind those walls and discover both efforts to provide excellent instruction following national educational standards and attempts to inculcate Islamic values and protect students from what are seen as the dangers of secularism and the compromising values of American culture Also considered here are other dimensions of American Islamic education and the ways in which Muslims are rising to the task of educating the American public in the face of increasing hostility and prejudice This timely volume is the first dedicated entirely to the neglected topic of Islamic education in this country **A Student's Guide to A2 Religious Studies for the Edexcel Specification** Peter Freeman, 2003
